Rahul Mookerjee,2023-04-24 This book is a gigantic compilation a k a magnum opus containing the two very well received books Pushup Central and Pushup Central the TIPS The first book goes where no man has gone before in terms of pushups and indeed physical activity and shows you unique creative and interesting ways to do pushups that will burn fat off your body quicker like butter in a furnace or ole George Foreman s grills hehe and build lumps of hard solid corrugated MUSCLE over your entire body while doing so Your health and fitness levels will skyrocket dramatically within a while of getting on this routine Your abs will become a bundle of steel and chiseled muscle and you ll have pillars for legs stamina that doesnt run out and SKYROCKETING CONFIDENCE and best of all these exercises will truly develop the iron jaw in your mentally and physically Once you get on the exercises in Pushup Central once you learn them and then DO them regularly as opposed to just read you ll not only become a fitness phenom like NO other in relatively short time at that but you ll find that problems in other areas of your life melt away and you achieve all goals you set for yourself on auto pilot almost You ll focus like a laser on your work and goals and will sleep like a baby at night as well on these routines Truly 100 pushups a day keeps the doctor away for good and I ain t even kidding there And if you thought that was all no I m just getting started The SECOND book in the series is the world famous book on TIPS extras that were not included in the initial book 51 forgotten TIPS that will take you from being just good at pushups to rarified and STRATOSPHERIC levels of excellence at this exercise In other words the cake is great but the icing is really what makes it uber special and so it is with this cake and the icing and in this book yours truly the bodyweight exercise Guru as the 0 Excuses fanatics swear I am and they re spot on brings you pushups like never before in a style and format that has never ever been put out there before period These tips will help you improve your pushup numbers per set or overall they will BOOST your stamina while doing pushups if you implement correctly they will help you RECOVER faster too You ll learn which are the best supplementary exercises and workouts to do with pushups the best way and best types of pushups to do why certain types of pushups are always a must to do others maybe not so much so and a lot lot more that no one else out there knows let alone teaches you EACH of these tips is probably worth the 150 odd I m charging for the course which given the massive amounts of information that is NOT known to the public no you cannot find it all on Google either is a pittance my friend a nigh pittance I m charging you for this course I should really be pricing this at 1000 or thereabouts and likely will at some point But for now we ll stick to a special introductory price of 150 for the Kindle Edition Be sure and check out the paperback and hardcover versions as well Pushing for YOU forever Very best Rahul Mookerjee Fitness Fanatic par excellence and so can YOU BE if you do the thing *Pushup Central - the TIPS!* Rahul Mookerjee,2023-04-17 DISCLAIMER As with my other course Pushup Central and every thing else I teach in all my businesses products books courses and manuals be damn sure you re in good physical health before attempting the exercises

in this course Now these exercises will GET you into the best shape of your life if you aren't already but what I am saying is don't just jump from a perch on the sofa to Everest as I state in my other books work up to everything All in due time as a person recently told me so it works for life fitness everything else Second read these tips not in place of but WITH those in Pushup Central The author is not a medical professional although he has more and useful practical knowledge than most actual medical professional will let on beyond the facade of repeated hospital visits to fatten their wallets and he promises if you DO the thing your abdomen will have the exact opposite impact All puns aside though I Was serious there the advice in book does not take place of that dispensed by a qualified medical professional contact your doctor or medical provider if you have any doubts stop if you experience actual pain and so forth I hate to have to say all this but I do With that said onward INTRODUCTION and why I wrote this book Phew that was a long intro wasn't it or disclaimer So I'll keep it short here no pun intended or I'll TRY and keep it short Basically many of the same reasons I wrote Pushup Central I.e pushups being the mainstay of any serious fitness enthusiast's routine yet being roundly ignored by most folks dispelling the they're too easy or too boring B.S. you keep hearing about them anyone that says that is an utter fool that hasn't done 'em right or has no clue on how to how they only build endurance WRONG Ask Mike Tyson Herschel Walker Ken Shamrock and a host of other illuminaries for one even better DO 'em yourself and you'll see and even if that's all they built what most people need today is a dose of Energizer Bunny if you get my drift what with all the I'm always sick or tired nonsense going on because pushups build every part of your body and turn you into an IRON being literally INDESTRUCTIBLE as a reader wrote in about Pushup Central Because they build a core of steel the grip of Cain and more you've always wanted legs like pillars yes they reduce fat SMELT fat in record time I should say yada nada schnada And more and either go to the benefits portion of this book or in Pushup Central and you'll read more I could literally wax lyrical all day on this Point being though the same two reasons why I despite not liking them too much do a lot of videos It's nigh impossible to put all your knowledge in one book Even if you write that book for years you keep learning the day you put out the book is the day you learn something new and that's how it is you NEVER stop learning As I said in 0 Excuses Fitness that is as close to true mastery as you can get if you were to ask the great Bruce Lee that he'd tell you the same thing too And the same thing goes with non videos Hence an FAQ on pull ups and handstand pushups Hence Gorilla Grip TIPS And hence this book In it you'll find ignored forgotten but EXTREMELY valuable gems nuggets of info that will add to what you learn in Pushup Central and if used correctly they will SKYROCKET your gains beyond belief Perhaps that's why the benefits section in this book is longer than in Pushup Central In the trenches learning is the best learning anyone can hope to receive from the school of HARD knocks or hard workouts And that's the style I bring this to you in as with all my other writing Don't just READ these tips and forget about 'em Don't just implement them once and forget about 'em They deserve to be in your mind every time you knock out a pushup workout or even a set they're that important and you'll soon see why once you start implementing That said onward BENEFITS YOU'LL GET FROM

