Staline Trotsky Le Pouvoir Et La Revo:

Trotsky Ernest Mandel, 2017-11-10 Leon Trotsky was the most important contributor to the development of revolutionary Marxism this century after Lenin As exiled militant or Soviet statesman party organizer or public orator as political analyst soldier or commentator on cultural trends he was centrally involved in the world historic upheavals of his time and foremost among the interpreters of their significance for socialism Yet the fate of his achievement was dramatically discrepant from Lenin s At the latter s death in 1924 his revolutionary authority was at its zenith In the Soviet Union his writings were consecrated as repository of a finished dogma Leninism Abroad his thought was interpreted in way much closer to its own original spirit by Georg Lukcs whose remarkable Lenin sought to elicit its unity and actuality for a later revolutionary generation In polar contrast factional assault official disgrace and proscription anathema and slander were the conditions of Trotsky s later life and activity until his assassination in 1940 and the unvarying background of any reaffirmation of his heritage for decades afterwards Systematic publication of his writings was beyond the means of his political followers whose internal discussions of his ideas were supplemented only by the attentions of liberal where not reactionary academics In the last decade however with the resurgence of the political formations associated with his name Trotsky s political role and ideas have again become topics of vigorous debate among socialists Ernest Mandel s book makes possible a necessary extension of this debate by providing the first ever synthetic account of the development of Trotsky s Marxism in its successive encounters with the key problems and crises of the epoch The Russian revolution and the theme of uneven development the construction of revolutionary parties the struggle against fascism and imperialism at large the nature of Stalinism and the prospect of a full socialist democracy are all discussed in a compact study that makes a fitting and long overdue counterpart to Lukcs s historic study of fifty years ago Western Marxism and the Soviet Union Marcel van der Linden, 2007-06-30 The Russian Question was an absolutely central problem for Marxism in the twentieth century Numerous attempts were made to understand the nature of Soviet society The present book tries to portray the development of these theoretical contributions since 1917 in a coherent comprehensive appraisal It aims to present the development of the Western Marxist critique of the Soviet Union across a rather long period in history from 1917 to the present and in a large region Western Europe and North America Within this demarcation of limits in time and space an effort has been made to ensure completeness by paying attention to all Marxist analyses which in some way significantly deviated from or added to the older theories **Problems of Communism** , 1980 **A Show Trial Under Lenin** M. Jansen, 2012-12-06 Soviet Russia will conquer all the millions of problems that stand in its way on one condition as long as the cause of the political education of the broad masses of the people continually advances We have nothing to be afraid of if our people fully learns to distinguish who are its friends and who are its enemies The trial of the Socialist Revolutionaries must and shall be a great step forward in the cause of the political instruction of the very broadest masses in town and country Grigorii Zinov ev

Pravda and Krasnaia gazeta 20 June 1922 For my part I considered this trial to be unnecessary the Socialist Revolutionaries had been beaten and represented no visible danger at all Charles Rappoport Ma vie Paris 1926 1927 Vol 2 p 80 The Bolsheviks seized power in Russia in October 1917 by staging a coup d etat and then established a dictatorship The new rulers suppressed all armed resistance in a bloody civil war after which they made every effort to uproot and exterminate even peaceful political opposition of all kinds Even now it is impossible in the Soviet Union to subject these developments to critical historical study The political opponents of the Soviet regime of the time are still regarded by official Soviet historiography as counter revolutionaries and the measures taken against them are seen as completely justified The Journal of Communist Studies ,1986

On Trotskyism Kostas Mavrakis,2014-02-04 Trotsky brilliant publicist enthusiastic speaker organizer of the Red Army eminent member of the Bolshevik Party during the first years of the Russian Revolution has often been depicted as a romantic figure by biographers Kostas Mavrakis does not see him in this light Mavrakis submits Trotsky his thought and work to a severe but fair critical examination Among the issues reassessed by this controversial scholar are Trotsky's incapacity for concrete analysis the economism he shares with Stalin his concepts of permanent revolution as compared with those of Lenin and Mao his views and those of Stalin on the Chinese Revolution the fundamental traits of Trotskyism and of the different trotskyist organizations
