Cultural Heritage in the Arabian Peninsula Karen Exell, Trinidad Rico, 2016-04-22 Heritage projects in the Arabian Peninsula are developing rapidly Museums and heritage sites are symbols of shifting national identities and a way of placing the Arabian Peninsula states on the international map Global i e Western heritage standards and practices have been utilised for the rapid injection of heritage expertise in museum development and site management and for international recognition The use of Western heritage models in the Arabian Peninsula inspires two key areas for research which this book examines the obscuring of indigenous concepts and practices of heritage and expressions of cultural identity and the tensions between local community concepts of heritage and identity and the new national identities being constructed through museums and heritage sites at a state level Federal Register ,1991-06-25 **Islamic Heritage Architecture IV S.**

Hernandez, 2022-09-13 Islamic architecture has enriched design with a wide variety of structural shapes including among others unique arches a wide variety of vaults and domes which allow for new forms to be developed This volume deals with the design of many types of buildings in Islamic countries including not only the better known public buildings like mosques mausoleums citadels and forts but also houses and gardens engineering works such as bridges and dams irrigation systems and many others which have also had a profound impact on society There is much to learn from past experiences to arrive at solutions that are environmentally sound and sustainable in the long term As conventional energy resources become scarce the Islamic design heritage can offer invaluable lessons on how to deal in an efficient manner with cases of hard and extreme environments Traditional architecture and urban environments in most Islamic countries are now being eroded by overemphasis on a global type of architecture and city planning Consequently many regions are losing their identity The included research reviews these developments in the light of what the classical Islamic urban designs and architectures have to offer modern society *Geological heritage in the Arab region* Sattout, Elsa, UNESCO Office Cairo and Regional Bureau for Science in the Arab States, 2020-10-21

Kingdom of Saudi Arabia ,2015 **The cultural & heritage guide for Saudi Arabia** ,2025-09-24 The Making of Islamic Heritage Trinidad Rico, 2017-06-13 This book is open access under a CC BY 4.0 license Offering key insights into critical debates on the construction management and destruction of heritage in Muslim contexts this volume considers how Islamic heritages are constructed through texts and practices which award heritage value It examines how the monolithic representation of Islamic heritage as a singular construct can be enriched by the true diversity of Islamic heritages and how endangerment and vulnerability in this type of heritage construct can be re conceptualized Assessing these questions through an interdisciplinary lens including heritage studies anthropology history conservation religious studies and archaeology this pivot covers global and local examples including heritage case studies from Indonesia Egypt Saudi Arabia Iran Jordan and Pakistan The Report on the State of Culture in the Kingdom of Saudi

Arabia 2023: Sustainability in the Cultural Sector Oliver Cornock, Under the stewardship of the Ministry of Culture Saudi Arabia's cultural sector is experiencing rapid growth driven by a strategic commitment to preserving and promoting the Kingdom's rich history, national identity and heritage. Driving sustainable cultural transformation is a key focus of this growth strategy with the sector projected to contribute 3% to GDP by 2030, generating 20bn in revenue and creating 100,000 jobs. This report focuses on six key themes: sustainability in the cultural sector, management and conservation, creativity and cultural production, cultural participation, creative economy and knowledge and skills underpinning the sector's role in advancing economic, social and environmental well-being. Through robust policy development, nurturing talent and international cultural exchange, Saudi Arabia is positioning itself as a global leader in cultural sustainability. **Taymā' II:**

Studies in Efficient Environmental Design and City Planning Ferdinando Trapani, Nabil Mohareb, Federica Rosso, Denia Kolokotsa, Sreetheran Maruthaveeran, Mahmoud Ghoneem, 2021-09-24 This book explains how learning from past mistakes in urban design can help to enhance sustainable cities and how the principles of Green Urbanism can yield more resilient urban settlements. Environmental design is a fundamental principle in shaping cities. However, environmental challenges like increased resource consumption, water degradation and waste-related issues are among the greatest problems now facing humanity, which is why these issues need to be considered with regard to smart cities, either for the development of new urban centers or for the transformation of existing cities. The book not only discusses the importance of integrating sustainability principles in the urban design process but also demonstrates their application to the development of sustainable cities. As such, the book offers essential information and a source of inspiration for all those who want to build more sustainable cities. **Urban Narratives: Exploring Identity, Heritage, and Sustainable Development in Cities**

Mohd Fairuz Shahidan, Gasim Hayder Ahmed Salih, Alessio Cardaci, Israa Hanafi Mahmoud, 2024-03-19 This book engages readers in an enlightening exploration of cities' identities, sustainability and urban development. Delving into the intricate interplay between art, architecture and the urban landscape, it offers a compelling analysis of the factors that shape cities and their distinct personalities. The volume uncovers captivating stories of cities as they navigate the delicate balance between heritage conservation and modernity. It highlights innovative strategies employed to preserve historical sites while adapting to the demands of a rapidly changing world. Full of insightful discussions on the impact of cultural lifestyles, the fusion of architectural styles and the challenges and triumphs of sustainable urban development, it draws upon a diverse range of perspectives and research, inviting architects, urban planners and scholars to delve into the intricate nuances of cities.

