Skilful Living:

Living the Skilful Life Abhaya,1996 Providing an introduction to Buddhist ethics this booklet outlines a commonly practised set of five precepts with commentary on each It covers the Buddhist approach to non violence sex drugs and alcohol and shows how in Buddhism ethics are not about forsaking things that are forbidden but about embracing a positive and joyful way of living

The Philosophy of Desire in the Buddhist Pali Canon David Webster,2005 David Webster explores the notion of desire as found in the Buddhist Pali Canon Beginning by addressing the idea of a paradox of desire whereby we must desire to end desire the varieties of desire that are articulated in the Pali texts are examined A range of views of desire as found in Western thought are presented as well as Hindu and Jain approaches An exploration of the concept of ditthi view or opinion is also provided exploring the way in which holding views can be seen as analogous to the process of desiring Other subjects investigated include the mind body relationship the range of Pali terms for desire and desire s positive spiritual value A comparative exploration of the various approaches completes the work

Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
