Healing Magic Levanah Shell Bdolak,2010-06-30 **BACK COVER OF BOOK** Learn to heal yourself and others Are You a Healer Everyone has the ability to heal but most people do not pay attention to this wondrous skill To heal with energy is to believe the spiritual truism that energy comes first and all else stems from it Most people believe in the world that they see with their eyes but not the internal world that they feel with their hearts and spirit It is your energy that creates who you are and what happens to you Who can be a healer Everyone is a healer All of us are Light Beings Each one of us holds the magical key of reaching the healer within the part of you that is whole and always in touch with the oneness of the universe which is what we call your Higher Self Healing is the art of bringing a person s energy back to a true balance We all have the ability to heal ourselves and others Energetic Healing introduces you to the skills of being able to diagnose to heal to understand the nature of Karma and Free Will to heal without taking on the other person s pain energy or problem and to heal from a place of neutral cosmic love Healing is a very powerful skill It is the type of skill you will get to practice more than any other skill since people seem always to be encountering one healing problem or another in life You do not have to become a professional Healer or a full time healer to practice the art of healing There is always some type of healing to be done Sometimes it is a healing of a physical problem but it can also be a healing of an emotional mental or spiritual nature

too What the Healer learns from Healing Healing is the ability to change or shift energy If you can shift your own energy or someone else s to heal yourself of a physical problem you can also shift your energy to heal yourself of an emotional mental financial or spiritual problem too Many people study Energetic Medicine and go on in life to use these skills to improve their financial situation to create better relationships with spouses and family members to change outmoded rigid or stuck ways of thinking to clear old emotional patterns and feelings and to release physical pain and trauma in their bodies Energetic Medicine is the art of moving energy Once you understand that energy comes first and is the cause of all of your experiences you can use your skills to move the energy and learn to create your own reality The author Levanah Shell Bdolak has taught this form of energy healing for thirty years In this book she gives you step by step instructions to practice energetic healing as if you are attending a class in person **Mayan Messages: The Mayan Tzolkin Calendar, Daily Guide to**

each of us there is a core discovery that needs to be made if we are going to become well In a direct yet compassionate style

Misa Hopkins reveals the reason so many of us don't get well even though we have tried a variety of treatments and solutions. There is a growing acknowledgement in contemporary spiritual thought that we are the creators of our own reality including our health. Hopkins shares real life stories demonstrating that healing is not just the result of finding the right cure but rather a personal opportunity to create wellness by engaging the sacred flow of Divine consciousness. Without promoting any particular healing methodology or spiritual practice she provides us with simple steps a guidebook for accessing the healing power and wisdom that already lives inside. Hopkins candidly takes us into the successes of her own healing as she uncovered and transformed secret needs being met through her life challenging illnesses. She shows us how illness can actually meet profound subconscious emotional needs causing us to remain sick and then she teaches us how to invite our subconscious worlds into alignment with our conscious desires. The result of this alignment is the ultimate root of all healing a new level of our own Divine awareness and power awakened. If everyone seeking medical and holistic help read this and addressed the hidden barriers to healing they would get healthier faster and with less struggle. I want all my patients to have this book.

Valerie Olmsted NMD Host of The Enlightened Medicine Show Misa after witnessing the results of your healing steps several times in my life and in the lives of clients you've helped I know miracles can be created.

Kevin Hooey Transformational Coach This book is absolutely brilliant. Misa puts important concepts together in a way that makes you go "Oh I get it." It's a first aid handbook for the new 21st century consciousness.

Cheryl McDaniel LPN The 7 steps provide practical ways any of us can develop grass roots self mastery in our journey of Divine awareness and healing.

John Brown Minister I have fewer migraines less back pain and sleep better. I am so much more upbeat and happy trusting myself and my process and enjoying ordinary life now.

This book is about how to know yourself. It is about how to define who and what you are in your own terms from the inside out and thereby discover your true destiny. If your life's not working and you're not happy or if you have found a comfort zone but you know there has to be more then it is time to consider Defining. In fact if your life is less than ideal on all levels you can't afford not to Define. It is never too late to Define and anyone can do it. Most of us are sleep walking stuck in the nightmare of a Victim mentality. The life most of us live is not True Reality. Oneness it is the dream of separation and thus of suffering. Our one job in this lifetime is to wake up. In this book as JoAnn Janson shares the Life Cycles Purification System and Daily Action Plan that constitute her Defining Process she shows you how to do just that.
