Student Evaluation Of Instructors:

A Comprehensive Critique of Student Evaluation of Teaching Dennis E. Clayson, 2020-12-27 This thought provoking volume offers comprehensive analysis of contemporary research and literature on student evaluation of teaching SET in Higher Education In evaluating data from fields including education psychology engineering science and business this volume critically engages with the assumption that SET is a reliable and valid measure of effective teaching Clayson navigates a range of cultural social and era related factors including gender grades personality student honesty and halo effects to consider how these may impact on the accuracy and impartiality of student evaluations Ultimately he posits a popularity hypothesis asserting that above all SET measures instructor likability While controversial the hypothesis powerfully and persuasively draws on extensive and divergent literature to offer new and salient insights regarding the growing and potentially misleading phenomenon of SET This topical and transdisciplinary book will be of great interest to researchers faculty and administrators in the fields of higher education management administration teaching and learning
