

The Government And Politics Of The Prc

David S.G. Goodman

The Government And Politics Of The Prc:

The Government And Politics Of The Prc Jurgen Domes,1985-04-28 **The Government and Politics of Communist China** Derek J. Waller,1970 Dictionary of the Politics of the People's Republic of China Colin Mackerras,Donald H. McMillen,Andrew Watson,2003-12-16 Encompassing China's political and also social economic and cultural development since 1949 the dictionary is an up to date and comprehensive survey that will be of use to Asian studies and politics students and teachers alike **China's Political System** Sebastian Heilmann,2016-12-08 The Chinese government is one of the most important actors in international affairs today To thoroughly understand how the People's Republic of China has grown in power requires a careful analysis of its political system To what extent can China's economic achievements be attributed to the country's political system and its policies What are the effects of economic modernization and global economic integration on the Chinese polity Is the Chinese political system capable of adapting to changing economic technological social and international conditions Exploring these central questions this definitive book provides readers with a comprehensive assessment of the preconditions prospects and risks associated with China's political development **Local Government and Politics in China** Yang Zhong,2015-02-18 After over a decade of administrative and economic reform in mainland China the center has become increasingly remote and less important for many localities In many ways the mobilization capacity of the central government has been weakened Central government policies are often ignored and local officials are often more interested in personal projects than in centrally directed economic plans In this study of local government and politics in China the author explores when and why local government officials comply with policy directives from above Drawing on interviews with government officials in various municipalities and a review of county records and other government documents he provides the first in depth look at policy implementation at the county and township levels in the PRC The book examines the impact of the Chinese cadre system on the behavior of local officials local party and government structure relationships among various levels of Chinese local government policy supervision mechanisms at local levels village governance of China and more *Handbook of the Politics of China* David S.G. Goodman,2015-11-27 The Handbook of the Politics of China is a comprehensive resource introducing readers to the very latest in research on Chinese politics David Goodman provides an introduction to the key structures and issues providing the foundations on which later learning can be built Including a comprehensive bibliography it is an ideal reference work for undergraduate and postgraduate students and academics The Handbook contains four sections of new and original research dealing with leadership and institutions public policy political economy and social change and international relations Each of the 26 chapters has been written by a leading internationally established authority in the field and each reviews the literature on the topic and presents the latest findings of research Presenting the state of the art of the field this reader oriented Handbook is an essential primer for the study of China's politics China's Political System June Teufel

Dreyer,1996 This text demonstrates how the government of China has been significantly affected by attempts to harmonize the unique nature of its indigenous culture with a variety of influences and ideas from the outside world China faces many challenges to its traditional economic legal social and cultural structures China s Political System Modernization and Tradition provides students with a clear sense of how this transition is taking place what its effects on current leaders and policies are and how the system might evolve in the future BOOK JACKET State-Society Relations and Governance in China Sujian Guo,2014-07-09 State society relations and governance are closely related areas of study and have become important topics in the social sciences in the past decades not only in developed countries but also in the developing world In China state society relations have been changing in the new era of reform and opening and governance has become a central concern in policy practice and in academia In this wide ranging collection of essays written by scholars from both inside and outside China the contributors explore the complexity of the changing state society relationship and the modes and practices of governance in China by combining theoretical exploration and empirical case studies *Casino Capitalism, Society and Politics in China's Macau* Sonny Shiu-Hing Lo,2020-07-20 This book explores the characteristics of casino capitalism in Macau under Chinese sovereignty and administration It argues that casino capitalism propelled the region s economic prosperity and social stability in the period starting from the internationalization of the casino industry in 2002 to the end of 2019 However casino capitalism also exacerbated the income gap between the rich and the poor To tackle income inequality the Macau developmental state combined casino capitalism with social welfarism The region s developmental state has been characterized by its relatively decisive leadership its autonomy from the capitalist and working classes and a comparatively weak civil society China has encouraged Macau to shift from its overdependence on casino capitalism to economic diversification and integration with the Greater Bay Area However given Macau s long standing and profound dependence on casino capitalism the path of economic diversification is destined to be long and difficult As this book also argues the Macau model of one country two systems is a unique one which cannot be easily transplanted to Hong Kong where the overdeveloped politics and assertive civil society are a far cry from Macau s frozen politics and quiescent society **The Politics and Philosophy of Chinese Power** R. James Ferguson,Rosita Dellios,2016-12-12 This book provides a timely analysis of the politics philosophy and history of Chinese power focusing on social strategic and diplomatic trends that have shaped China for over three thousand years Chinese elites have used the past to inform the present but have also mobilized new ideas to address the country s rapid transition to global power China s intellectual world can draw on a surprisingly pluralist legacy When Chinese thinkers assess power they bring to bear their classical legacy the military classics Chinese socialism and Western political thought There are also a number of intriguing formulations that give shape to the exercise of Chinese power Among these are comprehensive national strength stability preservation soft power asymmetric conflict and counter intervention strategies This book looks at key periods in Chinese history when attitudes to power evolved and at their

current expressions These include China's expanded use of think tanks to chart the future efforts at creating an eco civilization to balance growth and an extended set of security and information capabilities From observing the centrality of power in today's international affairs the book moves to the foundational concepts of Chinese governance its belief in a strategic configuration of power as understood in military contexts as well as its growing diplomatic and maritime engagement abroad This analysis culminates in new ideas of functional multipolarity Power is also deployed internally China's use of nationalism as a major tool for state building and cohesion the ongoing role of socialism and the People's Liberation Army are all examined in this light China's current strategic culture has shaped President Xi Jinping's search for a new model of power for China in the twenty first century an endeavor that will have serious implications for the future global order This book provides an alternative perspective on China's trajectory towards a revised international system

This book delves into The Government And Politics Of The Prc. The Government And Politics Of The Prc is an essential topic that must be grasped by everyone, ranging from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into The Government And Politics Of The Prc, encompassing both the fundamentals and more intricate discussions.

1. The book is structured into several chapters, namely:
 - Chapter 1: Introduction to The Government And Politics Of The Prc
 - Chapter 2: Essential Elements of The Government And Politics Of The Prc
 - Chapter 3: The Government And Politics Of The Prc in Everyday Life
 - Chapter 4: The Government And Politics Of The Prc in Specific Contexts
 - Chapter 5: Conclusion
 2. In chapter 1, this book will provide an overview of The Government And Politics Of The Prc. This chapter will explore what The Government And Politics Of The Prc is, why The Government And Politics Of The Prc is vital, and how to effectively learn about The Government And Politics Of The Prc.
 3. In chapter 2, the author will delve into the foundational concepts of The Government And Politics Of The Prc. The second chapter will elucidate the essential principles that must be understood to grasp The Government And Politics Of The Prc in its entirety.
 4. In chapter 3, this book will examine the practical applications of The Government And Politics Of The Prc in daily life. The third chapter will showcase real-world examples of how The Government And Politics Of The Prc can be effectively utilized in everyday scenarios.
 5. In chapter 4, this book will scrutinize the relevance of The Government And Politics Of The Prc in specific contexts. This chapter will explore how The Government And Politics Of The Prc is applied in specialized fields, such as education, business, and technology.
 6. In chapter 5, the author will draw a conclusion about The Government And Politics Of The Prc. This chapter will summarize the key points that have been discussed throughout the book.
- The book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of The Government And Politics Of The Prc.
