Son Of Man In The Teaching Of Jesus:

The Son of Man in the Teaching of Jesus A. J. B. Higgins, 2005-08-22 This study concludes that the concept of the Son of Man originated in the Jesus preaching The Son of Man in the teaching of Jesus Angus John Brockhurst Higgins, 1980

A Source Book for the Study of the Teaching of Jesus in Its Historical Relationships Ernest DeWitt Burton, 1924 **The Son of Man** Gross Alexander, 1899 **A Theology of the New Testament** George Eldon Ladd, 1993-09-02 Ladd's magisterial work on New Testament theology has well served scores of seminary students since 1974 Now this comprehensive standard evangelical text has been carefully revised by Hagner to include an update of Ladd's survey of the history of the field of New Testament theology an augmented bibliography and an entirely new subject index Jesus, Son of Man Barnabas Lindars, 1984 **The teaching of Jesus** Robert Forman Horton, 1895 The Point of It All J.C.

O'Neill, 2019-05-21 The atheism of modern thought is based on irrational assumptions First century Jews expected a suffering Messiah Jesus knew it was he Jesus birth and resurrection in history The point of the parables The point of Christology The historical grounds for scepticism about Christian claims concerning Jesus Christ rely on misreadings of the Bible In a series of original essays the author issues a formidable challenge to many of the presuppositions of modern theology *The Son of Man* Gross Alexander, 1900 **The Expression 'Son of Man' and the Development of Christology** Mogens Müller, 2008

Son of Man is practically the only self designation employed by Jesus himself in the gospels but is used in such a way that no hint is left of any particular theological significance Still during the first many centuries of the church the expression as it was reused was given content first literally as signifying Christ's human nature Later Son of Man was thought to be a christological title in its own right Today many scholars are inclined to think that in an original Aramaic of an historical Jesus it was little more than a rhetorical circumlocution referring to the one speaking Mogens Müller's *The Expression Son of Man and the Development of Christology A History of Interpretation* is the first study of the Son of Man trope which traces the history of interpretation from the Apostolic Fathers to the present concluding that the various interpretations of this phrase reflect little more than the various doctrinal assumptions held by its interpreters over centuries *The Son of Man in Myth and History* Frederick Houk Borsch, 2007-03-01 Borsch has not answered all the questions of course Who can But his view of the Man tradition makes more sense to me than for example Perrin's rather cavalier dismissal of the evidence and it not only enlightens but also enlivens the discussion As against the extreme skeptics Borsch is also convincing to me in arguing the case for a large measure of authenticity in the Son of man tradition in the Gospels If the proof of the pudding is in the eating the book constantly calls me back to its pages for insight regarding the problem both in its historical dimension and in its bearing upon the meaning of Jesus of Nazareth for faith today Theology The author is well aware of the difficulties involved in entering a field wherein so much investigation has been done And of this with the positive and negative conclusions he gives an excellent survey crisp and critical The lines opened up will engage the attention of a new and more positive chapter

in the form critical argument London Quarterly and Holborn Review Matthew Frederick Dale Bruner,2007 Drawing on great church teachers through the centuries and on the classical Christian creeds and confessions this book asks both what Matthew s Gospel said to its first hearers and what it says to readers today It shows how the focus of Matthew shifts from Jesus teaching about who he is to teaching mainly about what his church is **From Jesus to Christ** Paula Fredriksen,2008-10-01 Magisterial A learned brilliant and enjoyable study G za Verm s Times Literary Supplement In this exciting book Paula Fredriksen explains the variety of New Testament images of Jesus by exploring the ways that the new Christian communities interpreted his mission and message in light of the delay of the Kingdom he had preached This edition includes an introduction reviews the most recent scholarship on Jesus and its implications for both history and theology Brilliant and lucidly written full of original and fascinating insights Reginald H Fuller Journal of the American Academy of Religion This is a first rate work of a first rate historian James D Tabor Journal of Religion Fredriksen confronts her documents principally the writings of the New Testament as an archaeologist would an especially rich complex site With great care she distinguishes the literary images from historical fact As she does so she explains the images of Jesus in terms of the strategies and purposes of the writers Paul Matthew Mark Luke and John Thomas D Evelyn Christian Science Monitor

