The background of the poster is a dark, industrial, and futuristic setting. A large, metallic, mechanical structure, possibly a ship or a large machine, dominates the upper half. Bright, glowing light beams or energy pulses emanate from the structure, creating a sense of high-tech action. The overall color palette is dark with highlights of blue, white, and yellow from the light effects.

The Modern Amazons James Ursini,2006-03-01 The Modern Amazons Warrior Women on Screen documents the public s seemingly insatiable fascination with the warrior woman archetype in film and on television The book examines the cautious beginnings of new roles for women in the late fifties the rapid development of female action leads during the burgeoning second wave feminist movement in the late sixties and seventies and the present day onslaught of female action characters now leaping from page to screen The book itself is organized into chapters that group women warriors into sub genres e g classic Amazons like Xena Warrior Princess and the women of the Conan films superheroes and their archenemies such as Wonder Woman Batgirl and Catwoman revenge films such as the Kill Bill movies Sexploitation and Blaxploitation films such as Coffy and the Ilsa trilogy Hong Kong cinema and warriors like Angela Mao Cynthia Rothrock and Zhang Ziyi sci fi warriors from Star Trek Blade Runner and Star Wars supersleuths and spies like the Avengers and Charlie s Angels and gothic warriors such as Buffy the Vampire Slayer and Kate Beckinsale in Underworld and Van Helsing In addition the book is lavishly illustrated with over 400 photos of these popular culture icons in action interesting articles and sidebars about themes trends weapons style and trivia as well as a complete filmography of more than 150 titles

Propaganda and Information Warfare in the Twenty-First Century Scot Macdonald,2006-12-05 This is the first book to analyze how the technology to alter images and rapidly distribute them can be used for propaganda and to support deception operations In the past propagandists and those seeking to conduct deception operations used crude methods to alter images of real people events and objects which could usually be detected relatively easily Today however computers allow propagandists to create any imaginable image still or moving with appropriate accompanying audio Furthermore it is becoming extremely difficult to detect that an image has been manipulated and the Internet television and global media make it possible to disseminate altered images around the world almost instantaneously Given that the United States is the sole superpower few if any adversaries will attempt to fight the US military conventionally on the battlefield Therefore adversaries will use propaganda and deception especially altered images in an attempt to level the battlefield or to win a war against the United States without even having to fight militarily Propaganda and Information Warfare in the 21st Century will be of great interest to students of information war propaganda public diplomacy and security studies in general
