The Great Transition Political And Social Change In The Republic Of China:

The great transition : political and social change in the Republic of China Hung-Mao Tien,1989 The Great Transition Hongmao Tian,1989 **Two Societies in Opposition: The Republic of China and the People's Republic of China After Forty Years** Ramon Hawley Myers,1991 **Revival: Taiwan's National Security: Dilemmas and Opportunities (2001)** Alexander C. Tan,Steve Chan,2017-07-28 This title was first published in 2001 Clearly structured and very accessible this book rigorously examines the key issues affecting Taiwan s increasingly precarious position as an independent nation An impressive supplementary resource text for Asian politics and international relations courses

Politics in China William A. Joseph,2019 On October 1 2019 the People s Republic of China PRC will celebrate the 70th anniversary of its founding And what an eventful and tumultuous seven decades it has been During that time under the leadership of the Chinese Communist Party CCP China has been transformed from one of world s poorest countries into one of its fastest growing economies and from a weak state barely able to govern or protect its own territory to a rising power that is challenging the United States for global influence But in the late 1950s the PRC experienced the most deadly famine in human history caused largely by the actions and inactions of its leaders Not long after there was a collapse of government authority that pushed the country to the brink of and in some places actually into civil war and anarchy And in 1989 the CCP unleashed the army to brutally crush demonstrations by students and others calling for political reform China is now for the most part peaceful prospering and proud The CCP maintains a firm grip on power through a combination of harsh repression and popular support largely based on its recent record of promoting rapid economic growth Yet the party and country face serious challenges on many fronts including a slowing economy environmental desecration pervasive corruption extreme inequalities ethnic unrest and a rising tide of social protest Politics in China provides an accessible yet authoritative introduction to how the world s most populous nation and rapidly rising global power is governed today The third edition has been extensively revised thoroughly updated and includes a new chapter on the internet and politics in China The book s chapters provide overviews of major periods in China s modern political history from the mid nineteenth century to the present examinations of key topics in contemporary Chinese politics and analyses of developments in four important areas located on China s geographic periphery Tibet Xinjiang Hong Kong and Taiwan **Taiwan: A New History** Murray A. Rubinstein,2024-11-01 This book explores Taiwan s development from its formal beginnings as a political entity to a home for a Ming loyalist regime to a Ch ing prefecture and province to its half century as a Japanese possession and to fifty years as the home of the Kuomintang controlled Republic of China Words Like Colored Glass Daniel K Berman,2019-03-15 A study of the contribution of the Press to the democratization process in Taiwan Combining ideas from political science communication theory and Chinese studies the author challenges conventional wisdom on the subject **Hong Kong SAR** Beatrice Leung,1997 There are already many books on the challenges facing the Hong Kong Special Administrative Region

SAR but this volume has a distinct contribution to make by offering an analysis of the evolving political order in Hong Kong and its international role The team of authors comes from tertiary institutions within and outside Hong Kong and they all have been studying the territory for many years The authors focus on the plans of the Chinese authorities and the expectations of Hong Kong people The gap between the two and the associated difficulties are then analysed The authors also examine the possibilities of crises emerging as well as the contingency plans formulated to deal with them The Soldier and the Citizen Monte R. Bullard, 2016-09-16 A soldier citizen describes the role of the Republic of China's military in the political socialization of Taiwan's citizens during the first two decades after the loss of the Chinese mainland **Welfare Capitalism in Taiwan** Y. Ku, 1997-08-04 This book explores the development of state welfare in Taiwan focusing on the interconnection between capitalist development and state welfare from 1895 to 1990 using an integrated Marxist perspective to which the capitalist world system state structure ideology and social structure are considered simultaneously It argues that neither citizenship nor welfare needs were the concern of Taiwanese social policies A decline in legitimacy and risen social movements forced the state to expand welfare namely the National Health Insurance in the 1980s
