Struggles Of Brown Jones And Robinson By One Of The Firm 186:

Anthony Trollope Nicholas Birns, John F. Wirenius, 2021-10-20 Anthony Trollope's novels and stories entertain while vividly bringing the Victorian era to life. His deep empathy for the underdog led him to subvert conventions exploring the lives of women as well as men and choosing as heroes and heroines outsiders who would be viewed with suspicion by his readers. Trollope's profound insight to human nature made him the first novelist in English to develop three-dimensional characters and to create the novel sequence. This literary companion introduces readers to his life and work. A to Z entries explore Trollope's short story collections and nonfiction contributions as well as important themes in the works. This companion also includes fresh voices of contributors that bring in their contemporary insights to bear on Trollope's achievements facilitating the understanding of Trollope's perspectives in relation to feminism, queer studies, and transnationalism.
