Kentucky Quilts and Quiltmakers Linda Elisabeth LaPinta, 2023-11-07 Although they are commonplace in American homes quilts are much more than simple patchwork bed coverings and wall adornments While many of these beautiful and intricate works of art are rich in history and tradition others reflect the cutting edge talent and avant garde mastery of contemporary quiltmakers Kentucky Quilts and Quiltmakers Three Centuries of Creativity Community and Commerce is the first comprehensive study to approach quilts as objects of material culture that have adorned homes throughout the history of the commonwealth and the country Linda Elisabeth LaPinta highlights such topics as quiltmaking in women s history the influence of early Black quiltmakers popular Kentucky quilt patterns types and colors and the continuing importance of preserving the commonwealth s quilt history and traditions The author provides a panoramic view of Kentucky quiltmaking from colonial America through the American Revolution the Civil War to the 1900s to the new millennium and the dynamic quilting industry of today LaPinta reveals Kentucky s pivotal role in shaping significant aspects of American quilt culture Kentuckians founded the first statewide quilt documentation project created important exhibits and major quilt organizations and established the National Quilt Museum Rounding out this all encompassing volume is a collection of fascinating and intimate artistic commentaries by notable quiltmakers as well as discussion of the key players who have conserved celebrated and showcased the commonwealth s extraordinary quilt culture

The Natural History of the Traditional Quilt John Forrest, Deborah Blincoe, 2011-01-19 Traditional quilts serve many purposes over the course of a useful life Beginning as a beautiful bed covering a quilt may later function as a ground cover at picnics until years of wear

relegate it to someone's ragbag for scrap uses. Observing this life cycle led authors John Forrest and Deborah Blincoe to the idea that quilts like living things have a natural history that can be studied scientifically. They explore that natural history through an examination of the taxonomy, morphology, behavior, and ecology of quilts in their native environment: the homes of humans who make, use, keep, and bestow them. The taxonomy proposed by Forrest and Blincoe is rooted in the mechanics of replicating quilts so that it can be used to understand evolutionary and genetic relationships between quilt types. The morphology section anatomizes normal and abnormal physical features of quilts, while the section on conception and birth in the life cycle discusses how the underlying processes of replication intersect with environmental factors to produce tangible objects. This methodology is applicable to many kinds of crafts and will be of wide interest to students of folklore, anthropology, and art history. Case studies of traditional quilts and their makers in the Catskills and Appalachia add a warm human dimension to the book.

Once Upon a Quilt Margret Aldrich, 2003

If you ally infatuation such a referred **Standard Of Quiltmaking And Collecting** books that will give you worth, acquire the unquestionably best seller from us currently from several preferred authors. If you desire to witty books, lots of novels, tale, jokes, and more fictions collections are in addition to launched, from best seller to one of the most current released.
