Sri Lanka Third World Democracy

Lionel Caplan

Sri Lanka Third World Democracy:

Revival: Ethnicity and Governance in the Third World (2001) Pita Ogaba Agbese, 2017-07-12 This title was first published in 2001. Written by an outstanding international group of researchers focusing on ethnic conflict, this refreshing analysis provides practical and effective policy options for the people of the Third World. The Political Economy of Ethnic Conflict in Sri Lanka Nikolaos Biziouras, 2014-03-26 At the point of independence in 1948, Sri Lanka was projected to be a success story in the developing world. However, in July 1983, a violent ethnic conflict which pitted the Sinhalese against the Tamils began and did not come to an end until 2009. This conflict led to nearly 50,000 combatant deaths and approximately 40,000 civilian deaths, as well as almost 1 million internally displaced refugees and to the permanent migration abroad of nearly 130,000 civilians. With a focus on Sri Lanka, this book explores the political economy of ethnic conflict and examines how rival political leaders are able to convince their ethnic group members to follow them into violent conflict. Specifically, it looks at how political leaders can influence and utilize changes in the level of economic liberalization in order to mobilize members of a certain ethnic group and in the case of Sri Lanka shows how ethnic mobilization drives can turn violent when minority ethnic groups are economically marginalized by the decisions that the majority ethnic group leaders make in order to stay in power. Taking a political economy approach to the conflict in Sri Lanka, this book is unique in its historical analysis and provides a longitudinal view of the evolution of both Tamil and Sinhalese ethnic drives. As such, this interdisciplinary study will be of interest to policy makers as well as academics in the field of South Asian studies, political science, sociology, development studies, political economy, and security studies. Democracy Roland N. Stromberg, **Third World Democratization?** Svend Erik Lindberg-Hansen, 1994 *Democracy: A Short, Analytical History* Roland N. Stromberg, 2015-02-11 This text sums up the democratic experience in modern Western civilisation. It defines the term and notes the confusions in it and its changing meanings over the past two centuries or so. It records criticisms and is especially concerned with the conditions that are necessary for it to exist. This encompasses a comprehensive literature which the author seeks to summarise and present to the reader in accessible form. It is appropriate material for course reading in Western civilisation, intellectual history, political thought, and philosophy. **Events That Formed the Modern World** Frank W. Thackeray, John E. Findling, 2012-05-31 This comprehensive five-volume set contains readable essays that describe and interpret the most important global events since the European Renaissance, some accompanied by related document excerpts and primary source materials. What were the effects of the Age of Exploration on today's ethnic groups and social structure? How did the development of moveable type pave the way for Facebook and Twitter? Why is the Reformation so critical for understanding today's religious controversies? This set will help readers answer these questions by exploring the most significant historical events of the modern world. This five-volume set covers times from the Renaissance to the present. Each volume focuses on a specific historic period and examines 12 events within those time frames that changed the world. Each

entry provides an introduction that lays out factual material in a chronological manner an in depth essay interpreting the event s significance and an annotated bibliography of the most important current works on the topic Select entries are followed by primary sources pertaining to the event under consideration such as diary entries Targeted to both general readers as well as entry level university students this book also directly supports high school and undergraduate curricula allowing students to identify and contextualize events in order to think critically about their causes aftermath and legacy

Israel's Quest for Recognition and Acceptance in Asia Jacob Abadi,2004-03-01 This title represents a comprehensive study of Israel s attempts to build diplomatic relations with countries on the Asian continent The author argues that despite the persistence of the Arab Israeli conflict the Israeli Foreign Ministry was remarkably successful in gaining recognition in most Asian countries He provides an overview of Israel s relations with Asian countries from 1948 until the present and analyses the political social and economic factors in each country and the role that each played in the process of rapprochement with Israel He explores the reasons for Israel s successes as well as its failures and analyses the flaws in Israeli diplomacy

Studies in Religious Fundamentalism Lionel Caplan,1988-01-31 This book examines the specific circumstances that nurture fundamentalist beliefs and practices It studies contemporary fundamentalist developments in several continents involving groups associated with five major religions The authors answer important questions regarding the rationality of fundamentalism its complex link with modernism the nature of its relationship to a sacred text and its perspectives on history and knowledge No fixed set of qualities defines fundamentalism Since it implies a view of the universe and a discourse about the nature of truth it encompasses and transcends the religious domain For that reason every movement or cause is potentially fundamentalist

Politics in the Developing World Peter J. Burnell,Lise Rakner,Vicky Randall,2017 This textbook deals with central political themes and issues in the developing world including globalisation inequality identity religion the military democracy the environment and policy development

Civil Society and the Aid Industry Alison Van Rooy,2020-04-14 This book is valuable for and beyond the international development industry It deftly leads a non specialist through the maze of ideas and arguments plaguing the concept of civil society and critically examines how and what happens when the international aid system tries to turn confusing and complex political theory into effective development policy and practice fitting the individual preconditions and historical trajectories of the worlds varied nations The comparative evidence analysis and recommendations on offer are essential reading for anyone attempting to understand or build someone else s as well as their own civil society especially when justifying the use of tax payers money to do so

ALAN FOWLER CO FOUNDER INTRAC This book will be really useful to numerous readers 011 a subject becoming ever more topical in the world of development and beyond It puts order into the deeply confused debate about civil society describes what the aid donors are doing to pursue their new goals offers four penetrating case studies and concludes with sensible suggestions for future policy The authors have made a practical and lucid assessment of the huge civil society

literature they have also contributed valuably to it and deserve to be listened to PROFESSOR ROBERT CASSEN LONDON SCHOOL OF ECONOMICS Northern governments and NGOs are increasingly convinced that civil society will enable people in developing countries to escape the poverty trap Civil Society and the Aid Industry the product of extensive research by the prestigious North South Institute in Canada makes a critical appraisal of this new emphasis in the aid industry It explores the roles of Northern governmental multilateral and non governmental agencies in supporting civil society presenting in depth case studies of projects in Peru Kenya Sri Lanka and Hungary and gives detailed policy recommendations intended to improve the effectiveness and appropriateness of future projects Originally published in 1998
