The Song Remains the Same Andrew Ford, Anni Heino, 2019-12-02 An illuminating history of the song for every kind of music lover Often today the word song is used to describe all music A free jazz improvisation a Hindustani raga a movement from a Beethoven symphony apparently they re all songs But they re not From Sia to Springsteen Archie Roach to Amy Winehouse a song is a specific musical form It s not so much that they all have verses and choruses though most of them do but that they are all relatively short and self contained they have beginnings middles and ends they often have a single point of view message or story and crucially they unite words and music Thus a Schubert song has more in common with a track by Joni Mitchell or Rihanna than with one of Schubert s own symphonies *The Song Remains the Same* traces these connections through seventy five songs from different cultures and times love songs anthems protest songs
