The Gun:

The Gun Debate Philip J. Cook, Kristin A. Goss, 2014-04-01 No topic is more polarizing than guns and gun control. From a gun culture that took root early in American history to the mass shootings that repeatedly bring the public discussion of gun control to a fever pitch, the topic has preoccupied citizens, public officials, and special interest groups for decades. *The Gun Debate: What Everyone Needs to Know* delves into the issues that Americans debate when they talk about guns. With a balanced and broad-ranging approach, noted economist Philip J. Cook and political scientist Kristin A. Goss thoroughly cover the latest research data and developments on gun ownership, gun violence, the firearms industry, and the regulation of firearms. The authors also tackle sensitive issues such as the effectiveness of gun control, the connection between mental illness and violent crime, the question of whether more guns make us safer, and ways that video games and the media might contribute to gun violence. No discussion of guns in the U.S. would be complete without consideration of the history, culture, and politics that drive the passion behind the debate. Cook and Goss deftly explore the origins of the American gun culture and the makeup of both the gun rights and gun control movements. Written in question and answer format, the book will help readers make sense of the ideologically driven statistics and slogans that characterize our national conversation on firearms. This book is a must-read for anyone interested in getting a clear view of the issues surrounding guns and gun policy in America. *What Everyone Needs to Know* is a registered trademark of Oxford University Press. [Under the Gun](#) Peter H. Rossi, 2017-09-29 In 1978 the Social and Demographic Research Institute of the University of Massachusetts Amherst received a grant from the National Institute of Justice to undertake a comprehensive review of the literature on weapons, crime, and violence in the United States. The purpose of the project is best described as a sifting and winnowing of the claims and counterclaims from both sides of the Great American Gun War, the perennial struggle in American political life over what to do if anything about guns, about violence, and about crime. The review and analysis of the available studies consumed the better part of three years; the results of this work are contained in this volume. The intention of any review is to take stock of the available fund of knowledge in some topical area. *Under the Gun* is no different: our goal has been to glean from the volumes of previous studies those facts that in our view seem firmly and certainly established, those hypotheses that seem adequately supported by or at least approximately consistent with the best available research evidence, and those areas or topics about which it seems we need to know a lot more than we do. One of our major conclusions can be stated in advance: despite the large number of studies that have been done, many critically important questions have not been adequately researched, and some of them have not been examined at all. Much of the available research in the area of weapons and crime has been done by advocates for one or another policy position. As a consequence, the manifest intent of many studies is to persuade rather than to inform. We have tried to approach the topic from a purely agnostic point of view, treating as an open question what policies should be enacted with regard to gun or crime control. Thus we have tried to judge each study on its

own merits on the basis of the routine standards normally applied to social scientific research and not on the basis of how effectively it argues for a particular policy direction It would of course be presumptuous to claim that we have set aside all our own biases in conducting this study Whether or not our treatment is fair and objective is clearly something for the reader and not us to decide **The Gun and Its Development** William Wellington Greener,1907 Under the Gun Cedric

Dark,2024-08-13 A doctor's firsthand account of the devastating impacts of gun violence and how we can end this epidemic Gun violence has become the leading cause of death for children and has decreased the lifespan of American adults by 25 years In 2021 more than forty eight thousand people were killed by guns in the United States Nearly twice as many were injured But beyond these statistics are the untold stories of doctors and health care workers who work to save the lives of victims of gun violence In this powerful and moving book Cedric Dark takes readers into the harrowing experiences of these physicians Dark intertwines these stories with an examination of policies that could save countless lives Combining research an examination of gun culture and an exploration of policy options Under the Gun equips readers with a new understanding of the data and stories needed to confront and persuade politicians to better protect the health and safety of Americans As an emergency room doctor whose own family has been affected by gun violence Dark intimately understands how gun violence can destroy lives and communities He reflects on the events that bring people to the ER while also talking to doctors who not only treat victims of gun violence but also own guns themselves Under the Gun is a powerful meditation on this uniquely American epidemic and an urgent call to action toward a balanced gun policy in the United States **The Gun and Its**

