## **The Hero With A Thousand Eyes A Historical Novel:**

The Hero with a Thousand Eyes Karma Ura, 1995      **The History of Bhutan** Karma Phuntsho, 2014-08-15 In 2008 Bhutan triumphantly took the stage as the world's youngest democracy. But despite its growing prominence and rising scholarly interest in the country, Bhutan remains one of the least studied and least well known places on the planet. Karma Phuntsho's *The History of Bhutan* is the first book to offer a comprehensive history of Bhutan in English. Along with a detailed social and political analysis, it offers substantive discussions of Bhutan's geography and culture; the result is the clearest, richest account of this nation and its history ever published for general readers. A 2015 Choice Magazine Outstanding Academic Title Award Winner.      *The Far East and Australasia 2003* Europa Publications, 2002. A unique survey of each country in the region. It includes an extensive collection of facts, statistics, analysis, and directory information in one accessible volume.      *Lonely Planet The World* Lonely Planet,      *A Shangri-la Economy* Mahmood Ansari, 2012. Analysing the status of agrarian justice and its relation with the national slogan of gross national happiness (GNH) in Bhutan, this monograph deals with food insecurity, resource asymmetry, and growth in the political economy perspective. In this tiny Himalayan nation under absolute democratic monarchy, there are huge inequities in the ethos of general income and consumption, poverty, and a fundamental transformation in the political economy of this South Asian nation is in urgent need. Readers of this monograph would be mainly from Nepal, Bhutan, and India, though those who have interest in the economy and society of the Himalayas would also be the beneficiaries. It attempts to highlight understanding about the specificities of South Asia and some novel features of poverty in this region.      **Routledge Handbook of Highland Asia** Jelle J.P. Wouters, Michael T. Heneise, 2022-08-09. The Routledge Handbook of Highland Asia is the first comprehensive and critical overview of the ethnographic and anthropological work in Highland Asia over the past half a century. Opening up a grand new space for critical engagement, the handbook presents Highland Asia as a world region that cuts across the traditional divides inherited from colonial and Cold War area divisions: the Indian Subcontinent, South Asia, Southeast Asia, China, East Asia, and Central Asia. Thirty-two chapters assess the history of research, identify ethnographic trends, and evaluate a range of analytical themes that developed in particular settings of Highland Asia. They cover varied landscapes and communities from Kyrgyzstan to India, from Bhutan to Vietnam, and bring local voices and narratives relating trade and tribute, ritual and resistance, pilgrimage and prophecy, modernity and marginalization, capital and cosmos to the fore. The handbook shows that for millennia Highland Asians have connected far-flung regions through movements of peoples, goods, and ideas, and at all times have been the enactors, repositories, and mediators of world historical processes. Taken together, the contributors and chapters subvert dominant lowland narratives by privileging primarily highland vantages that reveal Highland Asia as an ecumene and prism that refracts and generates global history, social theory, and human imagination. In the currently unfolding Asian Century, this compels us to reorient and re-envision Highland Asia in ethnography, in theory, and in the

connections between this world region made of hills highlands and mountains and a planetary context The handbook reveals both regional commonalities and diversities generalities and specificities and a broad orientation to key themes in the region An indispensable reference work this handbook fills a significant gap in the literature and will be of interest to academics researchers and students interested in Highland Asia Zomia Studies Anthropology Comparative Politics Conceptual History and Sociology Southeast Asian Studies Central Asian Studies and South Asian Studies as well as Asian Studies in general
