Stalins War Against The Jews:

The Secret War Against the Jews John Loftus, Mark Aarons, 1997-04-15 Their motive oil and multinational profits which must be attained at any price through international covert policies **Stalin's War Against the Jews** Louis Rapoport, 1990 In 1952 nine Kremlin doctors all Jews were seized and accused of plotting to poison the Soviet leaders Rapoport's account of the final 14 months of Stalin's life reveals that the so called Doctors Plot was a culminating step in the dictator's lifelong war against the Jews and argues that only Stalin's sudden death in 1953 prevented the unfolding of his own solution to the Jewish problem in the Soviet Union Annotation copyrighted by Book News Inc Portland OR *Stalin's War Against the Jews* Louis Rapoport, 1998-03 *The White Pill* Michael Malice, 2022-12-04 The Russian Revolution was as red as blood The Bolsheviks promised that they were building a new society a workers paradise that would change the nature of mankind itself What they ended up constructing was the largest prison that the world had ever seen a Union of Soviet Socialist Republics that spanned half the globe It was a country where people's lives meant nothing less than nothing and they knew it But no matter what atrocity that the Soviets committed the secret police the torture chambers the show trials the labor camps and the mass starvation there was always someone in the West rushing to justify their bloodshed For decades it seemed perfectly obvious that the USSR wasn't going anywhere until it vanished from the face of the earth gradually and then suddenly This is the story of the rise and fall of that evil empire and why it is so important for the good to never give up hope This is the white pill

Stalin's War Sean McMeekin, 2021-04-20 A prize winning historian reveals how Stalin not Hitler was the animating force of World War II in this major new history World War II endures in the popular imagination as a heroic struggle between good and evil with villainous Hitler driving its events But Hitler was not in power when the conflict erupted in Asia and he was certainly dead before it ended His armies did not fight in multiple theaters his empire did not span the Eurasian continent and he did not inherit any of the spoils of war That central role belonged to Joseph Stalin The Second World War was not Hitler's war it was Stalin's war Drawing on ambitious new research in Soviet European and US archives Stalin's War revolutionizes our understanding of this global conflict by moving its epicenter to the east Hitler's genocidal ambition may have helped unleash Armageddon but as McMeekin shows the war which emerged in Europe in September 1939 was the one Stalin wanted not Hitler So too did the Pacific war of 1941-1945 fulfill Stalin's goal of unleashing a devastating war of attrition between Japan and the Anglo Saxon capitalist powers he viewed as his ultimate adversary McMeekin also reveals the extent to which Soviet Communism was rescued by the US and Britain's self-defeating strategic moves beginning with Lend Lease aid as American and British supply boards agreed almost blindly to every Soviet demand Stalin's war machine McMeekin shows was substantially reliant on American material from warplanes tanks trucks jeeps motorcycles fuel ammunition and explosives to industrial inputs and technology transfer to the foodstuffs which fed the Red Army This unreciprocated American generosity gave Stalin's armies the mobile striking power to conquer most of Eurasia from Berlin to

Beijing for Communism A groundbreaking reassessment of the Second World War Stalin's War is essential reading for anyone looking to understand the current world order [Stalin's Wars](#) Geoffrey Roberts,2006-01-01 This breakthrough book provides a detailed reconstruction of Stalin's leadership from the outbreak of the Second World War in 1939 to his death in 1953 Making use of a wealth of new material from Russian archives Geoffrey Roberts challenges a long list of standard perceptions of Stalin his qualities as a leader his relationships with his own generals and with other great world leaders his foreign policy and his role in instigating the Cold War While frankly exploring the full extent of Stalin's brutalities and their impact on the Soviet people Roberts also uncovers evidence leading to the stunning conclusion that Stalin was both the greatest military leader of the twentieth century and a remarkable politician who sought to avoid the Cold War and establish a long term detente with the capitalist world By means of an integrated military political and diplomatic narrative the author draws a sustained and compelling personal portrait of the Soviet leader The resulting picture is fascinating and contradictory and it will inevitably change the way we understand Stalin and his place in history Roberts depicts a despot who helped save the world for democracy a personal charmer who disciplined mercilessly a utopian ideologue who could be a practical realist and a warlord who undertook the role of architect of post war peace [Cosmopolitanism, Nationalism and the Jews of East Central Europe](#) Michael Miller,Scott Ury,2016-01-22 Since ancient times Jews have had a long and tangled relationship to cosmopolitanism Torn between a longstanding commitment to other Jews and the pressure to integrate into various host societies many Jews have sought a third seemingly neutral option that of becoming citizens of the world cosmopolitans Few regions witnessed such intense debates on these questions as the lands of East Central Europe as they entered the modern era From Berlin to Moscow and from Vilna to Bucharest the Jews of East Central Europe were repeatedly torn between people nation and the world While many Jews and individuals of Jewish descent embraced cosmopolitan ideologies and movements across the span of the nineteenth century such appeals to transcend the nation became increasingly suspect with the rise of integral nationalism In Germany Poland Russia and other lands Jews and other supporters of cosmopolitan movements were marginalized during the late nineteenth and early twentieth centuries Although such sentiments reached their peak during the Second World War anti cosmopolitan propaganda continued throughout the Cold War when it often became an integral part of anti Jewish campaigns in the Soviet Union Czechoslovakia Poland and Romania Even after the end of the Cold War the connection between Jews and cosmopolitanism continues to befuddle ideologues cultural leaders and politicians in Europe North America and Israel The fourteen chapters amassed in this volume address these and other questions including What lies at the roots of the longstanding connection between Jews and cosmopolitanism How has this relationship changed over time What can different cultural economic and political developments teach us about the ongoing attraction and tension between Jews and cosmopolitanism And what can these test cases tell us about the future of Jews and cosmopolitanism in the twenty first century This book was originally published as a special issue of the European Review of

How the Jews Defeated Hitler Benjamin Ginsberg,2013-04-04 One of the most common assumptions about World War II is that the Jews did not actively or effectively resist their own extermination at the hands of the Nazis In this powerful book Benjamin Ginsberg convincingly argues that the Jews not only resisted the Germans but actually played a major role in the defeat of Nazi Germany The question he contends is not whether the Jews fought but where and by what means True many Jews were poorly armed outnumbered and without resources but Ginsberg shows persuasively that this myth of passivity is solely that a myth The author describes how Jews resisted Nazism strongly in four major venues First they served as members of the Soviet military and as engineers who designed and built many pivotal Soviet weapons including the T 34 tank Second a number were soldiers in the U S armed forces and many also played key roles in discrediting American isolationism in providing the Roosevelt administration with the support it needed for preparing for war and in building the atomic bomb Third they made vital contributions to the Allies the Soviet Union the United States and Britain in espionage and intelligence especially cryptanalysis and fourth they assumed important roles in several European anti Nazi resistance movements that often disrupted Germany s fragile military supply lines In this compelling cogent history we discover that the Jews were an important factor in Hitler s defeat