Development W. W. Greener,2013-03-01 First published in Great Britain in 1881 and subsequently revised nine times between then and 1910 The Gun and Its Development traces the fascinating history of weaponry the obscure ancient origins of the slingshot and the bow the invention of the crossbow possibly around 1000 AD the introduction of gunpowder into Europe in the fourteenth century the development of sporting and military guns over the centuries thereafter and the rise of modern mass produced firearms in the early twentieth century Chapters cover early to modern handguns gunpowder ignition methods from fuses and flintlocks to percussion fulminates shotguns hammerless guns ejector guns the history of the firearms industry manufacturing methods and their development in Britain America and elsewhere how to use and handle different types of guns ballistics the development of rifling and smokeless powder and much more Copiously illustrated with photographs and marvelous engravings The Gun and Its Development is the classic authoritative reference work on the subject certain to be of great interest to marksmen hunters gun collectors and anyone interested in military or industrial history **Under the Gun** Peter H. Rossi,2017-09-29 In 1978 the Social and Demographic Research Institute of the

University of Massachusetts Amherst received a grant from the National Institute of Justice to undertake a comprehensive review of the literature on weapons crime and violence in the United States The purpose of the project is best described as a sifting and winnowing of the claims and counterclaims from both sides of the Great American Gun War the perennial struggle

The Gun Control Debate Lianna Tatman,2019-07-15 The recent sharp rise in school shootings in the United States has kept the gun control debate going However for many people it is an emotional topic making much of the information that people hear in the media or from friends and family members biased in one way or another Understanding the history of gun laws in America and the realities of both sides of the issue is pivotal Up to date statistics annotated quotes from experts and real world examples contextualize the arguments surrounding this complex issue This knowledge allows young adults to become informed participants in the gun control debate

The Story of the Gun Paul J. Hazell,2021-05-24 This engaging and accessible book explains the scientific principles behind guns both ancient and modern It connects their evolution to advances in science as well as tracing the developments of projectiles and propellants It is not limited to small arms but also looks at the science of enormous guns such the Paris Gun for example and reviews the efforts to build a gun to launch projectiles into space Extremely fast guns are also covered such as two stage guns and rail guns Further the book provides insight into the science of terminal ballistics and wound ballistics as well as the challenging subject of gun control It is full of interesting facts for all who are curious about the science and history of guns as well as those for whom the gun is an accessory of their profession

The Gun Debate Philip J. Cook,Kristin A. Goss,2020 No topic is more polarizing than guns and gun control From a gun culture that took root early in American history to the mass shootings that repeatedly bring the public discussion of gun control to a fever pitch the topic has preoccupied citizens public officials and special interest groups for decades In this thoroughly revised second edition of The Gun Debate What

Everyone Needs to Know noted economist Philip J Cook and political scientist Kristin A Goss delve into the issues that Americans debate when they talk about guns With a balanced and broad ranging approach the authors thoroughly cover the latest research data and developments on gun ownership gun violence the firearms industry and the regulation of firearms The authors also tackle sensitive issues such as the impact of gun violence on quality of life the influence of exposure to gun violence on mental health home production of guns arming teachers the effect of concealed weapons on crime rates and the ability of authorities to disarm people who aren't allowed to have a gun No discussion of guns in the U S would be complete without consideration of the history culture and politics that drive the passion behind the debate Cook and Goss deftly explore the origins of the American gun culture and the makeup of both the gun rights and gun control movements Written in question and answer format this updated edition brings the debate up to date for the current political climate under Trump and will help readers make sense of the ideologically driven statistics and slogans that characterize our national conversation on firearms This book is a must read for anyone interested in getting a clear view of the issues surrounding guns and gun policy in America

