American experience but central to it **The Journey of Rainsnow** J. Rainsnow,2002-01-30 The JOURNEY OF RAINSNOW centuries in the making yet destined for our own times is an extraordinary book at the same time personal and universal private and planetary THE JOURNEY OF RAINSNOW is the story of one man s mystical odyssey of self discovery as he leaves behind the fetters of his rational past to map out a new territory of life within his heart It is a story which moves from the hard practical streets of New York City to a New Age awakening driven by paranormal experiences powerful synchronicities and a vivid stream of past life memories which give us glimpses of times and places as diverse as ancient Egypt and Greece feudal Japan and imperial China Maya and Aztec Mexico Native North America and Nazi Germany As the adventure unfolds so too do history s most critical lessons and the deepest mysteries of life THE JOURNEY OF RAINSNOW destined to be a New Age classic is truly a must read for anyone immersed in the search for life s meaning for anyone committed to the struggle of our world to heal and survive Skylark Meets Meadowlark Thomas C. Gannon,2009-11-01 A Native rereading of both British Romanticism and mainstream Euro American ecocriticism this cross cultural transatlantic study of literary imaginings about birds sets the agenda for a more sophisticated and nuanced ecocriticism Lakota critic Thomas C Gannon explores how poets and nature writers in Britain and Native America have incorporated birds into their writings He discerns an evolution in humankind s representations and attitudes toward other species by examining the avian images and tropes in British Romantic and Native American literatures and by considering how such literary treatment succeeds from an ecological or animal rights perspective Such depictions Gannon argues reveal much about underlying cultural and historical relationships with the Other whether other species or other peoples He elucidates the changing interconnections between birds and humans in British Romanticism from Cowper to Clare with particular attention to Wordsworth Coleridge Shelley Byron and Keats Gannon then considers how birds are imagined by Native writers including early Lakota authors and contemporary poets such as Linda Hogan and Joy Harjo Ultimately he shows how the sensitive and far reaching connections with nature forged by Native American writers encourage a more holistic reimagining of humankind s relationship to other animals **The Message of the Rainsnow** J. Rainsnow,2002-02-05 THE MESSAGE OF RAINSNOW a book which stands by itself is the inspirational and practical sequel to THE JOURNEY OF RAINSNOW While the first book presented an esoteric chronicle filled with insights for our times THE MESSAGE OF RAINSNOW crystallizes the unfolding consciousness of THE JOURNEY into a pragmatic blueprint for achieving global transformation As many other books it upholds the values of community spirituality and respect for nature seeing in these elements the pillars of our collective salvation Unlike other books however this one seeks not only to promote these invaluable ideals but to build a concrete bridge from where we are now to where we must go to the new world of the future in which these cherished but distant ideals will finally become reality Most importantly of all THE MESSAGE OF RAINSNOW seeks to awaken and to create the living people who will become the embodiment of these indispensable ideals the advanced guard of our world s march to life It is a journey and a

privilege which begins by reading this book *Encyclopedia of American Indian Literature* Jennifer McClinton-Temple, Alan Velie, 2015-04-22 Presents an encyclopedia of American Indian literature in an alphabetical format listing authors and their works The Nature of Native American Poetry Norma Wilson, 2001 The beginning of the twenty first century marks the maturation of the voices of indigenous poets in the United States Norma Wilson's appealing and accessible collection of essays is both an introduction to and an enthusiastic celebration of the poetic vistas inhabited by modern Native American writers Wilson's scope is both broad and specific as she draws from contemporary criticism tribal histories and folklore interviews with writers and of course from the poetry itself Her study is firmly grounded in the oral traditions and personal and tribal histories of the eight poets on whom she focuses Carter Revard N Scott Momaday Simon Ortiz Lance Henson Roberta Hill Linda Hogan Wendy Rose and Joy Harjo A final chapter on the new generation considers younger poets such as Sherman Alexie Cheryl Savageau Tiffany Midge and Elizabeth Woody among others At the same time Wilson's broad understanding of the literary heritage of East West and First nations allows her to place Native American poetry in global and historical context Wilson points out Native American writers have been influenced by such well known Western canon poets as Blake Whitman and Ginsberg Her study further elucidates the clear mark that Native American literature culture and oral poetic traditions have left on five centuries of British and American literature The Nature of Native American Poetry is a guidebook mapping the modern rhythms of our ancient literary landscape Poetry Harriet Monroe, 1998
