Stand Still The Moment Ecstasy 3:

Chapters I-XXXIX. [v. 2] Chapters XL-LXVI John Skinner, 1915 Moments in the Dusk Pasquale De Marco, 2025-07-12 Moments in the Dusk is an introspective journey through the multifaceted tapestry of human existence. This thought-provoking collection of reflections delves into the depths of our being, exploring the intricacies of love, loss, mortality, and the relentless pursuit of meaning. Readers will embark on a contemplative odyssey that traverses both the joys and tribulations of life, unveiling profound insights and leaving an indelible mark on their souls. Within these pages, readers will find solace in the shared experiences of humanity, discovering that we are all fellow travelers on this enigmatic journey called life. Through poignant observations and introspective musings, Pasquale De Marco masterfully captures the essence of our fleeting moments, both triumphant and melancholic. The book's structure is designed to evoke a sense of fluidity, allowing readers to delve into any chapter without the constraints of continuity. Each chapter stands alone as a meditation on a universal theme, offering a kaleidoscope of perspectives and emotions. Readers will encounter profound reflections on the echoes of the past, nostalgia's bittersweet embrace, the enduring legacy of memories, and the interplay of laughter and tears that shapes our lives. They will explore the labyrinth of dreams and desires where aspirations dance with disappointment, and the elusive nature of our hearts' longings is laid bare. The tangled web of love is also explored, navigating the ecstasies and heartbreaks that define our relationships, ultimately discovering the transformative power of true connection. The book delves into the struggles and triumphs that shape our journeys, finding strength in the face of adversity and celebrating life's victories with unwavering spirit. It reflects on the inevitability of mortality, confronting the fear and acceptance of death's embrace while seeking solace in the beauty of life's brevity. Readers are invited on a quest for meaning, questioning the grand tapestry of existence and uncovering purpose in the mundane, discovering wonder in the vastness of the universe, and embarking on a journey of self-discovery. The intricate dance of light and shadow is explored, embracing the duality of life and finding beauty in imperfection. Through the prism of human experience, readers will witness how joy and sorrow intertwine, creating a rich tapestry of emotions that defines our existence. Wisdom is sought in the lessons life offers, gleaned from both triumphs and tribulations, cultivating self-awareness and embracing the transformative power of reflection. Finally, readers will join in the celebration of the journey itself, acknowledging life's imperfections with grace, living each day to the fullest and eagerly anticipating the new horizons that await. Among other public buildings in a certain town, which for many reasons it will be prudent to refrain from mentioning, and to which I will assign no fictitious name, it boasts of one which is common to most towns, great or small, to wit, a workhouse; and in this workhouse was born, on a day and date which I need not take upon myself to repeat, inasmuch as it can be of no possible consequence to the reader in

this stage of the business at all events the item of mortality whose name is prefixed to the head of this chapter For a long time after he was ushered into this world of sorrow and trouble by the parish surgeon it remained a matter of considerable doubt whether the child would survive to bear any name at all in which case it is somewhat more than probable that these memoirs would never have appeared or if they had being comprised within a couple of pages that they would have possessed the inestimable merit of being the most concise and faithful specimen of biography extant in the literature of any age or country Although I am not disposed to maintain that the being born in a workhouse is in itself the most fortunate and enviable circumstance that can possibly befall a human being I do mean to say that in this particular instance it was the best thing for Oliver Twist that could by possibility have occurred The fact is that there was considerable difficulty in inducing Oliver to take upon himself the office of respiration a troublesome practice but one which custom has rendered necessary to our easy existence and for some time he lay gasping on a little flock mattress rather unequally poised between this world and the next the balance being decidedly in favour of the latter Now if during this brief period Oliver had been surrounded by careful grandmothers anxious aunts experienced nurses and doctors of profound wisdom he would most inevitably and indubitably have been killed in no time There being nobody by however but a pauper old woman who was rendered rather misty by an unwonted allowance of beer and a parish surgeon who did such matters by contract Oliver and nature fought out the point between them The result was that after a few struggles Oliver breathed sneezed and proceeded to advertise to the inmates of the workhouse the fact of a new burden having been imposed upon the parish by setting up as loud a cry as could reasonably have been expected from a male infant who had not been possessed of that very useful appendage a voice for a much longer space of time than three minutes and a quarter As Oliver gave this first proof of the free and proper action of his lungs the patchwork coverlet which was carelessly flung over the iron bedstead rustled the pale face of a young female was raised feebly from the pillow and a faint voice imperfectly articulated the words Let me see the child and die The surgeon had been sitting with his face turned towards the fire giving the palms of his hands a warm and a rub alternately but as the young woman spoke he rose and advancing to the bed s head said with more kindness than might have been expected of him Oh you must not talk about dying yet Lor bless her dear heart no interposed the nurse hastily depositing in her pocket a green glass bottle the contents of which she had been tasting in a corner with evident satisfaction Lor bless her dear heart when she has lived as long as I have sir and had thirteen children of her own and all on em dead except two and them in the wurkus with me she ll know better than to take on in that way bless her dear heart Think what it is to be a mother there s a dear young lamb do To be continue in this ebook
