Stalked An Anatomy Of Sexual Obsession

Brian H. Spitzberg, William R. Cupach

Stalked An Anatomy Of Sexual Obsession:

Stalked Larry Townsend, 1999 *Stalked* tells the highly erotic story of two men one a handsome young actor on his way to stardom the other a loser whose obsessive attraction turns him into a vicious merciless killer a stalker whose megalomania eventually overcomes every other facet of his being In the end his victim is forced to make a truly dreadful decision Along the way we see the authors skill and his knowledge of human behavior permitting him to give us a twisted convoluted plot that keeps the reader turning the pages unable to break the spell that forces him to identify first with the bright optimistic prospects of victim then with the dark and menacing dissolution of the killers psyche His obsessive drive threatens to leap free of the printed word and to work its will upon the unsuspecting observer *The Dark Side of Close Relationships* Brian H. Spitzberg, William R. Cupach, 2013-06-17 This volume examines the negative or dark elements of close relationships For use by scholars and students in social psychology personal relationships and interpersonal communication **The Hounds of Hell and Other SM Tales** Larry Townsend, 2000 Larry Townsend has been writing kinky stories for decades and *The Hounds Of Hell* is one of his many collections The key factor in this book is that Townsend has created settings for each story to different historical locales and then allowed his kinky imagination to roam the period Populating *The Hounds Of Hell* are Egyptian Princes England s elite in the early 1900 s World War II soldiers Viet Nam War covert operatives and in one of the book s best pieces an erotic re imagining of the tale of Aladdin and his Lamp What sets Townsend s work apart from many other writers in the SM field is his attention to detail and his command of the language In *Prisoner Of War* his description of the German farmhouse is so perfect that you feel the dank of the abandoned basement He also has an emotional feel for the characters in his stories You often gain insight into what attracts these men to their fetishes and their actions more so than most writers in the genre **Lambda Book Report** , 1999 *The Writers Directory* , 2003 **The Dark Side of Relationship Pursuit** Brian H. Spitzberg, William R. Cupach, 2004-04-12 Authors William R Cupach and Brian H Spitzberg synthesize the expanding multidisciplinary base of knowledge about obsessive relational intrusion ORI and stalking presenting a comprehensive scholarly consideration of these behaviors Their inclusive approach is reflected in the breadth of research represented including social clinical and forensic psychology psychiatry counseling communication criminal justice law enforcement sociology social work threat assessment and management and family studies The work also draws upon the multidisciplinary scholarship on social and personal relationships The chapters in this volume provide historical and definitional frames for studying unwanted relationship pursuit and consider the role of such sources as the media law and social science research in shaping the contemporary multifaceted and multifarious conceptualizations of stalking elaborate the authors assumption that much unwanted relationship pursuit owes to complications inherent in the processes of constructing and dismantling relationships examine the factors that conspire to create slippage between two persons conceptions of their shared relationship and explore the cultural practices associated with relationship dissolution that tend

to reinforce persistence in unwanted pursuit chart the topography of unwanted pursuit offering a unique and comprehensive synthesis of relevant research bearing on several issues and a review of the temporal stages and characteristics of stalking consider promising theories and variables for explaining the occurrence of unwanted pursuit and discuss the issues pertinent to threat assessment managing unwanted pursuit and offering a comprehensive typology of victim consequences of pursuit The volume concludes with thoughts about correcting courtship Drawing on the interpersonal competence literature Cupach and Spitzberg speculate on ways in which enhancing relationship management skills could help diminish the incidence and debilitating consequences of ORI and stalking With this work the authors provide a clearer picture of the current state of knowledge about stalking and in so doing identify productive paths for scholarly inquiry and ultimately bolster the effectiveness of prevention and intervention efforts The volume is destined to promote and publicize the multidisciplinary nature of stalking research such that cross fertilization of interested fields might yield new and better insights It will be required reading for the cross disciplinary community of academics and professionals who are committed to understanding and responding to unwanted relationship pursuit and stalking **Stalker, Hacker, Voyeur, Spy** Helen K.
