Collier's, 1923 The Complete Guide to Boston Terriers Vanessa Richie, 2020-05-25 Known as the American gentleman the Boston Terrier always appears to be ready for sophisticated fun But owning one can come with its own set of unique challenges for an owner who is unprepared for the quirks and personality of this loveable but often mischievous breed Written by experienced author and dog owner Vanessa Richie The Complete Guide to Boston Terriers is an excellent overview of the breed covering everything a new owner will need to know to successfully raise their BT Plus it contains information tips and advice from some of the top Boston Terrier breeders in the world Be prepared to take on the challenges of owning a Boston Terrier by learning about Picking the right Boston Terrier for your family and home Preparing to bring your BT home Boston Terrier health and wellness Integrating your new BT with your current pets Housetraining Boston Terrier socialization Training Nutrition Grooming Genetic health concerns common to Boston Terriers Caring for an aging Boston Terrier Generally considered a fantastic dog for first time dog families the Boston Terrier has an incredibly friendly personality that makes him a great addition to any home Socialization is fairly easy because the breed is naturally friendly Training may be a bit more difficult particularly housetraining so do be prepared to put in a lot of extra patience and some extra time to get your puppy to the point where accidents become a thing of the past They adore their people though some are prone to choosing one favorite person and it will be obvious as they will become like a shadow to their favorite person This is also a breed that has a wide range of personalities with some being bouncy and fun while others are more dignified and mellow What most of them have in common though is how much they enjoy spending time with the people in their lives They are also easy to integrate into a home with other dogs and even cats as long as the cat doesn't totally object to your new dog The biggest drawback to the breed is their numerous genetic health issues Part of the issues stem from the fact that the Boston Terrier has a short nose which increases the number of issues with their large eyes and hampers their ability to breathe as easily as dogs with longer snouts They are also prone to other allergies and stomach sensitivities so you will need to be careful about what you feed your dog and how much the environment affects your pup Most of the ailments are not life threatening they have a life expectancy between 13 and 15 years They are also incredibly easy to groom with their short haired coats