NOT JUST READING but IMPLEMENTING what is taught in this one of a kind course or manual what have you I love that word manual and word to the WISE these are all benefits you can get from Pushup Central the EXTRA parts in PURPLE are the adds on you get HERE in addition to the above A rock solid midsection and a core that looks like it s carved from STEEL I don t care if you re a boxer or martial artist or just the everyday blob hehe sorry but sometimes one has to be honest we could ALL use that sort of a midsection not to mention the six pack doncha think Your abs will literally HURT smoulder and POP like never before when you implement the EXTRAS IN these tips If you ve been suffering from IBS or flatulence or those annoying issues that make you constantly have to go well you might as well kiss them goodbye once you start on these exercises Constipation Whats that The malady that affects almost everyone including fitness gurus and such Well you ll completely forget what the meaning of that word is almost Literally pushups with these magic tips work your entire core from the inside out like NOTHING ELSE AND NO OTHER exercise workout can or WILL Your entire abdominal region and lower back will become rock solid and health issues will become a thing of the PAST Not to mention your hamstrings groin everything will become way more powerful than it is right now and more flexible Implement the tips here in you ll literally get into supreme martial artist shape with persistence as close to Bruce Lee as you can get You ll build a massive upper body shoulders and chest not to mention slabs of MUSCLE all over back especially the upper back and this won t be the bloated gym muscle you see all over the place that looks good but ain t got squat to back it up hehe pun intended And you ll do so while keeping the lean mean and TONED look STEEL AND WHALEBONE Your legs will get the workout of their lives on some of these pushups believe me now and trust me LATER You ll start to lose FAT that unsightly blubber around your waist and midsection specifically within a FEW workouts That s right and this fat loss will be so RAPID you ll not only wonder where the love handles muffin tops bingo wings etc WENT but you ll be scratching your head in amazement at the sheer SPEED you ll lose weight at It won t just be rapid it might well be permanent so well will you be rewiring your body s circuits once you implement these tips You ll literally be huffing puffing and blowing the dang house down Improved digestion is a given not to mention an increased appetite You ll be able to eat more and still not turn into Tubbo i e no more unsightly lard anywhere on your frame You ll be able to fit into clothes you haven t fit into for years Friends and co workers won t believe the rapid changes in you and will ALL want to know the secret let em in on it if you so desire hehe Perhaps the best thing for the average Joe you won t have any excuses left NOT to workout any more my friend All you have to do is drop down and start on these pushups and as for a space to workout well we ALL have a floor and a few inches of space somewhere don t we Your forearms and grip will increase tremendously Carpal tunnel pain in the wrists etc will become a thing of the past very quickly indeed MY IF there was ONE reason I d urge you to pay heed to these tips its that you ll build a gorilla like grip x10 and CLAWS OF PURE STREAMING STEEL when you implement the tips right You ll feel relaxed throughout the entire day and you ll have an unshakeable laser like confidence about you after just a few workouts confidence that others will NOTICE

Mookerjee,2018-07-31 This manual as you might imagine from the title deals with two things and two things ALONE the mighty handstand pushup and FAQ s about this excellent exercise Actually I should say it deals with ONE thing alone those being Frequently Asked Questions FAQ s about handstand pushups When I wrote my Shoulders like Boulders book in 2013 I had no idea it would take off like it did I revamped it in 2017 and it met with the same degree of success approval but with an added caveat Readers were emailing me from all over the world asking me questions about this exercise and good interesting ones at that some I hadn t even considered myself when putting out the initial course I usually respond to a few of them or as many as possible on my blog www.0excusesfitness.com blog but there is no way I can respond to EACH and every one of them personally but the questions kept pouring in regardless And this prompted me to create this particular manual Here it is now Note that this book does NOT contain any descriptions or how to s Please note that Shoulders like Boulders is a pre

requisite for this book this book is meant to be an add on to the original book and a manual that concentrates only on FAQ s
so many of them there are but all good questions nonetheless and all questions that need to be addressed Good luck and if
you STILL have more questions feel free to send em in to me via e mail and I ll see what I can do *Canadian Books in*
