events that begin to play out And Rocky can't stay away from the fierce little woman in the woods especially when his own family legends begin to take form Thrown together Sunny and Rocky must find a way to navigate their pasts together so that maybe just maybe they can have a future **The Yankee Chick's Survival Guide to Texas** Sophia Dembling,2001-12-27 In Texas Yankee is a loose term covering a lot of ground If you're not a Texan or a southerner you're a Yankee and therefore to many Texans suspect There are many rites of passage to being a Yankee in Texas the first time you spot a pickup with a gun rack the first time you realize that a week is a long time to go without Mexican food the first time you recognize a change in seasons your first thunderstorm your first honky tonk Culture Shock in Texas can be intense and is exacerbated by local rules of propriety that tell us to keep our mouths shut But here in this book we are going to talk all about it with good old Yankee outspokenness We'll clear the air share experiences orient newcomers and have some good laughs [African American Men and Opportunity in the Navy](#) Arthur L. Dunklin,2014-11-21 The United States military is often presented as a model of equal opportunity employment In this work the author examines and challenges this assertion with respect to the Navy Dunklin studies Navy claims of meritocracy and training processes profiles the careers of eight senior enlisted African American servicemen and examines barriers to African American inclusion First hand accounts and interviews provide insight into the coping mechanisms and struggles of African Americans in the Navy The author concludes by offering suggestions to improve the Navy equal opportunity environment **The Remake** Noelle Adams,2021-02-09 All her life Belinda Phillips has been hard working Reliable Organized Kind of bossy She's always been good at getting things done everything except relationships Maybe it's just the holiday season turning her thoughts to romance but she's discovered that's what she wants A relationship With a man In particular with a cute new guy in town And despite an abundance of work and life skills she has no idea how to go about getting him to ask her out So she turns to her sister and friends for help Unfortunately their help brings her private mission to the attention of the most obnoxious man in the world Fitz might have had a family and career in his former life but he gave all that up long ago to make deliveries for the flower shop and otherwise lounge around doing nothing He's unkempt and bearded and grumpy and reclusive He has no ambition for anything except snide comments and getting in her way Belinda doesn't like him At all In fact she can barely tolerate him Which is why it's so confusing that she can't stop thinking about him and wondering what might be revealed if Fitz could ever shed all his protective layers
