Oblivion's Galaxy - The Complete Trilogy Dylan McFadyen, 1900 First Lieutenant Shaara was dead this morning Her captain is furious at her She wasted company resources getting herself killed and it's coming out of her paycheck Now she's sitting across from the first other human being she's seen in six years His name is Adnan He claims to come from Earth but that's impossible Earth died a long time ago If Adnan's telling the truth he and the decaying ship the captain pulled him off are nearly a thousand years old Wherever he's from he's Shaara's responsibility now Which is the last thing she needs But it's either that or the captain sells Adnan into slavery Shaara knows what that would mean Most humans do And something inside her won't let her abandon Adnan to it revenant memories stabbed awake by the look in his eyes Facing those memories won't be easy It'd be far easier to ignore the feeling driving her forward Far easier to let it all go to hell and drift back to sleep Until a shadowy new faction starts stoking the fires of war They're looking for Adnan Earth's last survivor holds the key to unleash a terrible indiscriminate vengeance on the galaxy that wronged them Who they are is a mystery to everyone but Shaara Hard as she's tried to forget she knows them all too well Which means she's the only one who can stop them The question is does she want to Maybe the galaxy's earned a little vengeance The first book in the trilogy *Oblivion's Cloak* won First Place in the Space Opera category at the 2023 Cygnus Awards

The Language of Memory in a Crosslinguistic Perspective Mengistu Amberber, 2007 This book offers for the first time a detailed comparative study of how speakers of different languages express memory concepts While there is a robust body of psycholinguistic research that bears on how memory and language are related there is no comparative study of how speakers themselves conceptualize memory as reflected in their use of language to talk about memory This book addresses a key question how do speakers of different languages talk about the experience of having prior experiences coming to mind remembering or failing to come to mind forgetting A complex array of answers is provided through detailed grammatical and semantic investigation of different languages including English German Polish Russian and also a number of non Indo European languages Amharic Cree Dalabon Korean and Mandarin In addition the book calls for a broader interdisciplinary engagement by urging that cognitive semantics be integrated with other sciences of memory

Oblivion's Triumph Dylan McFadyen, 2023-08-24 Shaara is running out of friends The sacrifices she and Warden made two years ago bought the League time not victory The war against the Undying has left them exhausted drained of everything but hope and precious little of that The simple fact is that the Undying are going to win Warden knows it Shaara knows it The Undying sure as hell know it Until out of the black the Eternal comes to Shaara with an offer she can't refuse however much she'd like to The threat he warned her about two years ago is real and now it's come calling It cares nothing for their little war All life in the galaxy Undying or not will end if it spreads unchecked Shaara and the Eternal have little choice but to work together to destroy it At least for now But people on both sides aren't happy with an alliance however temporary Some of them are willing to risk all that lives just for a shot at

power and revenge If Shaara can't find a way to defeat them she and the few friends she has left will lose more than their lives They'll lose everything **Oblivion's Children** Jim Wegrzyn, Roland James, 2001 Robots are merely machines until they escape the bounds of programming and reveal that spark called free will Yet that gift of consciousness may be only an illusion a facade of elaborate imitation Not even Turing's test can prove otherwise But there is a way they can show their soul If they were asked to help save humankind could they If so would they *Valentin Kataev* Robert Russell, 1981 Biography and literary analysis of Valentin Petrovich Kataev Russian and Soviet novelist and playwright who managed to create penetrating works discussing post revolutionary social conditions without running afoul of the demands of official Soviet style
