Cheung,2009-12 I believe in causal connection I am convinced that I was a S O B in my previous life and had hurt lots of women This life is to repay some of the debts Thus the reason of the book It is to help to free the hundreds of millions of women who are still under the control of men For millennia women have been men's prisoners and slaves Slavery of women is still going on in many countries The book traces the slavery to its very beginning and identifies the one tool men have been using to imprison them It was a recent event measured in evolutionary scale Knowing the when and the how will enable the ultimate liberation of all women Though a stronger sex there is one universal womanly weakness It is an innate sense of insecurity This weakness however was a must for the survival of our species during the past millions of dark years Women today have no more need to feel insecure But it is still there playing harmful psychological game to women To know this insecurity is to allow women to deal with it effectively The book also points out the many potential traps and downfalls to women The most damaging trap for women is religion All religions treat women as second class citizens The other is to have children They are career killers Getting married is also a bad idea 50% of the marriages in North America end up in divorce and most are initiated by women Statistics don't lie W O M A N is an acronym for world of man ain't nice Our world is a mess wholesale environmental deterioration wars over population and poverty are rampant They are mostly man made by the male gender that is Our only hope is woman The misery won't end as long as men are allowed to run our world Women are our saviors But women can't save the world without a tool The tool is moral selfishness which is the other central message of the book Thank you Mort Gerberg on the Scene Mort Gerberg,2019-02-06 Fantagraphics Underground is proud to present a 50 year retrospective of cartoonist Mort Gerberg whose social justice minded and biting funny cartoons have appeared in magazines such as The Realist The New Yorker Playboy and the Saturday Evening Post Covering the fiery Women's Marches of the 60s the infamous 68 Democratic National Convention and more this collects the best of Gerberg's on the scene reportage sketches

The Legacy of a Hero; Life Lived from the Christian Perspective Pastor Stephen

Kyeyune, 2013-02-06 True heroes are not born heroes but are made heroes Ultimately our struggles and accomplishments inspire others Great people come and go but the legacy is left behind for people to emulate talk about and remember This book is about a man that impacted my life We should learn to appreciate the fact that in the natural world great beings and intelligent beings don't die but continue living with the legacy left behind The greatest of all people is Jesus Christ He came on earth with a vision and goal to die in order to redeem others He did not win for His own sake but He made all of us winners He is our real icon of faith peace love hope redemption unity compassion transparency reconciliation forgiveness empathy name it This book is not just a biography but it is written in a compelling way to encourage your faith Like all my books it is not necessarily profiled to appeal to your emotions It is written for the seekers of meaning and creators of legacy Those of you who have read my books the serial anecdotes point to the character of a teacher I am a teacher by calling and write with prior intention to teach I am neither a celebrated poet nor professional entertainer Great story tellers leave you exited and wanting but a teacher leaves you thinking I believe that a preacher that invokes your reasoning is the prince of the pulpit

Origen Ronald E. Heine, 2019-11-13 The late second and early third century was a turbulent time in the Roman Empire and in the relationship between the empire and the church Origen was the son of a Christian martyr and was himself imprisoned and tortured in his late life in a persecution that targeted leaders of the church Deeply pious and a gifted scholar Origen stands as one of the most influential Christian teachers in church history and also one of the most controversial This introduction to Origen begins by looking at some of the circumstances that were formative influences on his life It then turns to some key elements in his thought The approach here differs from that taken by most earlier studies by working from the central position that Scripture had for Origen Heine argues that Origen's thought in his later life especially reflects his continual interaction with the Bible
