Sketches Of The Thirties:

Mumford on Modern Art in the 1930s Lewis Mumford, 2007 Superbly crafted little essays Lewis Mumford's New Yorker pieces called The Art Galleries well deserve this handsome republication They offer supremely tasteful guided tours of the galleries and museums of Manhattan at the time when the canon of Western art including modernism was being secured against a background of tension between abstraction and realism and between aestheticism and social commitment The essays are a gift for our own troubled times from one of the great humane and versatile critics of the twentieth century they offer the reassurance of urbanity poise and commitment to art as a primary social necessity Alan Trachtenberg Neil Grey Emeritus Professor of English Yale University **Thirty Tales & Sketches** Robert Bontine Cunninghame Graham, Edward Garnett, 1929 *The Heavenly Sisters; Or, Biographical Sketches of the Lives of Thirty Eminently Pious Females* T.

Gustavus Adolphus in Germany, and Other Lectures on the Thirty Years' War. ... Second Edition Richard Chenevix TRENCH (Archbishop of Dublin.), 1872 *Letters containing a sketch of the politics of France, from the thirty-first of May 1793, till the twenty-eighth of July 1794 ... The second edition* Helen Maria Williams, 1796 **Thirty Years After** Edwin Forbes, 1993-09-01 Edwin Forbes's Thirty Years After is surely one of the most remarkable firsthand accounts of the Civil War ever published Originally issued in 1890 thus the title the lavish oversized book is both a pictorial and a written record of the daily experience of war It contains almost two hundred etchings of Civil War scenes along with twenty equestrian portraits of Union generals such as Grant Sherman McClellan and Custer reproduced from oil paintings The present edition is a facsimile of the original with the addition of an Introduction by William J Cooper Jr who discusses the significance of the books and provides a biographical sketch of Edwin Forbes and information about the role of journalists in the war Forbes born in New York City in 1839 was a staff artist for Frank Leslie's Illustrated Newspaper On assignment for the paper Forbes traveled with the federal army from the battle of Cross Keys in 1862 to the siege of Petersburg in 1864 A keen observer Forbes sketched battlefields campsites and other scenes that he later rendered in relief etchings on copper plate Some of the etchings were published in a portfolio in 1876 For the much larger Thirty Years After Forbes executed scores of additional etchings and wrote an informative text to go with them The book is divided into dozens of brief chapters with each chapter's text serving to introduce and explain the accompanying illustrations Although Forbes made drawings of officers he was clearly more interested in depicting the common soldier His evocative etchings show such scenes as a regiment marching into camp at nightfall an artillery reserve rolling into action at Cemetery Hill a cavalry charge at Brandy Station a band of prisoners lined up for execution positioned so that they would tumble directly into their coffins Forbes did

not flinch from portraying the full terror and force of combat but he also clearly understood that soldiering was not a one dimensional experience Many of his studies reveal the almost forgotten minutiae of war He shows soldiers engaged in such ordinary activities as preparing meals laundering uniforms avidly reading about events at him whenever newspapers were available and relaxing between skirmishes His illustrations also depict supply trains pontoon bridges army hospitals and slaver cabins In drawings of Confederate soldiers Forbes emphasizes the comradely bond that sometimes could develop between opposing sides A particularly telling etching shows Confederate pickets exchanging tobacco for coffee with their Union counterparts For the modern reader this visually arresting book offers a unique perspective on the Civil War
