Sky Woman Falling:

Reasoning Together Craig S. Womack, Daniel Heath Justice, Christopher B. Teuton, 2008 A paradigm shift in American Indian literary criticism *The Great Law and the Longhouse* William Nelson Fenton, 1998 The Great Law a living tradition among the conservative Iroquois is sustained by celebrating the condolence ceremony when they mourn a dead chief and install his successor for life on good behavior This ritual act reaching back to the dawn of history maintains the League of the Iroquois the legendary form of government that gave way over time to the Iroquois Confederacy Fenton verifies historical accounts from his own long experience of Iroquois society so that his political ethnography extends into the twentieth century as he considers in detail the relationship between customs and events His main argument is the remarkable continuity of Iroquois political tradition in the face of military defeat depopulation territorial loss and acculturation to European technology Patricia Ann Lynch, 2004-01-01 Features over four hundred entries that explore such topics as the core beliefs of various tribes creation accounts and recurrent themes throughout North American native cultures The beliefs of many Native American peoples emphasize a close relationship between people and the natural world including geographical features such as mountains and lakes and animals such as whales and bison Therefore many of the myths of these peoples are stories of strange occurrences where animals or forces of nature and people interact These stories are full of vitality and have captured the attention of young people in many cases for centuries Native American Mythology A to Z presents detailed coverage of the deities legendary heroes and heroines important animals objects and places that make up the mythic lore of the many peoples of North America from northern Mexico into the Arctic Circle A comprehensive reference written for young people and illustrated throughout this volume brings to life many Native American myths traditions and beliefs Offering an in depth look at various aspects of Native American myths that are often left unexplained in other books on the subject this book is a valuable tool for anyone interested in learning more about various Native American cultures Coverage includes creation accounts from many Native American cultures influences on and development of Native American mythology the effects of geographic region environment and climate on myths core beliefs of numerous tribes recurrent themes in myths throughout the continent The beliefs of many Native American peoples emphasize a close relationship between people and the natural world **She Falls Again** Rosanna Deerchild, 2024-10-01 CBC BOOKS CANADIAN POETRY COLLECTIONS TO WATCH FOR IN 2024 CBC BOOKS BOOKS TO READ IN HONOUR OF THE NATIONAL DAY FOR TRUTH AND RECONCILIATION The Sky Woman has returned to bring down the patriarchy This book is about a poet who may or may not be going crazy who is just trying to survive in Winnipeg where Indigenous people especially women are being disappeared She is talking to a crow who may or may not be a trickster and who brings a very important message Sky Woman has returned and she is ready to take down the patriarchy This is poetry prose and dialogue about the rise and return of the matriarch It s a call to resistance a manifesto to the female self Cree poet and broadcaster Rosanna Deerchild is an

important voice for our time Her poems angry funny sad demand a new world for Indigenous women Archaeologies of the Heart Kisha Supernant, Jane Eva Baxter, Natasha Lyons, Sonya Atalay, 2020-02-13 Archaeological practice is currently shifting in response to feminist indigenous activist community based and anarchic critiques of how archaeology is practiced and how science is used to interpret the past lives of people Inspired by the calls for a different way of doing archaeology this volume presents a case here for a heart centered archaeological practice Heart centered practice emerged in care based disciplines such as nursing and various forms of therapy as a way to recognize the importance of caring for those on whom we work and as an avenue to explore how our interactions with others impacts our own emotions and heart Archaeologists are disciplined to separate mind and heart a division which harkens back to the origins of western thought The dualism between the mental and the physical is fundamental to the concept that humans can objectively study the world without being immersed in it Scientific approaches to understanding the world assume there is an objective world to be studied and that humans must remove themselves from that world in order to find the truth An archaeology of the heart rejects this dualism rather we see mind body heart and spirit as inextricable An archaeology of the heart provides a new space for thinking through an integrated responsible and grounded archaeology where there is care for the living and the dead acknowledges the need to build responsible relationships with communities and with the archaeological record and emphasize the role of rigor in how work and research is conducted The contributions bring together archaeological practitioners from across the globe in different contexts to explore how heart centered practice can impact archaeological theory methodology and research throughout the discipline **Call Your "Mutha"** Jane Caputi, 2020 The ecocide and domination of nature that is the Anthropocene does not represent the actions of all humans but that of Man the Western and masculine identified corporate military intellectual and political class that long has masked itself as the civilized and the human In this book Jane Caputi looks at two major myths of the Earth one ancient and one contemporary and uses them to devise a manifesto for the survival of nature which includes human beings in our current ecological crisis These are the myths of Mother Earth and the Anthropocene The former personifies nature as a figure with the power to give life or death and one who shares a communal destiny with all other living things The latter myth sees humans as exceptional for exerting an implicitly sexual domination of Mother Earth through technological achievement from the plow to synthetic biology and artificial intelligence Much that we take for granted as inferior or taboo is based in a splitting apart of inherent unities culture nature up down male female spirit matter mind body life death sacred profane reason madness human beast light dark The first is valued and the second reviled This provides the framework for any number of related injustices sexual racial and ecological This book resists this pattern in part by deliberately putting the dirty back into the mind the obscene back into the sacred and vice versa Ecofeminism and Environmental Justice argue for the significance and reality of the Earth Mother Caputi engages specifically with the powers of that Mother ones made taboo and even obscene throughout heteropatriarchal traditions Jane Caputi rejects misogynist

and colonialist stereotypes and examines the potency of the Earth Mother in order to deepen awareness of how our relationship to the Earth went astray and what might be done to address this Drawing upon Indigenous and African American ecofeminism ecowomanism green activism femme queer and gender non binary philosophies literature and arts Afrofuturism and popular culture images Call Your Mutha contends that the Anthropocene is not evidence so much of Man s supremacy but instead a sign that Mother Nature Earth faced with disrespect is turning away withdrawing the support systems necessary for life and continuance Caputi looks at contemporary narratives and artwork to consider the ways in which respect for the autonomous and potent Earth Mother and a call for their return has already reasserted itself into our political and popular culture **Iroquoian Women** Barbara Alice Mann,2000 Iroquoian Women The Gantowisas provides a thorough organized look at the social political economic and religious roles of women among the Iroquois explaining their fit with the larger culture Gantowisas means more than simply woman gantowisas is woman acting in her official capacity as fire keeping woman faith keeping woman gift giving woman leader counselor judge Mother of the People This is the light in which the reader will find her in Iroquoian Women Barbara Alice Mann draws upon worthy sources be they early or modern oral or written to present a Native American point of view that insists upon accuracy not only in raw reporting but also in analysis Iroquoian Women is the first book length study to regard Iroquoian women as central and indispensable to Iroquoian studies
