Exploring Our Greater Realities Bill Wallace, 2025-09-29 We are all divine beings undergoing a physical experience that both challenges and enriches us in ways that our conscious minds can barely comprehend Our inherent truths our divine birthright has been hidden from us for millennia in order to control us and retard our awakening but the era of illusion is almost at its end There are many truths that have been hidden from us for a very long time upon this physical plane and many agendas that have been hidden from us are on the verge of coming to light I was asked to share certain messages that were given to me in love and as more of us awaken every day all of the wonderful drama that life upon Earth gifts us will begin to have true context as we remember who and what we are and then begin to truly blossom in love *Giving Change*

A paper read at the third annual conference of the Church of England Clerical & Lay Association (Midland District), ... June 17th, 1862. ... Second edition** Henry WRIGHT (Prebendary of St. Paul's.),1863 The Theological and Literary Journal ,1850 John Henry Newman and the Imagination Bernard Dive,2018-05-17 For John Henry Newman religion is animated by an imaginative master vision which supplies the mind with spiritual life and peace All his life Newman reflected on this master vision His reflections on the moral imagination developed out of his understanding of practical wisdom as characterized by Aristotle the wisdom that the good man has in living a good life For Newman the vision at the core of religion completes and perfects the intuitions of the conscience John Henry Newman and the Imagination looks at how Newman s understanding of the moral and visionary imagination developed over the course of his life and it relates his ideas about the imagination to his portrayals of religious experience and vision in his novels and poetry
