**The Hanging of Wilhelm Oberdank** Alfred Alexander,1977      *Discovery of the World* Luciana Castellina,2014-05-06

Luciana Castellina is one of Italy's most prominent left intellectuals and a cofounder of the newspaper *il manifesto*. In this coming of age memoir based on her diaries she recounts her political awakening as a teenage girl in Fascist Italy where she used to play tennis with Mussolini's daughter and the subsequent downfall of the regime. *Discovery of the World* is about war anti-Semitism anti-fascism resistance the belief in social justice the craving for experience travel political rallies cinema French intellectuals and FIAT workers international diplomacy and friendship. All this is built on an intricate web made of reason and affection of rational questioning and ironic self-narration as well as of profound nostalgia disappointment and discovery.      *The Decline and Fall of the Habsburg Empire, 1815-1918* Alan Sked,2015-12-14 A new and revised edition of Alan Sked's groundbreaking book which examines how the Habsburg Empire survived the revolutionary turmoil of 1848. The Year of Revolutions saw the whole of Europe convulsed in turmoil and revolt. Yet the Habsburg Empire survived. As state after state succumbed to the violent winds of change that were sweeping the continent. How did the Habsburg Empire survive? How was the army able to hold together while the rest of the empire collapsed in civil war and how was it able to seize the political initiative? In this new edition Alan Sked reflects on the changed understanding of the period which resulted from the first appearance of this book and widens the discussion to look at the Habsburg Empire alongside the decline of the Russian and German Empires, arguing that it is possible to understand their decline from a broad European perspective as opposed to the overly narrow focus of recent explanations. Alan Sked makes us look at familiar events with new eyes in this radical vigorously written classic which is essential reading for anyone interested in the history of nineteenth-century Europe.

*Gendarmes and the State in Nineteenth-Century Europe* Clive Emsley,1999-10-14 The history of police and policing have been the subject of much interest and research in recent years but this book provides the first serious academic exploration of the origins and development of the role of soldier-policemen the gendarmeries of nineteenth-century Europe. The author presents a detailed account of the French Gendarmeries from the old regime up to the First World War and looks at the reasons for how and why this model came to be exported across continental Europe in the wake of the Revolutionary and Napoleonic armies. In particular their role is examined within the differing national contexts of Italy Germany and the Habsburg Empire. The gendarmeries it is argued played a significant role in establishing the state particularly in rural areas. As the physical manifestation of the state gendarmes carried the state's law and a promise of protection whilst at the same time ensuring in turn that the state received its annual levies of conscripts and taxes. This account fully explores how the organisation and style of nineteenth-century soldier-policing in France developed in such a way that it brought the idea of the state and the state's law to much of twentieth-century continental Europe.      ***Twilight of the Habsburgs*** Alan Palmer,1997-02-12 Presents a biography of the emperor of Austria as well as a history of Europe during his reign.      *History*

*in Exile* Pamela Ballinger, 2018-06-05 In the decade after World War II up to 350 000 ethnic Italians were displaced from the border zone between Italy and Yugoslavia known as the Julian March History in Exile reveals the subtle yet fascinating contemporary repercussions of this often overlooked yet contentious episode of European history Pamela Ballinger asks What happens to historical memory and cultural identity when state borders undergo radical transformation She explores displacement from both the viewpoints of the exiles and those who stayed behind Yugoslavia's breakup and Italy's political transformation in the early 1990s she writes allowed these people to bring their histories to the public eye after nearly half a century Examining the political and cultural contexts in which this understanding of historical consciousness has been formed Ballinger undertakes the most extensive fieldwork ever done on this subject not only around Trieste where most of the exiles settled but on the Istrian Peninsula Croatia and Slovenia where those who stayed behind still live Complementing this with meticulous archival research she examines two sharply contrasting models of historical identity yielded by the Istrian exodus those who left typically envision Istria as a pure Italian land stolen by the Slavs whereas those who remained view it as ethnically and linguistically hybrid We learn for example how members of the same family living a short distance apart and speaking the same language came to develop a radically different understanding of their group identities Setting her analysis in engaging jargon free prose Ballinger concludes that these ostensibly very different identities in fact share a startling degree of conceptual logic

