St Petersburg Dialogues Or Conversations On The Temporal Government Of Providence:

St Petersburg Dialogues Joseph de Maistre, 1993-03-09 Written and set on the banks of the Neva St Petersburg Dialogues is a startlingly relevant analysis of the human prospect in the twenty first century As the literary critic George Steiner has remarked the age of the Gulag and of Auschwitz of famine and ubiquitous torture nuclear threat the ecological laying waste of our planet the leap of endemic possibly pandemic illness out of the very matrix of libertarian progress is exactly what Joseph de Maistre foretold In the Dialogues Maistre addressed a number of topics that are discussed briefly or not at all in his other works already available in English These include an apologetic for traditional Christian beliefs about providence reflections on the social role of the public executioner and the divinity of war a critique of John Locke s sensationalist psychology meditations on prayer and sacrifice and a mini course on illuminism The literary form is that of the philosophical conversation one that allowed Maistre to be deliberately provocative and to indulge his taste for paradox a methodical extravagance that he judged particularly appropriate for the eighteenth century salon Translator and editor Richard Lebrun provides a full scholarly edition of this classic work complete with an introduction chronology critical bibliography and generous explanatory notes The Dialogues will be of interest to scholars of literary history as well as the history of ideas *Woldemar Von Löwenstern* Victoria Joan Moessner, 2020-10-06 Woldemar von L wenstern a Baltic German Russian Cavalry officer states in the course of his memoirs I am not writing a history of the war that is sufficiently known from every history of the war of 1812 In his memoirs he is reliving his own personal successes frustrations failures and tragedies from 1790 to 1815 and desires his readers to join him on his journey as he prepares for cavalry service leaves that service marries and runs estates in Estonia but then takes his ill wife to Vienna seeking a cure where she dies as Napoleon is invading the city He rejoins the Russian army and at one point is sent to Moscow When he arrives there he finds his dispatch is an order for his arrest His deportment saves him so he returns to the army as it retreats to Moscow and follows Napoleon until Paris He describes skirmishes and battles but more importantly the lodgings from dirty straw to noble luxury and the people he meets from Catherine the Great to boiler of soap **Subordinated Ethics** Caitlin Smith Gilson, 2020-08-21 With Dostoyevsky s Idiot and Aquinas Dumb Ox as guides this book seeks to recover the elemental mystery of the natural law a law revealed only in wonder If ethics is to guide us along the way it must recover its subordination description must precede prescription If ethics is to invite us along the way it cannot lead either as politburo or even as public orthodoxy It cannot be smugly symbolic but must be by way of signage of directionality of the open realization that ethical meaning is en route pointing the way because it is within the way as only sign not symbol can point to the sacramental terminus The courtesies of dogma and tradition are the road signs and guideposts along the longior via not themselves the termini We seek the dialogic heart of the natural law through two seemingly contradictory voices and approaches St Thomas Aquinas and his famous five ways and Fyodor Dostoyevsky s holy idiot Prince Myshkin It is precisely

the apparent miscellany of these selected voices that provide us with a connatural invitation into the natural law as subordinated as descriptive guide not as prescriptive leader *The Reactionary Mind* Corey Robin, 2018 Now updated to include Trump's election and the rise of global populism Corey Robin's *The Reactionary Mind* traces conservatism back to its roots in the reaction against the French Revolution Political Violence Panu-Matti Pöykkö, Pamela Slotte Russo, Viljami Salo, 2024-11-18 This volume brings together scholars from intellectual history social sciences philosophy and theology to evaluate central questions concerning political violence and aggression This multidisciplinary collection of essays critically investigates forms and modes of justification of political violence from historical and contemporary perspectives especially within the context of the development of the idea of Europe and modern European identity What is meant by political violence and aggression When and under which conditions is it justified Who has the right to exercise it and against whom Answers differ depending on various factors such as pre established ends available resources and possibilities of action historical and socio economic context the ideological political and religious theological background of the actors The volume pays special attention to a how the above questions have been addressed and answered political philosophical and theological thought and b what kind of ideological currents and historical events lay at the background of such considerations *Molinism* Kenneth J. Perszyk, 2011-11-24 Molinism promises the strongest account of God's providence consistent with our freedom But is it a coherent view and does it provide a satisfying account of divine providence The essays in this volume examine the status defensibility and application of this recently revived doctrine and anticipate the future direction of the debate Sacred and Secular Agency in Early Modern France Sanja Perovic, 2012-02-16 Challenging the master narrative of secularization an exploration of the persistent influence of religious categories in the cultural landscape of Europe's first secular state **The Strange M. Proust** Andre Benhaim, 2017-07-05 The strange M Proust the narrator the author and the embodiment of *A la Recherche du Temps perdu* is now so canonical a writer that his very strangeness is easily overlooked His book made of other books his epic composed of extraordinary miniatures his orderly structure where every law is subverted his chronology where time can be undone and his geography where places can superimpose in these and many other ways Proust continues to astonish even readers who have engaged with him for their entire careers In this book arising from the Princeton symposium of 2006 major critics come together to offer provocative readings of a work which is at the same time classical and unusual French and foreign familiar and strange The book is dedicated to the memory of Malcolm Bowie 1943 2007 whose keynote address was one of his last major lectures Other contributors include David Ellison Anne Simon Eugene Nicole Joseph Brami Raymonde Coudert Christie McDonald Michael Wood and Antoine Compagnon Canadian Books in Print. Author and Title Index, 1975 *Sacrifice Imagined* Douglas Hedley, 2011-09-08 *Sacrifice Imagined* is an original exploration of the idea of sacrifice by one of the world's preeminent philosophers of religion Despisers of religion have poured scorn upon the idea of sacrifice as an index of the irrational and wicked in religious

practice Nor does its secularised form seem much more appealing One need only think of the appalling cult of sacrifice in numerous totalitarian regimes of the twentieth century Yet sacrifice remains a part of our cultural and intellectual imaginary Hedley proposes good reasons to think that issues of global conflict and the ecological crisis highlight the continuing relevance of the topic of sacrifice for contemporary culture The subject of sacrifice has been decisively influenced by two books Girard s *The Violence and the Sacred* and Burkert s *Homo Necans* Both of these are theories of sacrifice as violence Hedley s book challenges both of these highly influential theories and presents a theory of sacrifice as renunciation of the will His guiding influences in this are the much misunderstood Joseph de Maistre and the Cambridge Platonists
