The Great Code The Bible And Literature

Northrop Frye

The Great Code The Bible And Literature:

The Great Code Northrop Frye, 2006-01-01 Considered by many to be Northrop Frye's magnum opus *The Great Code* 1982 reflects a lifetime of thinking about the patterns and meanings of the Bible In this new edition of *The Great Code* Alvin A Lee presents a corrected and fully annotated version of Frye's text as well as a comprehensive introduction to help contextualize this important work and guide readers through its allusive passages Lee's introduction provides a synoptic account of the role of the Bible in Frye's intellectual and spiritual odyssey as well as a description of how *The Great Code* as a book came into existence and an introductory critique of the shape and meaning of the book's argument *The Great Code* is culturally allusive to a high degree It takes much of its inspiration from the Bible itself including a profusion of biblical passages but also from the author's extensive reading of a host of other texts from ancient times until the late twentieth century Lee's extensive annotation illustrates beyond question that Frye's knowledge of the Bible and how it has worked in Western culture was at once profound and visionary This new edition not only re-presents Frye's text in a clear correct and fully annotated form it goes a long way in helping us understand the widespread scholarly and popular reception that met this extraordinary and in some ways revolutionary book and how it can still be richly rewarding for readers *The Great Code* Northrop Frye, 1982 An examination of the influence of the Bible on Western art and literature and on the Western creative imagination in general Frye persuasively presents the Bible as a unique text distinct from all other epics and sacred writings No one has set forth so clearly so subtly or with such cogent energy as Frye the literary aspect of our biblical heritage New York Times Book Review Indices **Great Code Penguin Modern Classics Edition** Northrop Frye, 2007-07-31 Canada's world renowned critic and scholar examines the Bible as the single most important influence in the imaginative tradition of Western art and literature **The Great Code** Northrop Frye, 2014-08-19 World renowned critic and scholar Northrop Frye examines the Bible as the single most important influence in the imaginative tradition of Western art and literature Frye rejects both the dogmatic and literal interpretations while celebrating the uniqueness of the Bible as distinct from all other epics and sacred texts His highly original analysis shows the Bible as redeeming history with a visionary poetic perspective that complements science in the understanding of man's nature **Encyclopedia of Contemporary Literary Theory** Irene Rima Makaryk, 1993-01-01 The last half of the twentieth century has seen the emergence of literary theory as a new discipline As with any body of scholarship various schools of thought exist and sometimes conflict within it I R Makaryk has compiled a welcome guide to the field Accessible and jargon free the *Encyclopedia of Contemporary Literary Theory* provides lucid concise explanations of myriad approaches to literature that have arisen over the past forty years Some 170 scholars from around the world have contributed their expertise to this volume Their work is organized into three parts In Part I forty evaluative essays examine the historical and cultural context out of which new schools of and approaches to literature arose The essays also discuss the uses and limitations of the various

schools and the key issues they address Part II focuses on individual theorists It provides a more detailed picture of the network of scholars not always easily pigeonholed into the categories of Part I This second section analyses the individual achievements as well as the influence of specific scholars and places them in a larger critical context Part III deals with the vocabulary of literary theory It identifies significant complex terms places them in context and explains their origins and use Accessibility is a key feature of the work By avoiding jargon providing mini bibliographies and cross referencing throughout Makaryk has provided an indispensable tool for literary theorists and historians and for all scholars and students of contemporary criticism and culture

The Great Code [braille] : the Bible and Literature Northrop Frye,1989 The Reception of Northrop Frye ,2021-08-31 The widespread opinion is that Northrop Frye s influence reached its zenith in the 1960s and 1970s after which point he became obsolete his work buried in obscurity This almost universal opinion is summed up in Terry Eagleton s 1983 rhetorical question Who now reads Frye In The Reception of Northrop Frye Robert D Denham catalogues what has been written about Frye books articles translations dissertations and theses and reviews in order to demonstrate that the attention Frye s work has received from the beginning has progressed at a geomantic rate Denham also explores what we can discover once we have a fairly complete record of Frye s reception in front of us such as Hayden White s theory of emplotments applied to historical writing and Byron Almon s theory of musical narrative The sheer quantity of what has been written about Frye reveals that the only valid response to Eagleton s rhetorical question is a very large and growing number the growth being not incremental but exponential

Mercer Dictionary of the Bible Watson E. Mills,Roger Aubrey Bullard,1990 Jesus Christ in History and Scripture highlights two related bases for the current revolution in Jesus studies 1 a critically chastened world view that is satisfied with provisional results and 2 a creative or poetic use of the sources of study of Jesus

Collected Works of Northrop Frye: The great code: the Bible and literature Northrop Frye,1996 **The Northrop Frye Quote Book** Northrop Frye,2014-02-24 Here is a specialized dictionary of quotations based on the thoughts and writings of a single person It is evidence that there is a Canadian writer of whom it may be said that we as his readers can grow up inside his work without ever being aware of a circumference
