Stand And Deliver Political Activism Leadership And Hip Hop Culture:

Stand and Deliver Yvonne Bynoe, 2004-03-25 Hip Hop activism a joining of a musical genre with political action is a highly ambiguous term that encompasses a range of initiatives from those that are genuinely attempting to affect public policy to largely self promotional efforts that are more about getting media exposure for celebrities than addressing the cause they are allegedly representing For too long Bynoe maintains Black leaders have only been Charismatic Leaders and have largely functioned as spokespersons delivering complaints and exhortations to the White power structure Bynoe is passionate about the need for a new generation of Black leadership and civic and political organizations to instead actively engage in a policy centered relationship with the White power structure not only in field of government but also in economics and media This understanding Bynoe argues should be premised on the principle that political power comes from influence and influence comes from the ability to delivery or deny money votes or both to a political candidate legislator or political party in the words of MC Lyte all the rest is chitter chatter

The Organic Globalizer Christopher Malone, George Martinez, Jr., 2014-11-20 The Organic Globalizer is a collection of critical essays which takes the position that hip hop holds political significance through

an understanding of its ability to at once raise cultural awareness expand civil society's focus on social and economic justice through institution building and engage in political activism and participation Collectively the essays assert hip hop's importance as an organic globalizer no matter its pervasiveness or reach around the world hip hop ultimately remains a grassroots phenomenon that is born of the community from which it permeates Hip hop then holds promise through three separate but related avenues 1 through cultural awareness and identification recognition of voices of marginalized communities through music and art 2 through social creation and the institutionalization of independent alternative institutions and non profit organizations in civil society geared toward social and economic justice and 3 through political activism and participation in which demands are articulated and made on the state With editorial bridges between chapters and an emphasis on interdisciplinary and diverse perspectives **The Organic Globalizer** is the natural scholarly evolution in the conversation about hip hop and politics

Fear of a Hip-Hop Planet D. Marvin Jones, 2013-04-01 Is Gangsta Rap just black noise Or does it play the same role for urban youth that CNN plays in mainstream America This provocative set of essays tells us how Gangsta Rap is a creative report about an urban crisis our new American dilemma and why we need to listen Increasingly police politicians and late night talk show hosts portray today's inner cities as violent

crime ridden war zones The same moral panic that once focused on blacks in general has now been refocused on urban spaces and the black men who live there especially those wearing saggy pants and hoodies The media always spotlights the crime and violence but rarely gives airtime to the conditions that produced these problems The dominant narrative holds that the cause of the violence is the pathology of ghetto culture Hip hop music is at the center of this conversation When 16 year old Chicago youth Derrion Albert was brutally killed by gang members many blamed rap music Thus hip hop music has been demonized not merely as black noise but as a root cause of crime and violence Fear of a Hip Hop Planet America's New Dilemma explores and demystifies the politics in which the gulf between the inner city and suburbia have come to signify not only a socio economic dividing line but a new socio cultural divide as well
