The Hermetic Art:

The Hermetic Art Albert Sidney Raleigh, 1919 *A Short Enquiry Concerning the Hermetic Art* W. Wynn Westcott, 2017-03-06 There is great reason to believe that this Enquiry into the Hermetic Art first published in 1714 led to the composition of the still more extended and more spiritually conceived volume the Suggestive Enquiry into the Hermetic Mystery and Alchemy which was published anonymously in 1850 This latter volume is an almost complete review of Alchemy on the spiritual plane This volume has a distinct reference to the science of Alchemy referred to the plane of human improvement although it is also definitely concerned with the equally possible though almost incredible power of transmutation upon the material plane The Collectanea Hermetica is a 10 volume set of Occult Hermetic books edited by William Wynn Westcott The volumes are as follows 1 Hermetic Arcanum 2 The Divine Pymander 3 A Short Enquiry Concerning the Hermetic Art 4 sch Mezareph 5 Somnium Scipionis 6 Chald an Oracles of Zoroaster 7 Euphrates or the Waters of the East 8 Egyptian Magic 9 Numbers 10 Sepher Yetzirah The volumes include several original translations commentaries and copious notes It is a valuable resource for all students of Hermeticism Alchemy Kabbalah and western esotericism in general **The Hermetic Art** ,1975 **The Hermetic Art** Albert Sidney Raleigh, 2023-07-18 Alchemy the ancient art of transmutation has long fascinated and perplexed scholars and laypeople alike In this masterful introduction Albert Sidney Raleigh explores the history symbolism and practical applications of alchemy providing readers with a deep understanding of this arcane craft This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *The Hermetic Tradition* Julius Evola, 2018-07-13 This important survey of alchemical symbols and doctrines sets forth the mysterious worldview and teachings of the practitioners of the royal art One of the leading exponents of the Hermetic tradition Julius Evola demonstrates the singularity of subject matter that lies behind the words of all adepts in all ages showing how alchemy often misunderstood as primitive chemistry or a mere template for the Jungian process of individuation is nothing less than a universal secret science of human and natural transformation First published in 1931 in Italian This is the first English translation Draws from a host of sources in the Western esoteric tradition works on theurgy magic and gnosticism from neoplatonic Arab and medieval sources *The Hermetic Art* Herbert Silberer, Smith Ely Jelliffe, 2005-12-01 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting
