Stag Of Love

Stag Of Love:

Stag of Love Marcelle Thiébaux, 2015-03-03 A sport and a military exercise hunting involved aggressive action with weapons and dogs and pursuit to the point of combat and killing for the sake of recreation food or conquest The Stag of Love explores the body of erotic metaphor that developed from the hunt together with Ovid's flourishing legacies While representing a range of human experience the metaphor finds its dominant expression in the literature of love As Marcelle Thiébaux demonstrates the hunt's disciplined violence represented sexual desire along with strategies and arts for getting love the joys of love and love's elevating mystique The genre gave rise to a lavish imagery of footprints and tracking arrows nets dogs and leashes wounds dismemberment and blood that persisted to Shakespeare's day Thiébaux opens with an account of a medieval chase and its ceremonies She introduces hunt manuals that defined and gentrified the sport in stages from the party's departure to the ferocity of the struggle to the animal's death These stages adapted readily to narrative structures in the love chase showing pursuit confrontation with the beloved and consummation In English literature Thiébaux considers Beowulf Aelfric's Life of St Eustace Sir Gawain and the Green Knight and Chaucer She discusses Aucassin and Nicolette Chrétien de Troyes Erec Gottfried von Strassburg's Tristan the Nibelungenlied and Wolfram von Eschenbach's works The study ends with a scrutiny of newly recovered or little known narratives of the thirteenth fourteenth and fifteenth centuries Originally published in 1974 and now issued in paperback for the first time The Stag of Love brings to life a theme of perennial interest to medievalists and to all readers intrigued by the imaginative treatment of love in the Western world

The Stag of Love : the Chase in Medieval Literature Marcelle Thiébaux, 1974 The Stag's Hornbook John McClure, 1920 *Silent Love* Gerard Vries, 2019-08-28 The Real Life of Sebastian Knight is one of Vladimir Nabokov's most autobiographical novels and it has often been observed that Sebastian's passionate affair with the femme fatale Nina Reznoy is a dramatized extension of Nabokov's infatuation with Irina Guadanini In this book it is shown that the novel also conceals another secluded love affair Sebastian had with a man which reflects the main episode in the life of Nabokov's brother Sergey By pursuing many biographical and literary references and allusions and by disregarding the deceptive guiding by the narrator Sebastian's half brother this moving story about Sebastian's silent love becomes brightly visible

What Makes Love Last? John Gottman, John Mordechai Gottman, Nan Silver, 2013-09-10 One of the foremost relationship experts at work today offers creative insight on building trust and avoiding betrayal helping readers to decode the mysteries of healthy love and relationships The Stag's Domain: A Study Of Majesty And Might Nicky Huys, 2024-03-11 The Stag's Domain A Study of Majesty and Might delves into the captivating world of the stag exploring its symbolism and significance as a majestic creature of the natural realm Through vivid imagery and insightful analysis this book examines the profound allure of the stag its commanding presence in the wild and the timeless fascination it evokes in human culture From the regal splendor of its antlers to its role as a symbol of power and sovereignty this study offers a captivating journey into the realm of

the stag celebrating its magnificence and exploring the enduring allure of nature's noble emblem

Gardens of Love and the Limits of Morality in Early Netherlandish Art Andrea Pearson, 2019-02-26 In *Gardens of Love and the Limits of Morality in Early Netherlandish Art* Andrea Pearson charts the moralization of human bodies in late medieval and early modern visual culture through paintings by Jan van Eyck and Hieronymus Bosch, devotional prints and illustrated books and the celebrated enclosed gardens of Mechelen among other works. Drawing on new archival evidence and innovative visual analysis to reframe familiar religious discourses, she demonstrates that depicted topographies advanced and sometimes resisted bodily critiques expressed in scripture, conduct literature and even legislation. Governing many of these redemptive green spaces were the figures of Christ and the Virgin Mary, archetypes of purity whose spiritual authority was impossible to ignore yet whose mysteries posed innumerable moral challenges. The study reveals that bodily status was the fundamental problem of human salvation in which artists, patrons and viewers alike had an interpretive stake.

Orlando in Love Matteo Maria Boiardo, 2004 Like Ariosto's *Orlando Furioso* and Tasso's *Jerusalem Delivered*, Boiardo's chivalric stories of lords and ladies first entertained the culturally innovative court of Ferrara in the Italian Renaissance. Inventive, humorous, inexhaustible, the story recounts Orlando's love-stricken pursuit of the fairest of her sex, Angelica, in Milton's terms through a fairyland that combines the military valors of Charlemagne's knights and their famous horses with the enchantments of King Arthur's court. Today it seems more than ever appropriate to offer a new unabridged edition of Boiardo's *Orlando Innamorato*, the first Renaissance epic about the common customs of and the conflicts between Christian Europe and Islam. Having extensively revised his earlier translation for general readers, Charles Ross has added headings and helpful summaries to Boiardo's cantos. Tenses have been regularized and terms of gender and religion have been updated but not so much as to block the reader's encounter with how Boiardo once viewed the world. Charles Stanley Ross has degrees from Harvard College and the University of Chicago and teaches English and comparative literature at Purdue University. Neglect of Italian romances robs us of a whole species of pleasure and narrows our very conception of literature. It is as if a man left out Homer or Elizabethan drama or the novel. For like these, the romantic epic of Italy is one of the great trophies of the European genius, a genuine kind not to be replaced by any other and illustrated by an extremely copious and brilliant production. It is one of the successes, the undisputed achievements.

Attila: A Barbarian's Love Story Peter Hargitai, 2003-03-26 Reincarnation of Attila the Hun. Does the past decide the future? When East meets West, the clash determines whether Attila becomes the barbarian of history or a modern hero who forges his own destiny. The love of a woman, a woman of his own choosing, can either destroy him and his family or make him a warrior that battles for his own heart. Praise for Peter Hargitai's previous novel *Attila: A Barbarian's Bedtime Story*.
