Political Posters in Central and Eastern Europe, 1945-95 James Aulich,Marta Sylvestrová,1999 Publikacja towarzysząca wystawie Sign of the times Manchester Metropolitan University 17 11 1999 31 01 2000 **Problems of Communism** ,1977 **East Central Europe** Lawrence D. Orton,1989 Intermarium Marek Jan Chodakiewicz,2017-09-08 History and collective memories influence a nation its culture and institutions hence its domestic politics and foreign policy That is the case in the Intermarium the land between the Baltic and Black Seas in Eastern Europe The area is the last unabashed rampart of Western Civilization in the East and a point of convergence of disparate cultures Marek Jan Chodakiewicz focuses on the Intermarium for several reasons Most importantly because as the inheritor of the

freedom and rights stemming from the legacy of the Polish Lithuanian Ruthenian Commonwealth it is culturally and ideologically compatible with American national interests It is also a gateway to both East and West Since the Intermarium is the most stable part of the post Soviet area Chodakiewicz argues that the United States should focus on solidifying its influence there The ongoing political and economic success of the Intermarium states under American sponsorship undermines the totalitarian enemies of freedom all over the world As such the area can act as a springboard to addressing the rest of the successor states including those in the Caucasus Central Asia and the Russian Federation Intermarium has operated successfully for several centuries It is the most inclusive political concept within the framework of the Commonwealth By reintroducing the concept of the Intermarium into intellectual discourse the author highlights the autonomous and independent nature of the area This is a brilliant and innovative addition to European Studies and World Culture Air University Review ,1976 **Eastern Europe in the Twentieth Century** R. J. Crampton,1994 Intended for the student and general reader alike this book offers a comprehensive examination of Eastern Europe providing a summary of the political evolution of the area Dark Continent Mark Mazower,2000-03-14 An unflinching and intelligent alternative history of the twentieth century that provides a provocative vision of Europe s past present and future A splendid book The New York Times Book Review Dark Continent provides an alternative history of the twentieth century one in which the triumph of democracy was anything but a forgone conclusion and fascism and communism provided rival political solutions that battled and sometimes triumphed in an effort to determine the course the continent would take Mark Mazower strips away myths that have comforted us since World War II revealing Europe as an entity constantly engaged in a bloody project of self invention Here is a history not of inevitable victories and forward marches but of narrow squeaks and unexpected twists where townships boast a bronze of Mussolini on horseback one moment only to melt it down and recast it as a pair of noble partisans the next The European Puzzle Marion Demossier,2007-08 The twin concepts of Culture and Identity are inescapable in any discussion of European Integration and yet over the last ten years their meaning has become increasingly contested By combining an anthropological and political perspective the authors challenge the traditional boundaries within the issue of the construction of Europe In the first part historians and anthropologists from various national traditions discuss the process of the construction of Europe and its implications for cultural identities The second section examines a number of topics at the core of the process of Europeanization and presents up to date information on each of these issues political parties regions football cities the Euro ethnicity heritage and European cinema Emphasis is be placed on the political structuring of cultural identities by contrasting top down and bottom up processes that define the tensions between the unity and diversity of the European Community **Quarterly Review of Military Literature** ,1973 **Professional Journal of the United States Army** ,1973 *Pleasures in Socialism* David Crowley,Susan E. Reid,2010-10-31 This volume shows how the rise of consumer culture took a unique form in Eastern Europe It investigates the ways in which pleasurable activities

were both a space in which these communist governments tried to insinuate themselves and thereby further expand the reach of their authority **Politics, Art and Commitment in the East European Cinema** D.W. Paul,1983-06-18

Socialisation Through Children's Literature Felicity Ann O'Dell,2010-06-24 Felicity O Dell analyses the moral content of stories read by Russian primary school children and asks what values are taught and how they reflect ideology She also questions how successfully the educational process instils the values of Soviet socialism and documents how children s literature mirrors the development of Russian society 1956 Carole Fink, Frank Hadler, Tomasz Schramm, 2006
