Tales and Trails Lynn Martel, 2011-06-15 Since moving to the Rockies of western Canada in 1984 Lynn Martel has spent countless hours and days exploring the mountain wilderness with her many experienced friends as well as some of the best known and well informed professional guides in the outdoor adventure business Waking up in tents and backcountry huts hiking and skiing up valleys over passes and across glaciers rock climbing mountain biking caving paddling and horseback riding have all become

integral parts of Martel's life in the Mountain West. Since the mid 1990s Martel has shared the beauty and the magic of the region's inspiring wilderness destinations through finely crafted tales of her own adventures and also those of the Rockies' most colourful and iconic adventure personalities. Her vast amount of experience and insight into the most popular activities available to tourists, locals and the most skilled and competent weekend warriors infuse this collection of 20 of her best adventure stories. Complete with colour photographs and maps, difficulty ratings, seasonal details and general information, these stories will inspire those seeking to experience adventures at their own level in and around Kananaskis Country, Canmore, Lake Louise and Banff, Yoho and Jasper national parks.

Ski Trails and Wildlife Eric Burr, 2008-05-08. Snow sports are usually the first step to learning about snow country wildlife, which is only as safe as knowledgeable people want it to be. Unfortunately, knowledge is too often lacking and skiing is perceived as detrimental to wildlife. Reality is that skiing in all its many forms, from ski lift resorts to far-flung Scandinavian style ski touring, holds the keys to wildlife conservation and restoration. No amount of litigation can change this basic fact of life, although the Mineral King Case from the Supreme Court of the United States certainly changed the legal landscape for all environmental litigation. Mineral King's near miss at becoming another ski lift avalanche disaster area preceded Early Winters, another almost ski lift area which shares the honor of being a Supreme Court case and is the last chapter of this book. Olympic National Park is the other ski history explored so that the National Parks are given equal emphasis with America's National Forests and Canada's Crown Lands. An extensive bibliography also includes many electronically available sources. The language is not technical and no prior experience with either skiing or wildlife is presumed. The book is primarily written for both skiing and wildlife enthusiasts who may not know much about each other. It is intended as a peace offering to hopefully prevent future ski wars and unnecessary trips through the legal system. That effort could be better spent restoring wildlife and the life support system of our circumpolar boreal forest.

Ski Trails in the Canadian Rockies Rick Kunelius, 1977. *Moon Banff National Park* Andrew Hempstead, 2022-12-06. Banff sparkles as the crown jewel of Canada's national parks. Explore the best of it with *Moon Banff National Park*. Inside you'll find strategic, flexible itineraries including the Best of Banff and highlights for a day trip. The Best Hikes in Banff. Find the right trek for you with details on length, elevation, gains, difficulty levels and trailheads. Experience the Outdoors.
