Struggle For A Continent The Wars Of Early America

Katrin Zwirgmaier

Struggle For A Continent The Wars Of Early America:

Struggle for a Continent John Ferling, 1993 America's origins are inextricably linked to warfare In *Struggle for a Continent* John Ferling tells the complex story of conquest and survival not only in the encounters between European settlers and the native peoples of North America but also the North American wars among the great powers of Europe to win hegemony in America While Professor Ferling's unflinching narrative recounts the heroism anguish terror treachery and barbarism of early American warfare it also carefully addresses questions such as the difference between the nature of warfare in America and that in Europe who in the colonies soldiered in these wars the changing role of the militia and how warfare affected civilians The author assesses the capabilities of America's amateur soldiers and Europe's professionals and examines the nature of Indian warfare Finally Professor Ferling links the warfare of the colonial era to the American Revolution itself

A Handbook Of American Military History Jerry Sweeney, 2019-09-25 This unique reference work covers the military history of the United States from the Revolution to the Gulf War The Handbook of American Military History is comprehensive easy to use and supplies essential information on the social technological political tactical and strategic developments that have affected the evolution of the U S

American Settler Colonialism W. Hixson, 2013-12-05 Over the course of three centuries American settlers helped to create the richest most powerful nation in human history even as they killed and displaced millions This groundbreaking work shows that American history is defined by settler colonialism providing a compelling framework through which to understand its rise to global dominance

The Oxford Encyclopedia of American Military and Diplomatic History Timothy J. Lynch, 2013 Entries written by renowned diplomatic and military historians as well as key scholars in international relations Provides assessments and analyses of key episodes issues and actors in the military and diplomatic history of the United States Based on the award winning Oxford Companion to United States History Comprehensive collection of entries that span the founding of the U S to its present state Offers a wide range of perspectives to provide an encompassing context of the United States military and diplomatic legacies Expansive bibliographies and suggested readings for each article to aid in research The Oxford Encyclopedia of American Military and Diplomatic History a two volume set will offer both assessment and analysis of the key episodes issues and actors in the military and diplomatic history of the United States At a time of war in which ongoing efforts to recalibrate American diplomacy are as imperative as they are perilous the Oxford Encyclopedia will present itself as the first recourse for scholars wishing to deepen their understanding of the crucial features of the historical and contemporary foreign policy landscape and its perennially martial components Entries will be written by the top diplomatic and military historians and key scholars of international relations from within the American academy supplemented as is appropriate for an encyclopedia of diplomacy with entries from foreign based academics in the United Kingdom and elsewhere The crucial importance of the subject is reflected in the popularity of university courses dedicated to diplomatic and military history and the enduring

appeal of international relations IR as a political science discipline drawing on both The Oxford Encyclopedia will be a basic reference tool across both disciplines a potentially very significant market Readership University level undergraduate and graduate students in History

Rustic Warriors Steven C. Eames, 2025-09-09 The early French Wars 1689 1748 in North America saw provincial soldiers or British white settlers in Massachusetts and New Hampshire fight against New France and her Native American allies with minimal involvement from England Most British officers and government officials viewed the colonial soldiers as ill disciplined unprofessional and incompetent General John Forbes called them a gathering from the scum of the worst people Taking issue with historians who have criticized provincial soldiers battlefield style strategy and conduct Steven Eames demonstrates that what developed in early New England was in fact a unique way of war that selectively blended elements of European military strategy frontier fighting and native American warfare This new form of warfare responded to and influenced the particular challenges terrain and demography of early New England Drawing upon a wealth of primary materials on King William s War Queen Anne s War Dummer s War and King George s War Eames offers a bottom up view of how war was conducted and how war was experienced in this particular period and place Throughout Rustic Warriors he uses early New England culture as a staging ground from which to better understand the ways in which New Englanders waged war as well as to provide a fuller picture of the differences between provincial French and Native American approaches to war

U.S. Foreign Policy and the Other Michael Patrick Cullinane, David Ryan, 2014-11-01 John Quincy Adams warned Americans not to search abroad for monsters to destroy yet such figures have frequently habituated the discourses of U S foreign policy This collection of essays focuses on counter identities in American consciousness to explain how foreign policies and the discourse surrounding them develop Whether it is the seemingly ubiquitous evil of Hitler during World War II or the more complicated perceptions of communism throughout the Cold War these essays illuminate the cultural contexts that constructed rival identities The authors challenge our understanding of others looking at early applications of the concept in the eighteenth century to recent twenty first century conflicts establishing how this phenomenon is central to decision making through centuries of conflict

[Interpreting American Military History at Museums and Historic Sites](#) Marc K. Blackburn, 2016-04-08 Across the country museums and historic sites welcome visitors into a world long gone but fundamental to America today Military history in particular is etched into our country s culture and the public s imagination The trouble though for museums and historical sites lies in continuing to make it both accessible and relevant to today s audiences Through Interpreting American Military History at Museums and Historic Sites Marc K Blackburn tackles the difficult task of helping those institutions charged with the care of sites collections and stories that relate to our past relatable while still maintaining the dignity and reverence of their rich history Looking at the various components of American military history such as battles and famous figures Blackburn provides alternatives to the traditional museum experience The 21st century is a culmination of the past and it is more important than ever to remember and learn

from the triumphs and failures and this guide provides and explains those strategies for making our stories and collections relevant to modern audiences This books acts as a primer for those unfamiliar with academic trends of the last forty years Historiography of American military history like that of other sub fields shifts as new information surfaces or as perspectives change Blackburn modernizes this area through new interpretative methods as well as through case studies of museums and historic sites that have created programs interpretive media outreach strategies and mission goals updated to meet the needs of today s patrons Armed with these strategies historic institutions will have the foundation to provide compelling relevant and engaging experiences for the 21st century audience *The Oxford Companion to American Military History* ,

African Americans in the Colonial Era Donald R. Wright, 2017-02-24 What are the origins of slavery and race based prejudice in the mainland American colonies How did the Atlantic slave trade operate to supply African labor to colonial America How did African American culture form and evolve How did the American Revolution affect men and women of African descent Previous editions of this work depicted African Americans in the American mainland colonies as their contemporaries saw them as persons from one of the four continents who interacted economically socially and politically in a vast complex Atlantic world It showed how the society that resulted in colonial America reflected the mix of Atlantic cultures and that a group of these people eventually used European ideas to support creation of a favorable situation for those largely of European descent omitting Africans who constituted their primary labor force In this fourth edition of African Americans in the Colonial Era From African Origins through the American Revolution acclaimed scholar Donald R Wright offers new interpretations to provide a clear understanding of the Atlantic slave trade and the nature of the early African American experience This revised edition incorporates the latest data a fresh Atlantic perspective and an updated bibliographical essay to thoroughly explore African Americans African origins their experience crossing the Atlantic and their existence in colonial America in a broadened more nuanced way [Encyclopedia of War and American Society](#) Peter Karsten, 2006 Publisher description

Decoding **Struggle For A Continent The Wars Of Early America**: Revealing the Captivating Potential of Verbal Expression
