Laura Cowan, 2015-05-21 Bringing new insights from genre theory to bear on the work of the journalist and novelist Rebecca West this study explores how West s use of and combinations of multiple genres often in single works was informed and furthered by her subversive feminist goals Rebecca West s Subversive Use of Hybrid Genres analyzes West s sense of genres as dynamic and strategic processes with transgressive political ends rather than as fixed and reified taxonomies a radical new approach at the time that is now mirrored in much contemporary theory Surveying her oeuvre from this point of view the book goes on to examine systematically West s writing from 1911 1941 including her early journalism and criticism such novels as *The Return of the Soldier* and her controversial multi genre epic *Black Lamb and Grey Falcon* *Women and the Great War* Allison Scardino Belzer, 2010-09-15 Drawing on both wartime discourse about women and the voices of individual

women living at the Italian Front Allison Belzer analyzes how women participated in the Great War and how it affected them The Great War transformed women into purveyors and recipients of a new feminine ideal that emphasized their status as national citizens Although Italian women did not gain the vote they did encounter a less empowering form of female citizenship just after the war ended with Mussolini's Fascism Because of the Great War many women seized the opportunity to participate in a society that continued to recognize them as guardians of the nation
