Struggle For The Balkans:

Struggle for the Balkans Svetozar Vukmanovic, Svetozar Vukmanović-Tempo, 1990 **The Balkans in the Cold War: Balkan Federations, Cominform, Yugoslav-Soviet Conflict** Pavlović, Vojislav G., 2011-01-01 Struggle for the Balkans Svetozar Vukmanović-Tempo, 1990 *Conflict Areas in the Balkans* Pinar Yürür, Arda Özkan, 2020-10-27 The situation in the Balkans such as the solution to the status of Kosovo is currently the largest international political problem in Europe with the potential to burst into a world crisis regarding the Eastern Western relations On the other hand a successful solution to the problem in the Balkans could serve as a model for solving the Muslim Christian tensions elsewhere in the world It is the intention of this book to contribute proposals for solutions to the problems of Balkans The starting principle for the solutions to be effective is that they should come in a natural way from the people below and should not be enforced by the political elites from above Based on self determination of nations as a starting principle they should encourage intra regional cooperation among the regional entities economic cultural sport as a basis for political social understanding and cooperation secondly accelerate their economic political and social development and thirdly as a final step enable the inclusion of the Balkan countries into the European Union **Balkans: Minorities and states in conflict** HUGH POULTON , 1994-01-01 This highly acclaimed book describes the situations for the minorities of former Yugoslavia Bulgaria Greece and Albania from a historical and contemporary perspective The book also covers other stateless minorities in the region including the Jews Gypsies Roma and Vlachs In an additional section written for this new edition Hugh Poulton analyses how the turbulent developments in the Balkans during 1991 and 1992 continue to affect the minorities of the region The new section examines The disintegration of Yugoslavia The Bosnian crisis Vojvodina and the refugee problem Developments in Sandzak Kosovo and Macedonia Nationalism in Greece **The Fight Against Terrorism and Crisis Management in the Western Balkans** Iztok Prezelj, 2008-02-15 Terrorism is not the only threat that causes the emergence of crises The so called crisification of our security environment also seems to be rising due to many other factors Such an environment is generating many crises related to politico military conflicts natural disasters infectious diseases information disruptions ethnic or religious violence and others Many of these crises are completely or nearly completely unexpected and have a strong effect on the security of individual people states and the international community Crisis has become the key word instead of war The awareness of this is partially driven by the growing role of electronic media bringing negative news and reports to nearly all homes and partially by objective technical factors that allow the fast escalation of local crises to the international level Globalization therefore has a strong subjective and objective impact on the understanding of security **The Balkans Beyond Nationalism and Identity** Pavlos Hatzopoulos, 2007-12-19 For decades we have come to accept that nationalism formed the basis of the modern history of the Balkans In this bold and controversial study Pavlos Hatzopoulos turns this assumption on its head Through a ground breaking examination of the non nationalist ideologies in the Balkans during the interwar period

Hatzopoulos calls into question the supposedly inherent connection between the Balkans and nationalism and argues that nationalism does not form the sole ordering principle of the modern history of the Balkan region. Focusing on the ideologies of communism, liberal internationalism and agrarianism, Hatzopoulos examines how these interact with nationalist ideology. He demonstrates how non-nationalist theories challenge the nationalist view of the Balkans as the sum of several national spaces. He even questions the nationalist understanding of the very term 'the Balkans'. *The Balkans Beyond Nationalism and Identity* revisits contemporary debates on a region that is still a European crisis point and challenges the nation-centric understanding that permeates it. In proposing a description of the Balkans as a contested political concept, the book argues for a completely fresh interpretation of the region's composition. **Balkan Struggles** Andrew Rawson, 2021-03-03

The Balkans witnessed several bloody conflicts during the twentieth century. New nations emerged in 1913 after 500 years of Ottoman rule, only for them to go to war just weeks later. The assassination of Archduke Franz Ferdinand in Sarajevo in June 1914 sparked the series of events that led to the Great War. Most of the belligerents would be drawn into the region while the post-war border changes created tensions. Italian designs on the Balkans resulted in the occupation of Albania in March 1939, but it failed to take control of Greece over the winter of 1940-41. A German blitzkrieg quickly defeated both Yugoslavia and Greece in the spring of 1941, and the population of both countries then suffered terribly as the occupying forces encouraged collaboration and punished resistance. The area was rife with guerrilla activity as monarchists, nationalists and communists fought each other as often as the occupying troops. This in turn led to communism sweeping across most of the region in the post-war years while Greece was taken over by a fascist regime. Communism eventually ended, but ethnic troubles resulted in a ten-year conflict across Yugoslavia. It would be divided into Croatia, Bosnia and Kosovo at the end of the bloodiest conflict in Europe since World War II. **The Balkans in International Relations** Branimir M Jankovic, Bosko Milosavljevic, 1988-04-06