*Isonzo* John R. Schindler, 2001-04-30 This is the first account in English of a much overlooked but important First World War battlefield located in the mountains astride the border between Italy and the Austro-Hungarian Empire Not well known in the West the battles of Isonzo were nevertheless ferocious and compiled a record of bloodletting that totaled over 1.75 million for both sides In sharp contrast to claims that neither the Italian nor the Austrian armies were viable fighting forces Schindler aims to bring the terrible sacrifices endured by both armies back to their rightful place in the history of 20th century Europe The Habsburg Empire he contends lost the war for military and economic reasons rather than for political or ethnic ones Schindler's account includes references to remarkable personalities such as Mussolini Tito Hemingway Rommel and the great maestro Toscanini This Alpine war had profound historical consequences that included the creation of the Yugoslav state the problem of a rump Austrian state looking to Germany for leadership and the traumatic effects on a generation of young Italian men who swelled the ranks of the fascists After nearly a century Isonzo can assume its proper place in the ranks of the tragic Great War clashes alongside Verdun the Somme and Passchendaele

**Ambiguity & Innocence** Tony Simpson, 2013-07-01 This book is an account of the context within which the New Zealand Division 2NZEF occupied the Adriatic city of Trieste in May and June 1945 in the face of opposition from the Yugoslav partisan army of Marshal Josip Tito The resulting standoff almost led to further fighting between these erstwhile allies although the Yugoslavs ultimately realised they could not have sustained this and withdrew It was the last episode of the Second World War in Europe and simultaneously the first episode of what has become known as the Cold War

Although it focuses initially on the two months of confrontation and draws on the experience of the New Zealand soldiers the civilians in the city at the time and some of the partisans who took part it then draws back and explains the chequered history of the region and the curiously ambiguous character of Trieste itself and of the Italians Germans and Serbo Croats who laid claim to it

*Narrative and Imperative* Risa B. Sodi, 2007 *Narrative Imperative* is the first book in English on Italian Holocaust writing as a whole Risa Sodi explores the work of eight representative authors including the internationally famous Primo Levi Giorgio Bassani and Elsa Morante and the lesser known Giacomo Debenedetti Paolo Maurensig Liana Millu Bruno Piazza and Giuliana Tedeschi She examines issues of genre language gender and facticity while situating the works studied within the fields of European and Holocaust letters A brief history of the Italian Jews the oldest Jewish community in Europe opens the book and the conclusion brings the study up to recent times

*The Westminster Review*, 1905

*The White War* Mark Thompson, 2009-03-17 In May 1915 Italy declared war on the Habsburg Empire Nearly 750 000 Italian troops were killed in savage hopeless fighting on the stony hills north of Trieste and in the snows of the Dolomites To maintain discipline General Luigi Cadorna restored the Roman practice of decimation executing random members of units that retreated or rebelled With elegance and pathos historian Mark Thompson relates the saga of the Italian front the nationalist frenzy and political intrigues that preceded the conflict and the towering personalities of the statesmen generals and writers drawn into the heart of the chaos A work of epic scale *The White War* does full justice to the brutal and heart wrenching war that inspired Hemingway's *A Farewell to Arms*

**Competing Memories of European Border Towns** Steen Bo Frandsen, Jörg Hackmann, Kimmo Katajala, 2024-03-18 This book considers competing memory politics in European border towns after the First and Second World Wars In the twentieth century Europe's borders shifted dramatically in the wake of war and towns were often moved from one state to another despite their physical locations remaining unchanged Urban spaces adapted to incorporate new place names monuments and requirements overlaid onto the cultural heritage of previous settlers This book investigates how the memories of different ethnic groups compete and sometimes contest with each other in the town's space using the case studies of Vyborg Viipuri in present day Russia Klaipėda Memel in Lithuania Szczecin Stettin in Poland Flensburg in Germany Trieste in Italy and Rijeka Fiume in Croatia The book considers how public memories are built and how old traditions are moulded to new forms in urban settings Drawing on perspectives from across borderland urban and memory studies this book will be an important resource for researchers with an interest in Europe and in how urban memories are constructed and contested