The Son of Man Problem: Critical Readings Benjamin E. Reynolds,2018-03-22 The Son of Man sayings are some of the most contested sayings in the Gospels They preserve a phrase employed by Jesus to refer to himself yet the meaning of the saying in its various contexts has been hotly debated for centuries Some identify allusions to other literature in the bible including the book of Daniel Others see it as simply being a strange rendering in Greek of an Aramaic phrase that was relatively commonplace The history of research on these sayings is here presented by Benjamin E Reynolds in a volume of critical readings which provides access to over 50 years of scholarly research These essays and articles include the most often cited articles that address the various aspects of the Son of Man debate In addition to these most well known pieces Reynolds includes carefully selected additional essays that allow readers to trace different developments in the debate and to provide an entry into the waters of the Son of Man Problem and the numerous solutions that have been offered Each section features an introduction and a section of annotated further readings Unpacking John 1 Julie Guggino,2015-01-07

Unpacking John 1 was conceived at my kitchen table I had just finished an intense study the previous morning Feeling somewhat aimless that morning I said to myself It s been a while since I studied one of the gospels Guess I ll read John Two and a half years later I finished John 1 The first chapter of John s gospel starts in the beginning and concludes with a picture of heaven opening That struck me as significant As I explored what was contained between the beginning and the end I was stunned to count seventeen themes in just that one chapter Unpacking John 1 is a topical study of the seventeen themes I discovered that morning while eating breakfast As I wrote I envisioned three primary audiences people who were curious about the Bible and wanted an overview of some of its important themes people who were interested in studying John 1 and

pastors and teachers preparing to teach about John's gospel or any of the themes found in John 1. What sets this book apart from other studies of John 1 is that the scriptures themselves become the commentary for the topics. Each theme is a chapter: Creation and the Word, Life, Light and Darkness, John the Baptist and His Message, Children of God, Glory, The One and Only, Grace, Truth, Lamb of God, Baptism, The Holy Spirit, Following the Rabbi, The Messiah, The Law and the Prophets, The Son of God, The King of Israel, and Open Heaven.

Revelation Gerald L. Stevens, 2014-05-08 This three part study covers the history of interpretation, theological foundations and exegesis. Copious illustrations from the author's worldwide travels enhance discussion of Rome's emperors, empire and ideology as the premier horizon for understanding John's immediate context and meaning. Distinctive contributions include Stevens's effort to re-canonize Revelation by insisting on gospel concord, methodically interpreting all of Revelation through the lens of the seven churches and showing how Revelation's imagery consistently relates more to the incarnation than the Parousia. Stevens bypasses traditional millennial options to argue that Revelation is passion millennial: the passion of Jesus predicates the passion of the church. Under Stevens's hands, Revelation becomes eminently sensible to the original audience and powerfully pertinent for today's church.

Penetrating God's World with the Gospel of Christ Bennie Simmons, 2019-02-20 This book is dealing with subjects that are seldom discussed but are needed for the church to grow in number. Discipleship is important, but first we must lead the person to Christ with the right message. That message is found in the book of Acts. The essence of the Gospel was and is today in three parts: One is the person of Christ found in the four Gospels; Two is the death of Christ, again found in the four Gospels; And thirdly is the resurrection of Christ. Number three being the most neglected part of the Gospel presentation. If we follow the messages by Paul and Peter in the book of Acts, we will see that all three elements are included. We discuss how Satan has tricked and fooled us by his slick presentation as concerning the Gospel of Jesus Christ. We teach how one person can lead many to Christ before we stand at the judgement seat of Christ. This book will change you.

Dreams, Visions, Imaginations Jens Schröter, Tobias Nicklas, Armand Puig i Tàrrach, 2021-02-08 The contributions in this volume are focused on the historical origins, religious provenance and social function of ancient Jewish and Christian apocalyptic literature, including so-called Gnostic writings. Although it is disputed whether there was a genre of apocalyptic literature, it is obvious that numerous texts from ancient Judaism, early Christianity and other religious milieus share a specific view of history and the world to come. Many of these writings are presented in form of a heavenly, divine revelation mediated through an otherworldly figure like an angel to an elected human being who discloses this revelation to his recipients in written form. In different strands of early Judaism, ancient Christianity as well as in Gnosticism, Manichaeism and Islam, apocalyptic writings played an important role from early on and were produced also in later centuries. One of the most characteristic features of these texts is their specific interpretation of history based on the

knowledge about the upper divine realm and the world to come Against this background the volume deals with a wide range of apocalyptic texts from different periods and various religious backgrounds **The Systematic Bible teacher** ,1874
