Struggle for Existence Sanjay Kumar Nepal, Karl E. Weber, 1993 **Challenging the Orthodoxies** Richard M. Auty, John Toye, 2016-07-27 This book provides an up to date interdisciplinary critique of the new economic orthodoxy as represented by the Washington Consensus The originator of the term John Williamson updates his original thesis which is then discussed by an interdisciplinary group of scholars that includes economists environmentalists political scientists institutionalists sociologists and a philosopher The papers span a range of viewpoints which includes sympathetic modifications to the consensus as well as strong rejections of it Approaches to Sustainable Development Richard M. Auty, Katrina Brown, 2021-12-24 A definition of sustainable development is that of the Brundtland Commission development which meets the needs of the current generation without jeopardizing the needs of future generations This volume seeks to analyze the economic basis for this definition and to look at the critiques of the economic approach which have their basis in growing disquiet over the role of the productive normative science driving technological change and economic transformation The discussion is followed by studies of the application of the criteria of sustainability to rural problems in South Asia Kenya Nepal and Latin America and to urban industrial problems in Jamaica Chile and Vietnam **The Full Value of Parks** David Harmon, Allen D. Putney, 2003 Parks are important economic vehicles generating billions of dollars worldwide in tourism revenue However the reasons for that visitation are found in the non material non economic values that parks offer to people values that are cultural therapeutic scientific spiritual recreational educational and aesthetic artistic The Full Value of Parks is the first comprehensive analysis of these important but intangible values **Protected Areas and Indigeneous Communities** Azra Musavi, 2015-09-08 This book deals with protected area people interface in Bori Wildlife Sanctuary and Melghat Tiger Reserve located in Satpura range of Central Indian Highlands These forests are mostly inhabited by Gond Korku and Thatia tribes a small population of agro pastoral community and other backward classes which have moved into these forests from adjoining areas in search of pastures for their large herds of livestock Bori in northern Satpura has moist deciduous forest while Melghat in southern Satpura hills has dry deciduous forest Both protected areas are renowned for tigers as well as for a rich faunal and floral diversity These forests are under increasing anthropogenic pressure due to people living in and around the two protected areas The book looks at three aspects which are a challenge for protected area management One it explores the web of both tribal and non tribal life as the intervention of market economy and increasing population have led to change in the basis of the local subsistence economy Secondly it tries to assess the extent of impact of biotic dependence on the forests of both protected areas Thirdly and most importantly it examines the park people conflicts and their implications for the management of both protected areas *Controversies in Tourism* Peter M. Historical Dictionary of Nepal Nanda R. Shrestha, Keshav Bhattarai, 2017-02-08 Nepal is a living example of contrasts and contradictions It is a country that was born in medieval times grew up in the 16th century and now finds itself engulfed in the high tech gadgets and material marvels of the 21st century Nepal has its share of problem which include inadequate economic development and social infrastructure poverty and corruption plus worsening pollution but now it finally has relative peace and quiet after a hasty Maoist uprising Indeed it has passed through several democratic elections and finally seems to be getting on the right track This second edition of Historical Dictionary of Nepal contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Nepal