The Gun Control Controversy: A Balanced Look Pasquale De Marco, 2025-04-20

The Gun Control Controversy: A Balanced Look examines the complex and often heated debate surrounding gun control in the United States This comprehensive book provides a thorough overview of the issue exploring the history of gun control the arguments for and against it and the various policies that have been proposed and implemented Author Pasquale De Marco takes a balanced approach to the topic presenting both sides of the debate fairly and objectively Pasquale De Marco draws on a wealth of research and expertise to provide a nuanced understanding of the issue avoiding the simplistic and often misleading rhetoric that often characterizes discussions of gun control The book begins by examining the historical context of gun control in the United States tracing the evolution of the Second Amendment and its interpretation by the courts Pasquale De Marco then explores the arguments for and against gun control considering the perspectives of gun rights advocates gun control advocates and law enforcement officials The book also provides a detailed overview of the various gun control policies that have been proposed and implemented in the United States both at the federal and state levels Pasquale De Marco analyzes the effectiveness of these policies drawing on data and research to assess their impact on gun violence and public safety In addition to providing a comprehensive overview of the gun control debate *The Gun Control Controversy: A Balanced Look* also explores the broader social and cultural context of gun ownership in the United States Pasquale De Marco examines the role of guns in American history culture and identity and discusses the ways in which gun ownership is shaped by factors such as race class and gender Ultimately *The Gun Control Controversy: A Balanced Look* is a valuable resource for anyone who wants to understand the complex and often contentious issue of gun control in the United States Pasquale De Marco's balanced and objective approach provides a much needed antidote to the often polarized and misleading rhetoric that surrounds this issue If you like this book write a review on google books

The Way of the Gun

Iain Overton, 2016-03-22 In this gripping tour de force of investigative reporting an award winning journalist travels through America and beyond to understand the brutal reality and consequences of a world in which twelve billion bullets are produced every year for almost a billion guns According to the United States Bureau of Justice more than 4.5 million Americans became victims of gun crime between 2004 and 2013 With the highest global rate of gun ownership and gun imports and exports not to mention the controversial Second Amendment America is justifiably the focus of a growing gun debate But the five hundred thousand people around the world killed by guns every year suggest that it is far from the only nation in the cultural political economic and lethal grip of the gun Over a hundred countries have their own firearm industries and twenty nations recently saw children carrying guns into conflicts *The Way of the Gun* is a shocking eye opening exposé of the global gun ecosystem and its long reaching impact Traveling to America the Middle East South America Africa and Asia veteran journalist Iain Overton meets murderers and law enforcement marksmen gun fetishists and weapons smugglers gun manufacturers and grieving relatives of victims He unearths the sobering scale of the international gun economy explaining the relationships between its legal and illegal players and powerfully portrays its effects on health care religion law enforcement politics and most of all individuals Driven by firsthand research and objective reporting *The Way of the Gun* is not a polemic Overton who works for the international nonprofit Action on Armed Violence but also hunts and once ran a gun club eschews heated rhetoric for a compelling factual narrative that puts America's unique relationship with guns into an international context providing a sobering perspective on the arguments dividing our nation and increasingly the world Shortlisted for the Crime Writers Association Dagger Award for Nonfiction Praise For *The Way Of The Gun* Every page is packed with emotional power and startling statistics A passionate mix of rhetoric and travelogue Overton's book takes the gun debate into impressive new territory Kirkus Reviews starred review Adventurous ambitiously tracing the often devastating impact of guns around the world Punctuated with thoughtful discussions on issues from the Second Amendment to the US Constitution to women's attitudes toward guns contains moments of great poignancy Financial Times Riveting poignant This book is more than just facts it's insight and revelation on a very human level Independent Shocking Overton has suppressed full of horrors and is not reticent about sharing them Newsweek Gripping reportage that's as disturbing as it is enlightening without crucially lapsing into an antigun diatribe GQ Magazine *The Rod and the Gun* James Wilson, 1844

Contemporary Cambodian: the Land and the Economy Madeline Elizabeth Ehrman, 1973 **Annual Reports of the Navy Department for the Fiscal Year ...** United States. Navy Department, 1877 **The Warren Commission Report** President's Commission on the Assassination of President Kennedy, U.S. Government, 2020-07-03 Warren Commission Report is the result of the investigation regarding the assassination of United States President John F Kennedy The U S Congress passed Senate Joint Resolution 137 authorizing the Presidential appointed Commission to report on the assassination of President John F Kennedy mandating the attendance and testimony of witnesses and the production of evidence After eleven

months of the investigation the Commission presented its findings in 888 page final report The key findings presented in this report were that President Kennedy was assassinated by Lee Harvey Oswald that Oswald acted entirely alone and that Jack Ruby also acted alone when he killed Oswald two days later The Commission s findings have proven controversial and have been both challenged and supported by later studies *The United Service Journal and Naval and Military Magazine* ,1831
