Structured Inequality In Canada:

Structured Inequality in Canada John Harp, John R. Hopley, 1980 *Violence in Canada* Jeffrey Ian Ross, Many people consider Canada particularly in comparison to its southern cousin as a peaceable kingdom. However, as the historical record demonstrates, Canadians have never been a thoroughly non-violent people. *Violence in Canada* highlights from an interdisciplinary perspective the major areas and contexts where violence takes place. Consisting of thirteen contributions, the book forms an indispensable guide to the subject. All of the authors are experts in their field, many with international reputations and are drawn from the fields of sociology, political science, history, and criminology. The foreword by Ted Robert Gurr, author of *Violence in America*, is followed by an historical analysis of violence on the Canadian western frontier. Other scholars describe contemporary violence by and against indigenous peoples, women, children, and the elderly in labor-related disputes, homicide, police and prison violence, terrorism, and discuss government responses and policy implications. Each chapter specifically addresses the sociological and political dimensions of violence. The authors make ample use of statistics and empirical research. Jeffrey Ian Ross's introduction outlines the sociopolitical dynamics of violence, and his summary chapter offers directions for future research. When the book was first published in 1995, it was widely praised by scholarly journals and has since become a standard text in the study of violence and modern Canadian cultural studies. The book is all the more valuable as its new introduction places its findings in the context of research that has been produced since the original publication. *Violence in Canada* will be of interest to sociologists, criminologists, and political scientists. Jeffrey Ian Ross is an associate professor in the Division of Criminology, Criminal Justice, and Social Policy and fellow with the Center for Comparative and International Law, University of Baltimore. His work has appeared in many academic journals and chapters in academic texts, as well as articles in popular magazines in Canada and the United States. He is the author, co-author, editor, or co-editor of eight books. Ted Robert Gurr is Distinguished University Professor at the University of Maryland. Among his books are *Why Men Rebel* and *Violence in America*. *Ethnicity, Structured Inequality, and the State in Canada and the Federal Republic of Germany* Robin Ostow, 1991. This volume focuses on the reshaping of ethnicity in Berlin and Toronto that resulted from the economic stagnation, industrial restructuring, and return to conservative government in Canada and the Federal Republic of Germany in the 1980s. It addresses a broad range of issues crystallizing around ethnicity, inequality, and the state. It approaches these problems using such diverse methods as systems theory, questionnaires, interviews, various quantitative measures, and historical analysis. Ethnicity is discussed as it functions at the workplace, in the family, in neighborhoods, in immigrant and other organizations, and in the immigrants' relation to the state through its mediating bureaucracies. *The Canadian Class Structure* Dennis Force, 1997. This text is intended for the second or third year courses on stratification in Canada. It offers a politically informed overview of class-related inequalities in Canada. The book has been thoroughly revised through the use of current examples and up-to-date empirical research. *The Structure of the*

Canadian Capitalist Class Robert J. Brym, 1985 *The New Canadian Political Economy* Wallace Clement, Glen Williams, 1989 Studies in political economy are now at a crossroads The revival of political economy as an important area of research in Canada began in the early 1970s with the publication of Kari Levitt's *Silent Surrender* In 1976 it was launched in earnest by the fi **Human Development and Social Power** Ananya Mukherjee Reed, 2008-06-17 In South Asia and beyond human development continues to be in a state of crisis Each successive Human Development Report HDR and the pervasive global failure to achieve the Millennium Development Goals are constant reminders of this crisis An equally and even more distressing dimension of human development is its great unevenness Even in cou *Structural Inequality in Canada*, 1980 *The Politics of Social, Ecological, and Structural Determinants of Health in Canada* Elizabeth McGibbon, 2024-11-22 The Politics of Social Ecological and Structural Determinants of Health in Canada is the first Canadian book to examine intersections of social ecological and structural determinants of health as the crucial pathway to tackling growing health inequities in Canada Critical perspectives on the social and ecological determinants of health are explored using detailed and easily accessible case studies Each chapter integrates how health and illness are rooted in social economic and political structures with clear explanations of how societal power and ruling relations so strongly determine human and planetary health Bringing together health social ecological and political sciences this text makes the case that the structural determinants of health are increasingly urgent and pivotal markers of who lives and who dies The text also explores earth centred policy and governance strategies to lessen and halt extreme inequities This powerful text will serve a broad scope of readers including students and researchers in health social and geological sciences practitioners and policy makers and people in non governmental and not for profit organizations **Canadian Corporate Elite** Wallace Clement, 1975-01-15
