Ray Johnson,2017 After an extremely hot and dry summer Chicago got a spark that grew into something unimaginable and unforgettable on Oct 8 1871 On Oct 8 1871 what became known as the Great Chicago Fire was a massive firestorm that moved faster than most men could run fueled by southwest winds of at least 30 miles per hour The heat was so intense it melted stone and brick buildings in minutes and turned sand on the lakeshore into glass A total of 18 000 buildings were destroyed About 100 000 were left homeless and over 300 lost their lives The very same day and nearly the same hour both the Lower Peninsula of Michigan and Peshtigo Wisconsin suffered similar firestorms Peshtigo s was even worse creating an event that came to be known as the Peshtigo Paradigm Many people believe the three fires forming a huge triangle of destruction were related as one with cosmic causes and it remains a mystery to this day Authors and native Chicagoans John Boda and Ray Johnson take you inside this historic happening

The Burning of the World Scott W. Berg,2023-09-26
WINNER OF THE MIDLAND AUTHORS AWARD FOR HISTORY LONGLISTED FOR THE ANDREW CARNEGIE MEDAL FOR EXCELLENCE A NEW YORKER BEST BOOK OF THE YEAR The illuminating New Yorker story of the Great Chicago Fire a raging inferno a harrowing fight for survival and the struggle for the soul of a city told with the clarity and tension of a well wrought military narrative Wall Street Journal In the fall of 1871 Chicagoans knew they were due for the big one a massive uncontrollable fire that would decimate the city It had been bone dry for months and a recent string of blazes had nearly outstripped the fire department s already scant resources Then on October 8 a minor fire broke out in the barn of Irishwoman Kate Leary A series of unfortunate mishaps and misunderstandings along with insufficient preparation and a high south westerly wind combined to set the stage for an unmitigated catastrophe The conflagration that spread from the Learys property quickly overtook the neighborhood and before long the floating embers had been cast to the far reaches of the city Nothing to the northeast was safe Families took to the streets with every possession they could carry Powerful gusts whipped the flames into a terrifying firestorm The Chicago River boiled Over the next forty eight hours Chicago fell victim to the largest and most destructive natural disaster the United States had yet endured The effects of the Great Fire were devastating But they were also transforming Out of the ashes faster than seemed possible rose new homes tenements hotels and civic buildings as well as a new political order The elite seized the reconstruction to crack down on vice control the disbursement of vast charitable funds and rebuild the city in their image But the city s working class recognized only a naked power grab that would challenge their traditions hurt their chances to keep their hard earned property and move power out of the hands of elected officials and into private interests As soon as the battle against the fire ended another battle for the future of the city erupted between its entrenched business establishment and its poor and immigrant laborers and shopkeepers An enrapturing account of the fire s inexorable march and an eye opening look at its aftermath The Burning of the World tells the story of one of the most infamous calamities in history and the new Chicago it precipitated a disaster that still shapes American cities to this day
