The Greenwood Encyclopedia of Homes through World History James M.

Steele, 2009-03-30 The house throughout history in every place in the world has been built to provide shelter from the elements The dwellings that have resulted are as different as the people that have built them the social norms that prevailed at the time and place in which they were built and the natural environment that they adapted to Studying them now in a comprehensive way allows us to understand the social political economic and religious conditions that existed for their inhabitants They are a three dimensional record of culture Twenty four pages of color images along with black and white images through three volumes illustrate the homes of people throughout the world The volumes cover ancient times to the late Middle Ages the Renaissance to the Industrial Revolution and the Post Industrial Revolution to the Present

The Greenwood Encyclopedia of Daily Life in America Randall M. Miller, 2008-12-30 The course of daily life in the United States has been a product of tradition environment and circumstance How did the Civil War alter the lives of women both white and black left alone on southern farms How did the Great Depression change the lives of working class families in eastern cities How did the discovery of gold in California transform the lives of native American Hispanic and white communities in western territories Organized by time period as spelled out in the National Standards for U S History these four volumes effectively analyze the diverse whole of American experience examining the domestic economic intellectual material political recreational and religious life of the American people between 1763 and 2005 Working under the editorial direction of general editor Randall M Miller professor of history at St Joseph's University a group of expert volume editors carefully

integrate material drawn from volumes in Greenwood's highly successful Daily Life Through History series with new material researched and written by themselves and other scholars. The four volumes cover the following periods: The War of Independence and Antebellum Expansion and Reform 1763-1861; The Civil War, Reconstruction and the Industrialization of America 1861-1900; The Emergence of Modern America; World War I and the Great Depression 1900-1940; and Wartime, Postwar and Contemporary America 1940-Present. Each volume includes a selection of primary documents, a timeline of important events during the period, images illustrating the text, and extensive bibliography of further information resources, both print and electronic, and a detailed subject index.

The Greenwood Library of World Folktales Thomas A. Green, 2008-02-28. From the Amazon to the Arctic, the world is teeming with diverse cultures. There's no better way for students to explore the world's cultural diversity than through its folktales. Presenting tales from the foundations of the world's traditions, literature, daily life, and popular culture, *The Greenwood Library of World Folktales: Stories from the Great Collections* gathers together a vast array of folktales and arranges them according to region or cultural group, thus allowing students to quickly and conveniently learn about the tales of particular cultures. Some of these stories have been told for centuries, while others have emerged only in recent times. The four-volume set includes introductory essays, in addition to explanatory headnotes, and provides bibliographies on particular regions as well as a selected general bibliography. The most comprehensive work of its kind, this set gives students and general readers a guided tour of the world's folktales. Each volume of the set is devoted to a particular broad geographic region: Volume 1, Africa, The Middle East, Australia and Oceania; Volume 2, Asia; Volume 3, Europe; Volume 4, North and South America. Accessible, informative, and entertaining, this book will help literature students learn how to analyze texts and understand the traditions at the heart of many of the world's literary masterpieces. It will also help social studies students learn about the world's cultures and respect ethnic diversity.

The Constitution Gloria J. Browne-Marshall, 2020-09-30. *The Constitution: Major Cases and Conflicts* provides students with a road map through the evolution of the Supreme Court, giving clarity to complex issues. This book has chosen pivotal cases based on the importance of the decisions in law, history, and American society. *The Constitution* has full decisions, not mere excerpts, allowing students to read for themselves and fully understand the logic of the Supreme Court majority and dissenters. These cases involve criminal justice, civil liberties, state's rights, gender, and racial justice, as these issues correspond with the balance of powers between the three branches of government. The cases are placed in a historical context with thoughtful questions for discussion. Readers will follow the Supreme Court as it grapples with slavery in early colonial America to 21st-century concerns regarding same-sex marriage and technology.

Publication, 1993
