The Age of Elephants Peter Moss, 2006-06 The filaments that enmeshed them in Durbar Court were the stories they wove Leila who never contributed any herself claimed that without them the resident behemoths would fall permanently asleep It was a soporific summer An extraordinary summer as if the mechanism of the seasons had broken down stranding them in a time locked vault of cloudless blue The garden parasols were giant sundials around which carousels of shadow clocked the intervals from breakfast to supper Only the bearers punctuated the hours padding out to them with trays of lemon cordial and iced tea This second novel by Peter Moss whose first The Singing Tree was described by the New York Times as a little gem draws heavily upon his memories of an Indian childhood to populate a recreated cameo of imperial India set on the south coast of England Here relics of the British Raj living out their sequestered lives immersed in nostalgia for a long lost world lead a casual visitor to confront memories he has desperately endeavoured to erase A graceful elaborate tale of innocents yearning for home Moss has been a firsthand witness to the fading glory of the British diaspora in exotic locales like India Hong Kong and the Philippines Here he draws heavily on a childhood spent in India to recreate the experiences of expatriates repatriated against their will caught between a glorious spiritual home and the draw of Queen and country Moss fosters a charming colonial memory that will speak clearly to anyone who's been away from home a long time A romanticized
