The Great Arab Conquests:

The Great Arab Conquests Hugh Kennedy, 2007 The success of the Muslim conquests was the product of a unique set of circumstances and the preaching of a simple new monotheistic faith There were many features of Islam that would have made it approachable to Christians and Jews It had a Prophet a Holy Book established forms of prayer dietary and family laws Abraham and Jesus were both great prophets in the Muslim tradition From the very beginning Islam established itself as a new faith but it was one that claimed to perfect rather than destroy the older monotheistic ones It had none of the strangeness of say Buddhism These similarities this common tradition must have aided and encouraged conversion In the final analysis the success of the Muslim conquest was a result of the unstable and impoverished nature of the whole post Roman world into which they came the hardiness and self reliance of the Bedouin warriors and the inspiration and open quality of the new religion of Islam Book jacket *The Great Arab Conquests* Hugh Kennedy, 2008-12-09 In this engaging history world renowned historian Hugh Kennedy deftly sews together the stories of the people armies and events that conquered an area from Spain to China in just over 100 years **The Great Arab Conquests** Sir John Bagot Glubb, 1966

The Great Arab Conquests Hugh Kennedy, 2010-12-09 A popular history of the Arab invasions that carved out an empire from Spain to China Today s Arab world was created at breathtaking speed Whereas the Roman Empire took over 200 years to reach its fullest extent the Arab armies overran the whole Middle East North Africa and Spain within a generation They annihilated the thousand year old Persian Empire and reduced the Byzantine Empire to little more than a city state based around Constantinople Within a hundred years of the Prophet s death Muslim armies destroyed the Visigoth kingdom of Spain and crossed the Pyrenees to occupy southern France This is the first popular English language account of this astonishing remaking of the political and religious map of the world Hugh Kennedy s sweeping narrative reveals how the Arab armies conquered almost everything in their path One of the few academic historians with a genuine talent for story telling he offers a compelling mix of larger than life characters battles treachery and the clash of civilizations *The Great Arab Conquests* John Glubb, 2025-02-03 A fascinating account of the fifty years of major conquests that established the vast Arabian empire shortly after Mohammed s death changing the Middle East forever This record of the history of Arabian expansion and its Bedouin people is the perfect read for fans of T E Lawrence Hugh Kennedy Justin Marozzi and Robert G Hoyland For the Bedouin tribes of Central Arabia the years A D 630 to A D 680 were transformative as through their religious fervour and courage they established one of the greatest empires in all history second only to the achievements of Alexander the Great Their scope and success were all the more remarkable for the lack of a trained disciplined army or any central organisation and despite the existence of tribal divisions and the personal ambitions of this warlike people Using his deep personal understanding of the history and characteristics of the Bedouin people gained during time living amongst them original Arabic sources and European translations Glubb provides an insightful and thought provoking read Among the

most astonishing and significant events in human history Times Literary Supplement Sir John Glubb s unique insight into Arab mentality has enabled him to write a fascinating account of his subject The Sunday Telegraph A scholarly work by Sir John Glubb whose obvious fascination with his subject transforms the driest and dustiest desert war into a thing of excitement and suspense Evening News Praise for John Bagot Glubb s Great Arab History Sir John Glubb as always a clear guide illuminating history by the fruits of his own experience The Times Few men are better qualified to bring such a period to life The Sunday Times **The Great Islamic Conquests AD 632-750** David Nicolle,2012-06-20 Few centuries in world history have had such a profound and long lasting impact as the first hundred years of Islamic history In this book David Nicolle examines the extensive Islamic conquests between AD 632 and 750 These years saw the religion and culture of Islam erupt from the Arabian Peninsula and spread across an area far larger than that of the Roman Empire The effects of this rapid expansion were to shape European affairs for centuries to come This book examines the social and military history of the period describing how and why the Islamic expansion was so successful *The Great Arab Conquests* Sir John Bagot Glubb (dit Glubb Pacha.),1963 *The Arab Conquests of the Middle East* Brendan January,2009-01-01 An illustrated history of the Arab conquests of the Middle East begins with Muhammad s life and revelations and covers events from the early period of the Muslim community as it struggled to survive to its expansion and dominance over the Arabian peninsula
