A People's History of the European Court of Human Rights Michael Goldhaber, 2007-04-10 The exceptionality of America's Supreme Court has long been conventional wisdom But the United States Supreme Court is no longer the only one changing the landscape of public rights and values Over the past thirty years the European Court of Human Rights has developed an ambitious American style body of law Unheralded by the mass press this obscure tribunal in Strasbourg France has become in many ways the Supreme Court of Europe Michael Goldhaber introduces American audiences to the judicial arm of the Council of Europe a group distinct from the European Union and much larger whose mission is centered on interpreting the European Convention on Human Rights The Council routinely confronts nations over their most culturally sensitive hot button issues It has stared down France on the issue of Muslim immigration Ireland on abortion Greece on Greek Orthodoxy Turkey on Kurdish separatism Austria on Nazism and Britain on gay rights and corporal punishment And what is most extraordinary is that nations commonly comply In the battle for the world's conscience Goldhaber shows how the court in Strasbourg may be pulling ahead

The peoples of the world Robert Brown, 1900

Europe and the Roma Klaus-Michael Bogdal, 2023-07-27 A magisterial contribution to the understanding of the cultural position of Romani people in Europe nothing short of astounding Literary Review This remarkable book describes a dark side of European history the rejection of the Roma from their initial arrival in the late Middle Ages to the present day To Europeans the Roma appeared to be in complete contradiction with their own culture because of their mysterious origins unknown language and way of life As representatives of an oral culture for centuries the Roma have left virtually no written records of their own Their history has been conveyed to us almost exclusively through the distorted images that European cultures project Persecuted and shunned the Roma nonetheless spread out across the continent and became an important indeed indispensable element in the European imagination It is impossible to conceive of the culture of Spain southern France and much of Central Europe without this pervasive Romani influence Europe and the Roma brilliantly describes the fascination and fear which have marked Europeans response to the Romani presence Countless composers artists and writers have responded to Romani culture and to fantasies thereof Their

projections onto a group whose illiteracy and marginalization gave it so little direct voice of its own have always been a very uneasy mixture of the inspired the patronizing and the frighteningly ignorant The book also shows the link between cultural violence social discrimination and racist policies that paved the way for the genocide of the Roma *Young People at the Heart of Europe* Yael Ohana, 2006-01-01 The European Youth Centres EYCs in Strasbourg and Budapest were established to implement the Council of Europe's youth policy by providing international training and meeting centres with residential facilities The Budapest centre was set up in 1995 as the first permanent service of the Council of Europe in a Central and Eastern European country This publication contains contributions from a variety of people from different age groups and a wide spectrum of political cultural and social life in Europe who have had some involvement with the Budapest centre whether in a political or professional function through work or voluntary commitment to civil society past or present
