The Great American Apple At The Very Core Of Our Culture:

The Great American Apple Patricia B. Mitchell,1995-07-01 *The Greatest Story Never Told* Dan Sandler,2019-09-25
Sometimes the greatest story ever told never really gets told Believers and unbelievers alike see God and his Word through our own lenses unintentionally filtering truth and seeking out teachers and communities whose image of God resembles our own As a result we have had conflict between religions denominations and those with opposing views for two millennia about the same story Comprised of layers of thought *The Greatest Story Never Told* invites students of the Bible to lay down what they think they know about God s Word and begin an adventure into the unknown by reading observing and looking at what might be to become like children again and experience the great story of the gospel with new eyes Taking this posture toward Scripture Daniel gives specific tools on how to read and reread the Bible through the lens of shifting cultural values language characteristics elements of story patterns of thought and driving national narratives of the biblical authors Christ followers will be challenged to rethink long held suppositions and to better understand the unfolding revelation God offers bringing us to intellectually honest theological positions **The Battle** Arthur C. Brooks,2011-07-05 America faces a new culture war It is not a war about guns abortions or gays rather it is a war against the creeping changes to our entrepreneurial culture the true bedrock of who we are as a people The new culture war is a battle between free enterprise and social democracy Many Americans have forgotten the evils of socialism and the predations of the American Great Society s welfare state programs But as American Enterprise Institute s president Arthur C Brooks reveals in *The Battle* the forces for social democracy have returned with a vengeance expanding the power of the state to a breathtaking degree *The Battle* offers a plan of action for the defense of free enterprise it is at once a call to arms and a crucial redefinition of the political and moral gulf that divides Right and Left in America today The battle is on and nothing less than the soul of America is at stake *Annual Report of the American Institute of the City of New York* American Institute of the City of New York,1865 1st 32d 1841 1871 72 issued also as Legislative documents **Transactions of the American Institute of the City of New York** American Institute of the City of New York,1865 **Proceedings of the ... National Convention of the Veterans of Foreign Wars of the United States** Veterans of Foreign Wars of the United States,2007 **Forthcoming Books** Rose Army,1996-06 **Our Exodus** MM Silver,2010-08-18 Examines the phenomenon of Exodus and its influence on post World War II understandings of Israel s beginnings Despite the dramatic circumstances of its founding Israel did not inspire sustained impassioned public discussion among Jews and non Jews in the United States until Leon Uris s popular novel *Exodus* was released in 1958 Uris s novel popularized the complicated story of Israel s founding and in the process boosted the morale of post Holocaust Jewry and disseminated in popular culture positive images of Jewish heroism *Our Exodus* Leon Uris and the Americanization of Israel s Founding Story examines the phenomenon of Exodus and its largely unrecognized influence on post World War II understandings of Israel s beginnings in America and around the world Author

M M Silver's extensive archival research helps clarify the relevance of Uris's own biography in the creation of *Exodus*. He situates the novel's enormous popularity in the context of postwar America and particularly Jewish American culture of the 1950s and early 1960s. In telling the story of the making of and the response to *Exodus* first as a book and then as a film, Silver shows how the representation of historical events in *Exodus* reflected needs, expectations, and aspirations of Jewish identity and culture in the post-Holocaust world. He argues that while Uris's novel simplified some facts and distorted others, it provided an astonishingly ample amount of information about Jewish history and popularized a persuasive and cogent, though debatable, Zionist interpretation of modern Jewish history. Silver also argues that *Exodus* is at the core of an evolving argument about the essential compatibility between the Jewish state and American democracy that continues to this day. Readers interested in Israel studies, Jewish history, and American popular culture will appreciate Silver's unique analysis.
