The Growing Dim Project Life Of Death:

The Growing Dim Project, Life of Death Nicholas A. McGirr, 2005-05 It was one day in October that a family's life would be forever changed Some could say for the better while others may argue for the worse Kay Wagner a registered nurse since 1985 spent most of her professional career in critical care settings Her love has been in caring for patients in the specialized area of neurology neurosurgery those with such disorders as strokes back and spinal cord injuries aneurysms and brain tumors Never in her wildest dreams could she have imagined that such skills would be put to the test in her own personal life Her oldest daughter Kara would be diagnosed with a brain cyst that was to be surgically treated with a shunt Acting on her professional instincts as a nurse and more importantly on her gut instincts as a mother she delves deeper into her daughter's diagnosis and finds that Kara had not only a cyst but a rare malignant brain tumor Kara's Courage is a heartwarming true story that will take you on a journey of uncertainty fear and humbleness as experienced by the author in her forever conflicting roles as a nurse and as a mother from the other side of the stretcher

The Persephone Myth in Young Adult Fiction Cristina Salcedo González, 2024-12-12 Investigating the widespread but understudied presence of the Persephone myth within 21st century young adult literature Cristina Salcedo González analyses six young adult novels which incorporate a reworking of this ancient Greek myth Through the identification of mythic themes mythemes and patterns within these novels González shows that these works evoke the female life cycle and develop current perceptions of the female maturational experience As a result Salcedo González makes an important contribution in establishing the cultural significance of young adult literature in the world of classical reception These novels all written by women also inflect or interpret the myth in ways influenced by their contemporary contexts specifically the impact of the novels target readership on the aspects of the myth that are either emphasised e g Persephone's descent into the underworld her existence there and her re ascent or de emphasised e g the mourning and wanderings of Demeter This book makes original methodological contributions through its innovative dual perspective of myth criticism and classical reception to our understanding of the academically neglected genre of young adult literature and the reception of the myth of Persephone As a result Salcedo González significantly contributes to establishing the cultural significance of young adult literature within the realm of classical reception

God in the Whirlwind Tim Ellsworth, 2008 When a powerful EF 4 tornado with winds in excess of 200 miles per hour slammed the Union University campus on February 5 2008 destroying eighteen dormitory buildings and causing 40 million in damage the immediate assumption was that dozens if not hundreds of lives would have been lost Miraculously nobody died and the next morning major media outlets flocked to Jackson Tennessee where Union students and faculty credited God for their survival and got to share their faith with millions worldwide God in the Whirlwind recounts the entire experience through twenty eye of the storm accounts from those who saw the walls and ceilings crashing down upon them and felt their ears pop as the pressure dropped from anxious parents who waited for their child's call and from Union leaders

who marvel at the university's unbroken spirit in the face of such devastation This inspiring book also includes eighty photographs that visualize God's mighty hand upon nature and his gentle hand of grace *Faith, Film and Philosophy* R. Douglas Geivett, James S. Spiegel, 2009-09-20 Those who tell stories rule society Plato So who today are our principal storytellers Not philosophers but filmmakers For those who know both the enormous entertainment potential and the culture shaping power of film this book will stir mind and imagination For great stories freight world sized ideas ideas worthy of contemplation and conversation Great cinema inspires wonder But another philosopher Aristotle reminds us that wonder is the true source of philosophy So perhaps Plato or Aristotle might have a shot at ruling society even today if they took an interest in film These fourteen essays consider classic and current films together with several major philosophical themes all within the context of Christian faith 1 the human condition 2 the human mind and the nature of knowing 3 the moral life and 4 faith and religion Citizen Kane Big Fish and Pretty Woman contribute to an in depth consideration of the human condition The Truman Show The Matrix Being John Malkovich and It's a Wonderful Life among others illuminate reflection on the human mind and the nature of knowing Looking at the moral life contributors interact with such notable films as Pleasantville Bowling for Columbine Mystic River and The Silence of the Lambs The final section pursues the theme of faith and religion traced through a number of Hong Kong martial arts films Contact 2001 A Space Odyssey and U2's music documentary Rattle and Hum A veritable film festival for all those who want to nurture the wonder of philosophical inquiry and the love of Christian theology through an engagement with the big ideas on the big screen Can Science and Technology Save China? Susan Greenhalgh, Li Zhang, 2020-02-15 Can Science and Technology Save China assesses the intimate connections between science and society in China offering an in depth look at how an array of sciences and technologies are being made how they are interfacing with society and with what effects Focusing on critical domains of daily life the chapters explore how scientists technicians surgeons therapists and other experts create practical knowledges and innovations as well as how ordinary people take them up as they pursue the good life Editors Greenhalgh and Zhang offer a rare up close view of the politics of Chinese science making showing how everyday logics practices and ethics of science medicine and technology are profoundly reshaping contemporary China By foregrounding the notion of governing through science and the contested role of science and technology as instruments of change this timely book addresses important questions regarding what counts as science in China what science and technology can do to transform China as well as their limits and unintended consequences *The Cambridge History of Classical Literature* E. J. Kenney, W. V. Clausen, 1982 The Cambridge History of Classical Literature provides a comprehensive critical survey of the literature of Greece and Rome from Homer till the Fall of Rome This is the only modern work of this scope it embodies the very considerable advances made by recent classical scholarship and reflects too the increasing sophistication and vigour of critical work on ancient literature The literature is presented throughout in the context of the culture and the social and historical processes of which it is an

integral part The overall aim is to offer an authoritative work of reference and appraisal for one of the world's greatest continuous literary traditions The work is divided into two volumes each with a similar and broadly chronological structure Among the special features are important introductory chapters by the General Editors on Books and Readers discussing the conditions under which literature was written and read in antiquity There are also extensive Appendices on Authors and Works giving detailed factual information in a convenient form Technical annotation is otherwise kept to a minimum and all quotations in foreign languages are translated
