Stalker The Search For Truth:

Stalker Peter Taylor, 1987-01-01 **The Holy Grail on Film** Kevin J. Harty, 2015-02-28 This collection of new essays is the first to study film depictions of the quest for the Holy Grail the holy Christian relic of legend supposedly used by Jesus at the Last Supper Scholars from a range of disciplines discuss American Australian and European films that offer fresh perspectives on this enduring myth of the Arthurian world and Western culture including *The Silver Chalice* 1954 *Monty Python and the Holy Grail* 1975 *Excalibur* 1981 *The Road Warrior* 1981 *Indiana Jones and the Last Crusade* 1989 *The Fisher King* 1991 *The Da Vinci Code* 2006 *The Waterboy* 1998 and *Rosencrantz and Guildenstern Are Undead* 2009 **The Provos** Peter Taylor, 2014-05-29 The first part of the landmark trilogy documenting modern day Northern Ireland by the author of *Loyalists* and *Brits* This work examines the Provos from 1969 when the IRA was effectively dead and buried to within a few short years when it had resurrected to become the most feared and sophisticated terrorist organization in the world The book is based on in depth interviews with key personalities in the Army Police British and Irish governments giving first hand accounts of the key events It contains material not included in the television series being broadcast on BBC 1 in autumn 1997 Never before has an outsider had such access to record the remarkable history of the provisional IRA and Sinn Fein from their dramatic beginnings to the critical juncture they have reached today on the brink of becoming part of the cabinet in the new government of Northern Ireland An astonishing story told as only Peter Taylor could There are no images in this edition PRAISE FOR PETER TAYLOR Only a journalist of Peter Taylor's standing could have persuaded people from all sides in the conflict to cooperate in such a manner The result was a first rate piece of journalism It was also first rate history Guardian

Truth, Denial and Transition Cheryl Lawther, 2018-10-08 *Truth Denial and Transition* Northern Ireland and the Contested Past makes a unique and timely contribution to the transitional justice field In contrast to the focus on truth and those societies where truth recovery has been central to dealing with the aftermath of human rights violations comparatively little scholarly attention has been paid to those jurisdictions whose transition from violent conflict has been marked by the absence or rejection of a formal truth process This book draws upon the case study of Northern Ireland where despite a lengthy debate the question of establishing a formal truth recovery process remains hotly contested The strongest and most vocal opposition has been from unionist political elites loyalist ex combatants and members of the security forces Based on empirical research their opposition is unpicked and interrogated at length throughout this book Critically exploring notions of national imagination and blamelessness the politics of victimhood and the tension between traditions of sacrifice and the fear of betrayal this book is the first substantive effort to concentrate on the opponents of truth recovery rather than its advocates This book will interest those studying truth processes and transitional justice in the fields of Law Politics and Criminology **Northern Ireland: The Troubles** Kenneth Lesley-Dixon, 2020-01-31 It is of course no secret that undercover Special Forces and intelligence agencies operated in Northern Ireland and the Republic throughout the troubles

from 1969 to 2001 and beyond What is less well known is how these units were recruited how they operated what their mandate was and what they actually did This is the first account to reveal much of this hitherto unpublished information providing a truly unique record of surveillance reconnaissance intelligence gathering collusion and undercover combat An astonishing number of agencies were active to combat the IRA murder squads the Provos among others the Military Reaction Force MRF and the Special Reconnaissance Unit also known as the 14 Field Security and Intelligence Company The Det as well as MI5 Special Branch the RUC the UDR and the Force Research Unit FRU later the Joint Support Group JSG It deals with still contentious and challenging issues as shoot to kill murder squads the Disappeared and collusion with loyalists It examines the findings of the Stevens Cassel and De Silva reports and looks at operations Loughgall Andersonstown Gibraltar and others

Counterinsurgency and Collusion in Northern Ireland Mark McGovern, 2019-03-20 Collusion by British state forces in killings perpetrated by loyalist paramilitaries was a dubious hallmark of the dirty war in the north of Ireland Now more than twenty years since the Good Friday Agreement the story of collusion remains one of the most enduring and contentious legacies of the conflict a shadow that trails British counterinsurgency to this day Here Mark McGovern turns back the clock to the late 1980s and early 90s the endgame of the Troubles and a period defined by a rash of state sanctioned paramilitary killings Drawing on previously unpublished evidence and original testimony from victims families and eyewitnesses he examines several dozen killings of republicans that took place in the Mid Ulster area and the impact on their families and communities Placing these accounts within a wider critical analysis of the nature of British counterinsurgency and the state use of agents and informers McGovern paints a damning picture of covert deniable and unlawful violence

Policing Politics Peter Gill, 2012-12-06 Numerous allegations of abuse of power have been made against the domestic security intelligence agencies in the United Kingdom such as police special branches and MI5 These include the improper surveillance of trade unionists and peace activists campaigns of mis information against elected politicians and even the elimination of people believed to be engaged in political violence Drawing on extensive foreign material and making use of the social science concepts of information power and law this book develops a framework for the comparative analysis of these agencies

Thatcher's Secret War Clive Bloom, 2021-08-02 Scary but enlightening Christopher Stone Margaret Thatcher remains one of the United Kingdom s most polarising prime ministers This provocative investigation sheds light on the secret internal cold war that she waged against the enemy within everyone she could not see eye to eye with It was a campaign fuelled by paranoia on both the left and right of the political spectrum and fought with corruption black propaganda dirty tricks and even murder Expertly juxtaposing notable events with today s political arena this new and updated edition of Thatcher s Secret War surmises that although Thatcher s ideals seem to have vanished one remains the power and importance of the extra parliamentary state and its surveillance methods and hidden powers in a new age of terrorism