identities in the process With its informative and engaging narrative this book provides a fresh perspective on cities identities and offers practical insights into shaping vibrant livable urban landscapes

Geoheritage and Geodiversity of Cenozoic Volcanic Fields in Saudi Arabia Károly Németh, Mohammed Rashad H. Moufti, 2024-07-17 Saudi Arabia hosts at least six major volcanic fields located on the western margin of the Arabian Peninsula The volcanic surface covered is comparable to about a fifth of the land surface of the country and the distinct appearance of the volcanic landscape of the region is deeply engraved in the geo cultural perspective of the territory Volcanic fields especially their extensive lava fields form one of the largest if not the largest volcanic region on Earth which are occupied by the most common volcanic landforms not only on Earth but the known Solar System Volcanic fields are a vital part of the geoheritage and geodiversity elements of the Arabian Peninsula and beyond in the Middle East Here we provide the most up to date overview of the geoheritage and geoheritage elements of these huge volcanic provinces both qualitative and quantitative outlines of their geodiversity and link to biodiversity The volcanic province will be treated from the ecosystem and geosystem services perspective and explore the challenges of such a concept in a region that is primarily industry and resource based economy driven This book will look beyond the traditional approach of describing geoheritage of volcanic regions as it will provide a conceptual framework for dispersed volcanic fields where scale and scope to define and estimate the value of geoheritage requires different approaches than those applied for long lived polygenetic volcanoes This book aims to provide a succinct overview of geoheritage and geodiversity aspects of monogenetic volcanic fields tested in an area globally outstanding and volcanically active The book intends to be a good specialist handbook for a broad range of audiences from geologists volcanologists natural hazard experts geoconservation experts social geology experts geotourism operators and heritage researchers The book will be a valuable resource for anyone directly or indirectly involved or wish to be involved in local development projects or experts looking for external information to apply to volcanic fields elsewhere

Museums in Arabia Karen Exell, Sarina Wakefield, 2016-05-12 Museum activity has in recent years undergone major and rapid development in the Arabian Peninsula with the regeneration of existing museums as well as the establishment of new ones Alongside such rapid expansion questions are inevitably raised as to the new challenges museums face in this region and whether the museum as a central focus of heritage preservation also runs the risk of overshadowing local forms of heritage performance and preservation With contributions from leading academics from a range of disciplines and heritage practitioners with first hand experience of working in the region this volume addresses the issues and challenges facing museums in Kuwait Saudi Arabia Qatar Yemen

and the UAE It focuses on the themes of politics public engagement and the possibility of a new museum paradigm which might appropriately reflect the interests and culture of the region The interdisciplinary approaches analyse museum development from both an inside and outside perspective suggesting that museums do not follow a uniform trajectory across the region but are embedded within each states socio cultural context individual government agendas and political realities Including case study analysis which brings the more marginal nations into the debates as well as new empirical data and critical evaluation of the role of the museum in the Arabian Peninsula societies this book adds fresh perspectives to the study of Gulf heritage and museology It will appeal to regional and international practitioners and academics across the disciplines of museum studies cultural studies and anthropology as well as to anyone with an interest in the Gulf and Middle East

The Report: Saudi Arabia 2014 Oxford Business Group,2014-08-18 Home to an estimated 15.9% of the world's proven oil reserves Saudi Arabia is the single largest economy in the Middle East and North Africa According to the Ministry of Finance real GDP grew by 3.8% to 746bn in 2013 While oil income is expected to continue to account for the majority of government revenues for the foreseeable future the non oil sector has expanded significantly in recent decades growing 9.3% in 2013 Indeed while some Western countries may be seeing a return to cautious optimism and leading emerging economies are weighing the potential impact on capital flows of tapering in the US Federal Reserve's quantitative easing programme Saudi Arabia is seeing sustained growth buoyed by high global oil prices and internal investment in its own infrastructure Some 15 years after Saudi Arabia attended the inaugural meeting of G20 countries its key economic indicators make it the envy of many other member states Given the size of Saudi economy within the regional and indeed global market OBG looks in depth at bilateral trade between ASEAN nations and the GCC *Saudi Arabia and the Gulf Arab States Today* Sebastian Maisel,John A. Shoup,2009-02-17 This extremely timely and helpful ready reference will familiarize all students and readers with the Gulf region and Saudi Arabia Bahrain Dubai the UAE Kuwait Oman Yemen and Qatar These states are bound by the desert culture the Gulf new oil economy and Islam to name some commonalities Most Americans know something about the region such as oases dates camels oil Bedouin tribes and the legends of Lawrence of Arabia to Osama bin Laden Islamic concepts and practices are still unfamiliar On one extreme Saudi Arabia the cradle of Islam has been largely closed off to Western tourists On the other extreme Dubai courts tourist dollars as it constructs modern architectural showcases This is the first A-Z encyclopedia to focus on the Gulf illuminating the land people religion culture and traditions institutions economy and much more for general readers The more than 200 essay entries have a current focus with historical context as necessary The breadth of coverage means that this resource will be of use for a wide range of researchers and browsers Besides individual entries on each state major cities and regions are also profiled The natural environment and human adaptation to it receives significant space Islamic customs and rules and various interpretations are clearly explained Essays on topics such as key public figures institutions major events politics and state structures some based on sources often not
