inquiry into the new woman warrior s appropriation of violence and the Western war narrative Informed by feminist theoretical debates regarding women s new roles the authors delve into the meaning of that appropriation for alternative storytelling To date television s ferocious few have received little scholarly attention By inviting a variety of perspectives editors Frances Early and Kathleen Kennedy provide a cutting edge forum to recognize women s increasing role in popular culture as they are cast as action heroes As a timely and accessible work this book will appeal to scholars feminists cultural critics and the general reader Angel Stacey Abbott,2009-03-22 Examines the innovative approach to genre aesthetics

narrative and the representation of masculinity in the television series *Angel* Following the phenomenal success of the first three seasons of *Buffy the Vampire Slayer* on the WB Network writers and producers Joss Whedon and David Greenwalt moved their character *Angel* to his own spin off series in 1999 While *Angel* which followed its namesake vampire with a soul who had become *Buffy*'s tragic love interest never quite matched the popularity of *Buffy* the spin off was notable for being specifically aimed at adult audiences and acquiring an intensely loyal following In this in depth study of *Angel* Stacey Abbott demonstrates that producers of the show used the commercial convention of the spin off not simply to repeat *Buffy*'s successful formula but to create a complex televisual experience with its own distinct identity and creativity Through close textual analysis of a range of individual episodes this volume focuses on the series unique visual style and the ways it experiments with the conventions and form of television programming Abbott clearly situates *Angel* within traditions of the horror genre on television and in so doing addresses how the horror genre has evolved to suit the changing landscape of contemporary television She also challenges the tendency to attribute the success of contemporary cult television to a sole auteur by examining the contribution of *Angel*'s writing team and addressing how contemporary television is characterized by a collective creativity Finally while there has been a vast amount of scholarly interest in *Angel*'s parent show in terms of feminist issues this volume positions *Angel* as a key text within gender and feminist studies that offers a clever deconstruction of contemporary masculinity In all Abbott argues that *Angel* uses narrative genre visual style and theme to create an ambiguous moral landscape in which characters struggle to negotiate the correct path when the consequences of their actions are unknown Fans of *Angel* and students and scholars of film and television studies will enjoy this thought provoking analysis of the series
