

The Grasping Imagination

THE AMERICAN WRITINGS OF HENRY JAMES

Peter Buitenhuis

The Grasping Imagination The American Writings Of Henry James

Kathleen McDonald, Anne S. Jung

The Grasping Imagination The American Writings Of Henry James:

The Grasping Imagination Peter Martinus Buitenhuis, 1970-12-15 There has been almost no study of the American writings of Henry James that is the fiction essays and travel literature with an American setting The great bulk of Jamesian criticism deals with the international novels particularly his late works This study places James's career in a new perspective by discussing its American aspect It gives the critic an opportunity to come to grips with the evolution of James's technique from his second short story to his penultimate unfinished novel *The Ivory Tower* *The Grasping Imagination* Ian Macmillan Ward, 1970

Teaching the Short Fiction of Henry James Kathleen McDonald, Anne S. Jung, 2022-08-01 Henry James stands as one of the preeminent writers of the late 19th early 20th century period however the world he wrote about has since disappeared This collection of essays provides pedagogical assistance for several of his short stories including *The Jolly Corner* *The Europeans* and *Travelling Companions* and his most anthologized longer works It is aimed at instructors who do not consider themselves experts on James work Each essay approaches a single work offering a critical analysis as well as providing pedagogical suggestions for how to introduce both the work and the relevant social issues to students of the 21st century

Henry James and the Writing of Race and Nation Sara Blair, 1996-01-26 This 1996 book describes a new Henry James who rather than being paraded as a beacon of high culture actually expresses a nuanced understanding of and engagement with popular culture Arguing against recent trends in critical studies which locate racial resistance in popular culture Sara Blair uncovers this resistance within literature and high modernism She analyses a variety of texts from early travel writing to *The Princess Casamassima* *The American Scene* and *The Tragic Muse* always setting the scene through descriptions of key events of the time such as Jack the Ripper's murders Blair makes a powerful case for reading James with a sense of sustained contradiction and her project absorbingly argues for the historical and ongoing importance of literary texts and discourses to the study of culture and cultural value

Henry James as a Biographer Willie Tolliver, 2014-02-04 This study of Henry James's biographies of Nathaniel Hawthorne and William Wetmore Story offers an argument that he deserves greater recognition for his contributions to the development of biography based on his implicit theory of biography found in his critical commentary and on these two complicated and ultimately artistically innovative performances in the genre Although James maintained an ambivalent relationship to the art of biography in his reviews criticism letters and fiction he wrote about biography from a core of aesthetic conviction that constitutes an informal poetics It is necessary thus to scrutinize the ways in which James's theoretical convictions particularly his insistence on artistic unity fail him when he writes two biographies himself Both Hawthorne 1879 and William Wetmore Story and *His Friends* 1903 fail to cohere in the way traditional biographies achieve unity Neither work has at its center a dynamic and fully dimensional apprehension of the biographical subject Instead James violates one of his own essential biographical tenets He usurps his subject and places himself at the center of what should be a narrative of his subject's life The results fall short of fully achieved biography but

they do not fall short of literary interest In order to write these books according to his own genius James had to reinvent the form They are rife with innovations chief among them his great experimentation with narrative point of view here brought to bear on biography This concept and others survey the terrain for the important biographical practitioners and theorists who follow him For this reason a special place must be found for James in pantheon of experimental biographers *Henry James Writes New York* Leonardo Buonomo,2024-10-30 This book offers the first full length study of Henry James s relationship with and literary treatment of New York It shows how the city whether observed or reimagined always remained an essential component of James s identity New York compelled James to confront both his status as an American born male artist and his age s prevailing notions of gender sexuality class citizenship and success Tracing James s attachment to the city and how it evolved during his lifetime this book examines a wide range of James s works from his short stories and novels to his non fiction writing *The Theoretical Dimensions of Henry James* John Carlos Rowe,2009-08-27 Rowe examines James from the perspectives of the psychology of literary influence feminism Marxism psychoanalysis literary phenomenology and impressionism and reader response criticism transforming a literary monument into the telling point of intersection for modern critical theories **A Historical Guide to Henry James** John Carlos Rowe,Eric Haralson,2012-02-16 An excellent primer to the work and milieu of Henry James this collection of essays highlights the historical and cultural issues that influenced the great novelist **Henry James: A Literary Life** Kenneth Graham,1995-06-12 This comprehensive account of the writing life of Henry James aims at providing a critical overview of all his important writings firmly set in two contexts that of James s practical career as a novelist in America England and Europe and that of the literary and intellectual climate of his time By tracing the complex development of his career under such headings as American and Romantic Victorian and Realist Crisis and Experiment and Master and Modernist it gives a dynamic portrait both factual and interpretative of one of the greatest and most prolific novelists in the language whose many sided career began in the time of Thackeray and Dickens and ended by ushering in the writings of Joyce and Woolf **The Dangers of Interpretation** Ilona Treitel,2019-08-22 First published in 1996 This comparative study investigates thematic and technical similarities in the works of the two authors who shared a cultural heritage and achieved comparable status in their separate literary traditions Drawing upon theories by Bloom Bakhtin and Lacan the book examines ways in which Henry James and Thomas Mann treat the creative artist and analyze the creative and interpretive processes in their fiction The texts covered range from early works to their great modern novels *The Golden Bowl* and *Doctor Faustus* To a great extent the similarities between the works stem from the authors preoccupation with artistic responsibility Adopting Bloom s claim that the creative activity is an interpretive one and that the reader as well as the writer interprets a text into being the book also investigates the reader s responsibility in confronting the dilemmas challenging James and Mann s artist figures Such challenges are the dangers of interpretation discussed in this book Index Bibliography

This is likewise one of the factors by obtaining the soft documents of this **The Grasping Imagination The American Writings Of Henry James** by online. You might not require more times to spend to go to the book instigation as skillfully as search for them. In some cases, you likewise get not discover the broadcast The Grasping Imagination The American Writings Of Henry James that you are looking for. It will entirely squander the time.

However below, in the manner of you visit this web page, it will be in view of that certainly simple to get as capably as download guide The Grasping Imagination The American Writings Of Henry James

It will not say you will many get older as we explain before. You can attain it while function something else at home and even in your workplace. in view of that easy! So, are you question? Just exercise just what we come up with the money for under as competently as evaluation **The Grasping Imagination The American Writings Of Henry James** what you considering to read!
